THE COUNTY OF GREY.

FORTY YEARS AGO.

(Continued From Last Week.)

A post office on the "Toronto and Sydenham" Road, in the township of Melancthon, 11 m. S. E. of Flesherton, and 26 m. N. W. of Orangeville. Distant from Owen 41 m. Elias B. Gray, postmaster; James Mulholland, acting-postmaster. Mails on Monday and Tuesday from Flesherton, and on Tuesday and Friday from Orangeville.

EAST GLENELG P. O. Lately changed to "Cornabuss." EGREMENT TOWNSHIP.

From 1846 to 1850, the chief portion of the County of Grey was surveyed. Following the surveys pertaining to the leading roads, came the surveys of the adjoining townships. During this period, Egrement was surveyed by Mr. Kerr. Mr. Dennis completed his survey of Bentinck and Glenelg in 1850, and probably Mr. Kerr in Egrement, and Mr. Gibson in Normanby, finished their's the same year. The municipal records do not reach back further than 1850. In that year the Assessor's Roll showed thirty names, nearly all of them on the ranges parallel to the Garafraxa Road—the first part of the township surveyed. For three or four years after, but few settlers came in. But in 1854-55, a very large accession of new settlers took place in the various townships, and Egrement was favoured among the rest. Its population in 1861 was 2,934, standing sixth among the townships of Grey. It has, of course, increased considerably since. Egrement is well settled, and, on the whole, a very excellent township. Looking at this township from its western edge—along the Garafraxa Road—the northern half appears pretty hilly, which is really the case generally through the northern part. The central part of the township is rather flat, though of excellent soil. A chain of small lakes is found, emptying by several small streams into some of the numerous branches of the Saugeen. Connected with this miniature lake system is the broad streak of lowlying ground crossing the Garafraxa Road, four or five miles N. of Mount Forest, and known to all the old travellers on the road as the "Forty-mile Swamp," being that distance from Owen Sound. The south part of the township is a fine undulating country, with an excellent soil, not too heavy. The soil is variable, at times sandy, occasionally gravelly, often a friable loam, and sometimes, though not often, a heavy clay.

Egrement contains several post offices, but no village of any importance after Mount Forest, which is partly in this township. Schools.—There are nine school sections wholly within the township, beside five others—"Union Sections"—connected with Normanby. No. 3 Union. Alexander McRae, teacher. House, frame. Furnished with maps, &c. Average attendance for 1864, 19 from Egrement, and 18 from Normanby—37. No 4 Union (male). Robert Fairbairn, teacher. House, brick. (Mt. Forest School). Furnished with maps, &c. Average attendance for 1864, 32 from Egrement, and 32 from Normanby—64. No. 4 Union (female). Jimema Hay, teacher. House, frame. (Mt. Forest School). Furnished with maps, &c. Average attendance for 1864, 28 from Egrement, and 31 from Normanby—59.

S. S. No. 4. James Allan, teacher. House, log. Furnished with maps, &c. Average attendance for 1864, 34. S. S. No. 5. John Mearns, teacher. House, log. Furnished with maps, &c. Furnished with maps, &c. Average attendance for 1864, 19. S. S. No. 9. Daniel Drimmie, teacher. House, log. Furnished with maps, &c. Average attendance for 1864, 20. S. S. No. 10. Thos. Moore, teacher. House, log. Furnished with maps, &c. Average attendance for 9 mos. of 1864, 24. S. S. No. 11. James Cavanagh.

As Sure as You are Born Putnam's Corn Extractor cures all kinds of corns and warts, in a short time. Cures painlessly as well as promptly, cures radically as well as quickly. The greatest corn raiser on the North American Continent, just ask your druggists if this isn't so. Druggists all sell it. If you are at a distance from a drug store send twenty-five cents to N. C. Polson & Co., Kingston, and get it post paid.

EGREMENT P. O. This is one of the oldest established post offices on the Garafraxa Road, dating back 20 years. It is 3 m. north of Mount Forest. Daily mails both ways. Thos. Smith, Esq., postmaster. Mr. Smith also keeps a general stock of dry goods, groceries, &c. The "Egrement House," kept by James Cringle, is a large, well-known and well-conducted house; kept for many years by T. Smith, the present postmaster. There is also another tavern—Adam Fries, proprietor. Half a mile further north is Dickson's saw mill.

LIKE THE MILLENIUM After the tortures Mr. Norton passed through to have the absolute release from suffering that South American Rheumatic Cure afforded him—it relieves in six hours. "For three weeks I lay in bed suffering most terribly and utterly helpless from Inflammatory Rheumatism," says Mr. E. H. Norton, of Grimsby, Ont. "When all that the doctors could do failed me, I was induced to try South American Rheumatic Cure. After taking one bottle I was not only able to leave my bed, but surprised my friends by walking down town. I think it a wonder!" Sold by MacFarlane & Co., Durham.

Union No. 1, and Union No. 2, included in Normanby.

Township Officers.—Reeve, Henry Wakefield, (Bentinck P. O.) Deputy Reeve, John Shields, (Holstein P. O.) Councillors, J. L. Doyle, S. Wallace, T. Mickleboro', Clerk, Benjamin Rogers, (Orchard P. O.) Treasurer, Thomas Brown, (Holstein P. O.)

Magistrates.—Joseph Pilcher, Jas. Brown, Samuel Wallace, John Shields, Benj. Rogers, F. W. Stevenson.

Census Reports.—Occupiers of land in 1861, 528. Do. 20 to 50 acres each, 14; 50 to 100 acres each, 123; 100 to 200 acres each, 382. Acres under cultivation, 10,311. Spring Wheat, 55,691 bushels. Barley, 2,708 bushels. Pease, 11,235 bushels. Oats, 39,887 bushels. Potatoes, 46,040 bushels. Turnips, 17,739 bush. Hay, 1,015 tons. Maple sugar, 10,133 lbs. Wool, 3,306 lbs.

In 1864, the total number of assessed residents on the roll, was 686; which would represent a total population of about 3,500, which may be assumed as the present population. The number of acres on the Assessment Roll—"Residents" and "Non-residents," is 73,296. The value of Real Estate in the township, is set down, (under the curious system prevailing in the County, of assessing at one-fourth the market value), at \$226,364. Say one million of dollars. The return of personal property (\$6,200), is so utterly worthless, that it does not even furnish us with data for an estimate.

In Egrement there are twenty-two concessions. The 1st, 2nd and 3rd, are parallel to the Garafraxa Road; the 4th to 22nd, inclusive, lie from east to west; the 4th being on the southern line of the township, and the 22nd on its northern limit. In the eight townships forming the southern two tiers in Grey, the concessions run east and west, and are numbered from the south. In the northern half of the County the concessions lie north and south, and are numbered generally from the east. As in Egrement all are set down as "Householders" who have not yet obtained their patents from Government we have omitted the distinction made in the Rolls between "Freeholder" and "Householder."

EGREMENT P. O. This is one of the oldest established post offices on the Garafraxa Road, dating back 20 years. It is 3 m. north of Mount Forest. Daily mails both ways. Thos. Smith, Esq., postmaster. CORNER CONCERNS.

Mr. Jas. Eden has secured the agency for the Strathy wire fence and in a few days will have all instructions for talking up the merits of his fence and the demerits of all other fences.

Miss Mary Sharp has gone to reside in Michigan for a while. She has been identified with every worthy institution in this part and we are all sorry to have her removed and more especially as it is caused by the illness of her sister who is also well known to us all.

Hallow-e'en pranks although growing beautifully still are indulged in by some who are more desirous of having fun than really injuring any one, although their nonsense sometimes causes many an anxious search.

It must have been some love sick youth who reported our S. S. Concert last week by the way they said so much about the night, good driving and fine songs, and left so much good solid matter untouched. The house was crowded. Mr. Wm. Allan filled the chair; Rev. Mr. Traux, Holstein, spoke for the first time and made a good impression; his text was "Man Wanted," and it was not the girls alone he was speaking of but every position in life. Rev. Campbell, of Dromore, was called towards the close of the lengthy program and as he is wont to suit himself to the occasion and enlivened the audience with humor and told love stories such as would tickle the love-lorn youth of last week, and closed his speech with some good, sound advice. Miss Baird, of Bentinck, who a few years ago was attending our school a little lot, was one of the sweet singers. Miss Mary Baird of Winnipeg, was another of the outsiders who took part and was omitted. The home talent did well and there was a goodly number of them, in fact too numerous to mention. Miss Maggie Allan presided at the organ for the home talent and Miss Mickleborough for the strangers. The distribution of 65 prize books and the singing of the National Anthem closed the meeting.

Mr. Ben Woods had a raffle last Wednesday night which provided good entertainment for all who have a liking for that sort of thing.

While driving to town on Saturday night Mr. Wm. McMeekin's horses took fright at a threshing engine, Mr. McMeekin was thrown from the buggy and received slight injuries.

Turnips were all housed last week. They were a good crop. Farmers are now prepared for the worst, but will wish for the good weather to continue.

I have just received a letter from parties having a large amount to lend at very low rates. Some of you have a lot of old notes and accounts that ought to be collected. If you will bring them in I will try to get the money for you and will make no charge if I collect no money.
