PLESHERTON.

(Additional Budget.) The Epworth League, of the Methodist church have elected the following officers for the ensuing year: President, Mrs. W. H. Thurston; 1st Pres., Miss Meredith; 2nd Vice Pres., Miss Clinton; 3rd Vice Pres., Mrs. F. W. Hickling; 4th Vice Pres. and Corresponding Secy., Miss Zilla Trimble; Rec. Secy., Miss Teenie Smith; Treas., Mr. N. Abercrombie.

The Police Trustees of this place have commenced with commendable promptness street and sidewalk repairs. A new 6 foot walk is being laid on Collingwood St. from the Medical Hall to the Presbyterian Church.

A span of colts belonging to Mr. John Brown, east back line, got beyond his control leaving his own place a few days ago and would have indulged in a lively run but for the assistance of a neighbor who took a hand in their capture. The democrat to which they were hitched was somewhat damaged by coming in contact with a milk stand.

Mr. W. P. Crossly is laid up with inflammation of the lungs.

Mr. Sinclair has successfully passed his examinations in his theological course and will go forward for ordination at the meeting of Toronto Conference in June next.

BRONCHITIS IS NOW EPIDEMIC.

Bronchitis is becoming very prevalent, and is not now incurable for Catarrhose cures even the worst cases. Catarrhose Inhaler sends the healing medicated air into every air passage in head, bronchial tubes and lungs; it reaches the germs and destroys them. Catarrhose soothes and cools the inflamed membrane, quickly cures the dry cough and feverishness, and the laborious breathing and soreness in the windpipe are relieved at once. When Catarrhose is inhaled, Bronchitis is cured in one to five days. It has been extensively used, and never once failed. Even cases of 5, 10 and 20 years standing that have baffled the skill of the best physicians, have been cured by Catarrhose. Your doctor can tell you that Catarrhose is one of the greatest discoveries of the century, and that he always prescribes it for Bronchitis, Asthma and Catarrh. Get it to-day, and be cured. Price \$1.00; small size 25 cents, at druggists or Polson & Co., Kingston, Ont.

ABERDEEN

Well, there must be a lot of news around this place, when it takes two scribbles to write. I laid off last week but I see there was someone else to take my place.

Miss Clara McDonald, of Durham, is spending a few weeks with her brother, Mr. P. McDonald, of this place.

Scotch caps must also be the style for spring and summer, as well as winter, as there was one moved slowly around this part last week.

The service and S. S. here, held by Rev. Mr. Ryan, of Durham, was largely attended last Sunday. Rev. Mr. Graham, of the Rocky Saugeen, will hold service here next Sunday, May 5, at half past six o'clock p. m.

Miss May Williams has gone to Durham for a while.

Miss Maggie Campbell has gone to visit her uncle at Tiverton.

Mr. Colin McFayden, Edge hill, passed through our burg last week. The apple tree agents and news carriers are around again after the long winter.

Mr. Robt. Noble is engaged at present at the sawmill here.

WHEN THE BABY CRIES AT NIGHT

There is a cause for it. Perhaps it is gas on the stomach, may be cramps or diarrhoea. Don't lose sleep, anticipate such contingencies by always keeping handy a bottle of Polson's Nerviline. Just a few drops in water given inwardly, then rub the little one's stomach with a small quantity of Nerviline, and perfect rest is assured for the night for both mother and baby. You may not need Nerviline often, but when you do need it you need it badly. Get a 25c. bottle to-day.

Don't run down your town. If you don't like your location, move. You won't be missed. If you can't say something good of your town keep your mouth shut. You not only incur the ill will of the enterprising men, but display ignorance. It is easy to speak well of your town. Don't send out of the town for your job printing. You would not like it if the editor were to send out of town for his stuff. Assist your paper all you can. There is just as much reason in sitting on the roadside and waiting for a cow to be milked, as there is in trying to do business and expect a big trade without making an effort to get it. If you have a bargain tall the people about it. Advertisements bring good results. When you see a merchant who says there is something wrong; he is either too stingy to spend a dollar or there is something wrong in his head. In this enlightened day people go where they are invited and where they can get the best bargains.

Jas. Bartley, of the Wallace boundary, east of Listowel, has a curiosity in the form of a calf with five legs. It is between two and three weeks old and is a healthy and sprightly animal. The extra appendage, which forms a third hind leg, does not appear to be an inconvenience. It is two or three inches shorter than the other legs, but otherwise is regularly formed. Mr. Bartley refused \$10 for the calf when a few days old.—Listowel Standard.

OLD SOLDIER'S EXPERIENCE.

M. M. Austin, a civil war veteran, of Winchester, Ind., writes: "My wife was sick a long time in spite of good doctor's treatment, but was wholly cured by Dr. King's New Life Pills, which worked wonders for her health." They always do. Try them. Only 25 cents at all drug stores. Im.

Now that birds are returning to us for the summer, we wish to say a word to the boys, some of whom are too fond of shooting at them with guns and catapults. The birds are very useful in killing insects which are injurious to vegetation, and it is to the interest of all that they should not be destroyed or driven away, to say nothing of the cruelty of killing them. It is unlawful to shoot, destroy, catch, injure, or attempt to do so, any wild native birds other than hawks, crows, blackbirds and English sparrows, and there is a fine (and in default of payment, imprisonment) for violation of the law. Destruction of the nests of birds is also prohibited under the same penalties. We hope there will be no occasion to repeat this warning.

IT SAVED HIS LEG.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by all druggists. Im.

As the season is approaching when the thoughts of the enthusiast turn to fishing it may prove interesting to give the dates when the varieties of the finny tribe may be taken without infringing the statutes. The following varieties shall not be caught, sold or had in possession in Ontario during the periods indicated below:—Bass, from April 15 to June 15; Maskinonge, from April 15 to June 15; Pickerel (Stor), from April 15 to May 15; speckled trout, from Sept. 15 to May 1; Salmon trout, from Nov. 15 to 30; whitefish, from Nov. 1 to 30.

Toronto Star's Portrait of King Edward

The Toronto Star has published a portrait of King Edward VII, which promises to be the highest standard of lithography attainable on this continent. That this statement is not too strong will be admitted by those who see the work. The picture shows His Majesty in official uniform, with his decorations in their proper places. As a piece of portraiture, it is the best obtainable—better than a photograph as all oil paintings, by competent artists must be. The artistic value is heightened by a rich background, which increases in the print the effect of an oil painting. The gold of the uniform stands out upon the picture with striking richness. The picture is 18 inches by 24 inches, a convenient size for framing. The paper is of the finest and highest quality. No expense has been spared in the work. The only cheap thing about it is its price. According to the price charged for some other pictures of King Edward which have been displayed in shop windows, this one is easily worth \$1, but The Star will send it in a strong tube upon receipt of 15 cents in silver or stamps.

There isn't any money in farming so we are told occasionally—but still some of 'em manage to handle \$1.00 or so occasionally. For instance, one of Shelburne's cattle buyers, Mr. John Large, paid one farmer over \$150 for a lot of cattle delivered here last week. Another farmer was contracted with by the same buyer for hogs and cattle to the extent of between \$700 and \$800—Hogs to be delivered this week, and cattle about the first of May.

H. J. Bonner, ex editor of the Mt. Forest Confederate, died in Hamilton last week. Deceased was in his 63th year and was born in Traloe, Co. Kerry, Ireland. He came to Hamilton when he was 14 years of age and learned the printing business in that city. In 1869 he started a newspaper in Port Elgin and in 1881 he purchased the Confederate from Stovel & Son. After running this paper for six or seven years he sold out and moved back to Hamilton. He leaves a widow, one son and two daughters. Shelburne Free Press.

A young girl residing in this neighborhood sent half a dollar to a Denver firm who promised for that sum to send a receipt for getting fat. A few days afterwards she received a postal card on which was written "Buy it of the butchers."

THE KING OF CORN CURES Is Putnam's Painless Corn Extractor, crowned by years of success, regarded because unapproached and unapproachable, holding sway in this continent owing to its superiority. Putnam's Painless Corn and Wart Extractor Sold by all druggists, or sent by mail by N. C. Polson & Co., Kingston, Ont., on receipt of 25 cts.

TO CURE A COLD INONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box.
