WANTING IN DISCIPLINE.

Defects Which Unfit the Boer for Success.

In the October number of the National Review, Sir Charles Warren deals with the primary education of the British soldier in his opening sentences, and proceeding to discuss the efficiency of our army he admits Never-Failing Cookies .- Two eggs, that we sent out to South Africa of lard the size of an egg, 1 pt milk one and one-half cups granulated a vast force with the greatest rapidand flour enough to make a stiff sugar, one cup lard, one cup sweet ity, but the efficiency which ensured batter. Put the milk on the stove milk or cream, a little nutmeg and that result did not extend to the the salt, sugar and yeast into the spoon baking powder sifted in with be spoken of in the same terms of appreciation. It was known, he Sugar-Syrup for Cakes, Etc.-Put states, that political questions had Mustard Pickle.-Cut into small colony until after the relief of Lady-This one, being an old-pattern Mor- net and potters about among the Buttermilk Rolls.—Take two coffee pieces two quarts of green tomatoes, smith. The writer regards the Boer sprinkle one pint of salt over them, defects, which unfit him for permansoldiers. He is wanting in discipline a well organized war, or rebellion, and no efforts at co-operation will

the self-reliance and independence of character of officers and soldiers.

---HER FINGERS CAME IN TOO LATE.

Oliver Wendell Holmes enjoyed no thing so much as a clever retort, even if it happened to be at his own expense. One day, at an entertainment, he was seated near the refreshment table, and observed a little girl looking with longing eyes at the good things. With his invariable fondness for children he said, kind-

"Are you hungry, little girl ?" "Yes, sir," was the reply.

"Then why don't you take a sand-

"Because I haven't any fork." "Fingers were made before forks," The little girl looked up at him,

and replied, to his delight :-"Not my fingers."
