HANDSOME American lady, independently rich, wants good, honest husband. Address, Erie, 193 Washington St., Chicago, Ill.

A SAD accident occurred at Palmerston Monday to a Mr. Henry, who had one of his legs cut off by a moving train which he attempted to get off while it was in motion.

PAY UP.—All accounts and notes owing to W. Calder must be settled by Friday, the 18th day of November. He will be at his office that day to receive payment.

WANTED.—Good smart boy for office work in furniture factory. Must be reasonably good penman and accurate in simple rules of arithmetic. Apply at the office.

MR. P. W. SPANHOPE and daughter, Miss Stanhope, of Toronto, and Mr. A. F. McLaren, M. P., of Stratford, accompanied by Mrs. McLaren spent a couple of days in Town last week. They came to see the Cement Works. Hundreds of others are doing.

MR. ALLAN PARK and son, John, of Avide, Colorado, are in town and vicinity visiting their many friends. They intend remaining only a week or two before returning. The part of the State where the Messrs. Park reside is rough and mountainous, and a little account for farming purposes. Lumbering and mining are the chief pursuits. We are pleased to see them looking so well.

ON HALLOWE'EN the steps in front of the Methodist Church grounds were thrown into the river by some mischievous persons. We understand they floated down to the McKechnie Mill dam where there was some difficulty in recovering them. It seems but a little thing to do, and no doubt gave pleasure to some little minds at the time. The steps cost the Church five dollars, and it seems too bad to think that such things should have to be chained down to keep foolish miscreants from carrying them away.

WORLD WIDE.—'World Wide' is a weekly reprint of articles from leading journals and reviews reflecting the current thought of both hemispheres. This remarkable and most readable journal, published by Messrs. John Douglall & Son, of the 'Witness,' has pushed its way, in a few months, beyond all expectation, chiefly owing to the goodwill of its rapidly-growing constituency. 'World Wide' has found its place on the study table. Preachers, teachers, writers, and thinkers generally, have hailed it as a new and most welcome companion. As a pleasant tonic—a solvent to the mind, 'World Wide' has no peer—at the price, no equal in the Journals of the day. It is kept in touch with the world's progress. Fifteen cents will bring the most interesting and valuable to the end of the year. Address all communications direct to publishers, John Douglall & Son, Business Building, Montreal.

ANOTHER fatal shooting accident occurred Saturday in the vicinity of Peckers. A number of young fellows were out from Hanover and vicinity to enjoy the King's birthday by sporting in the bush, when one of them, Herbert Westphal, a young man of about twenty years of age, accidentally shot himself and died of the effects on Sunday morning. As to what we learn the accident occurred somewhat as follows:—Westphal was going through the bush with a double barreled gun, both barrels cocked. He was carrying a hammer in his right hand, muzzle to the front, when one hammer caught something causing the gun to discharge. The recoil brought the hammer suddenly so that the muzzle pointed to the rear of the young man, who was in the region of the ribs when the other barrel discharged the load fracturing one or two ribs, and partly lodging in the lungs. The bullet passed through the lungs, and partly lodging in the lungs. Dr. Taylor, of Hanover, and Dr. Taylor, of Durham, were in attendance, but nothing could be done to save him, which occurred on Sunday. Surely our young sportsmen learn from the sad lessons learned, to be more careful.

RUBBER goods in endless variety at Peel's.

SUGAR.—20 lbs. granulated sugar for \$1.00 at Parker's.

BUY your children's school boots at Peel's.

KEEP your feet dry by wearing a pair of those rubberine boots for sale at The Big Store.

MR. ROBERT BRITTON, of Bentinck, near Allan Park, received last week from Brantford a fine young thoroughbred Berkshire for which to our knowledge he paid a handsome figure. See his ad. on page 5.

W. A. LIVINGSTON, of Allan Park, sold a two-year-old bull last week to Mr. Brunt. We saw the weigh Master's check which shows that he tipped the scale at 1710 lbs. This must certainly have been a fine two-year-old, and we think Mr. Livingston has now a hard-to-beat record as a stock raiser.

WE HAD a pleasant call last week from Mr. T. G. Oliver, travelling representative for the Monetary Times, published in Toronto. Mr. Oliver was formerly a school teacher in England, later in Toronto, but not for the last thirty-seven years has he been teaching the young idea. Since he gave up teaching he has been engaged in work similar to that in which he is now occupied.

WE ARE pleased to congratulate Brother Nelson, of the Chatsworth Banner, who was married a short time ago to a Miss Partridge. He captured the fair bird of his choice early in the shooting season, and we sincerely hope she may be able to comfort the struggling editor by tightening her wings of love around his heart and "drumming" up the delinquent subscribers.

WE HAVE a few on our mailing list presumably correspondents who never contribute anything either in the shape of news or money. We seldom mention this matter, and we hope it will not be necessary to repeat it. Some of our correspondents are quite valuable to us, and these we highly appreciate. Let us have an opportunity to appreciate all of them.

INFORMATION has just reached this office that while John Redford, formerly of Muloch, but now of Emo, Rainy River, in company with his son William, a boy about sixteen years of age, was embarking in a small boat to go on a hunting expedition, the gun carried by the boy accidentally discharged and the whole contents entered the lad's arm between the elbow and wrist fracturing it to such an extent that amputation will be necessary. He is now in the hospital at Rat Portage, under medical treatment. The blow is a very severe one on Mr. Redford as he had the misfortune only a few months ago to lose his partner in life.

WEIGH SCALES.—Our reference last week to the question of large and small scales and the accuracy of large ones for weighing small articles has brought forth a few opinions, some of which we must confess have given us light on the subject. A gentleman from Glenelg told us on Monday last that he believes the scale here is all right, even in the weighing of a sheep or lamb. As a basis of his belief he referred to the sensitive nature of the scales at Edge Hill which responded to the weight of a large nail when they were placed in position. He believes them to be accurate in weighing even a few pounds, and the same gentleman told us that recently ten lambs were weighed at Edge Hill and then taken to Durham in a lumber wagon and again weighed on the town scales losing only five pounds. This was sufficient guarantee to him of the correctness of our scales. Some time ago we made enquiry of the Inspector of Weights and Measures regarding the accuracy of the scales in question and were informed that they were perfectly correct. Information from another source goes to show that large platform scales may be materially affected by the direction and condition of the wind. For instance—A scale exposed to a heavy wind from beneath will cause it to weigh light while a similar wind forced in from above will increase the weight. In view of this the weigher under such conditions here will always have the advantage, as the scales are so placed that no wind can affect them from beneath. Our opinion was, and still is, that a properly adjusted platform scale should weigh sufficiently accurately all weights, great or small, and as our scales are under the supervision of the Inspector of Weights and Measures, we believe they are all right, and for the past two or three years we have heard only the one complaint, which goes to show the satisfaction of the general public.

FIGS.—6 lbs. new figs for 25c at Parker's.

THE Passion Play to be given here on Saturday and Monday nights next, is very highly spoken of by some of our citizens who saw it elsewhere. Under Trinity Church auspices. Admission 15, 25 and 35c.

HITS AND MISSES.

A citizen thinks a girl must be hard up for a man if she can't find one in the city of Chicago, without advertising outside.

A Kansas minister who has an extraordinary amount of good sense in his make-up, while soliciting subscriptions for the church said: "I do not want any to contribute who have not paid their subscription to the home paper, for the local paper needs money a great deal more than the heathen."

A Mount Forest lady called at the Rep. office the week before the "Dook's" visit to Toronto, and gave an order for some "dawnee cawds." After hearing the "Dook" and learning that he spoke like common people, she called after her return to see if her "dance cards" were ready. It isn't good taste to put it on too thick, even if you do know how.

How many boys are starting out in life with the ambition to be men when they get big enough? Some are certainly not, and little things, they may regard as manliness, are taken stock of by those who know something of human nature. A person seldom rises above his ideals, and the boy who mopes about without any fixed purpose will never rise high enough to be worth taking notice of. This may be a homespun statement, but it's true, nevertheless and more than that, we regret to believe it's a local hit.

CHURCH NOTES.

BAPTIST.

On Thursday evening of last week an interesting address was delivered in the Baptist church by Rev. Mr. Bennett, of Herkimer street church in the City of Hamilton. The address was descriptive of a trip down the St. Lawrence from Montreal to Ste. Anne de Beaupre, and was given in a very entertaining manner clothed in much imagery and some highly artistic flights of rhetoric, especially in his description of the Montmorencie Falls, and the natural beauty of the ancient Capital. To those who had ever the pleasure of going over the ground described the address must have been refreshing and personally on this account we enjoyed it very much. His descriptive touches of Nova Scotia, and the land of Evangeline were quite interesting and to relieve the monotonous incident to an ordinary lecture, Mr. Bennett had the wisdom to intersperse it largely with appropriate stories and witty sayings. The attendance was fair and appreciative. Mr. J. L. Brown was in the chair.

Rev. Mr. Newton, of Norwich, who has accepted a call to the Baptist Church here, preached at both services Sunday last.

METHODIST.

The Revival Services in the Zion Methodist church are continued this week with increasing interest and attendance.

The Rev. D. Sharp, formerly of Durham, has been stationed at the Grand River Indian Mission, near Brantford, in place of the Rev. Crosby deceased.

The Quarterly official meeting of the Durham Methodist church has been fixed for Monday, 18th, on account of the pastor's engagements at Zion Methodist church this week.

PRESBYTERIAN.

The debate which should have been held in connection with the Young People's Meeting last Monday night, was postponed for a week. Everybody welcome next Monday night.

TRINITY.

Service at Aberdeen next Sunday, at 3 p. m., Rev. F. Ryan, Rector.

The Passion Play Pictures have been drawing big crowds to the Auditorium all this week. There will be a reproduction of the famous play to-night and to-morrow night. It is the most sacred and moral work produced during the past five centuries.—Cornwall Freeholder.

Mr. and Mrs. Siegner, and four children have moved to town and have taken up their residence in one of Mr. Laidlaw's houses on Mill street. We welcome them as an addition to our population.

Mrs. Marshall, her daughter Olive, and son Archibald, left Friday morning last for their home in Ottawa, after spending about six months with the former's father, Mr. John Robertson, and other relatives and friends.

Just a Word to Our Readers.

Our accounts are small, but we have a large number of them scattered all over the country for subscriptions. We presume that most of our readers have good intentions to pay up at some time, but good intentions go a short way towards meeting drafts and settling our bills. Most of those who are in arrears on subscription or owe us for job work, know without being told, and how much more agreeable it would be on both sides if payments were made without putting us to the painful necessity of writing to each one personally. In some cases we have been exceedingly patient and long-suffering, and now we respectfully request each reader, whether in arrears, one year or five, to send us a remittance at once. If there is anyone who cannot pay the full amount due, there need be no hesitation about sending us part of it, which will be thankfully received and cheerfully credited.

THE FIRST TRAIN.

Thursday of last week was a noted day in the history of the Cement Works, not because of any special progress, but because the first train passed over the new track to the works and delivered four car loads of machinery and plant equipment. The road is a short one and the scenic attractions are not of any particular interest and consequently need not be elaborated. The cars were simply pulled down to the switch and backed in on the new road to the building site, That's all.

A few citizens learned that the trip was to be made and of course, out of mere curiosity, went down to the Station and "took it in," some because it was novel, and some perhaps because it didn't cost anything. Messrs. A. F. McLaren, M. P., P. W. Stanhope and Gilbert McKechnie, Directors of the Company, were on board, which, of course, gave dignity to the ceremony. On arriving at their destination 'at 3:10 p. m. Prof. Brown was there and took a snap shot of the whole outfit.

The roof trusses, two rotary bed plates, and gearing attachments are now on the ground, unloaded and in position for final adjustment. The ball mills are on the way, and the rotaries are expected during the month. The grading is almost completed, and the work generally is being rapidly pushed forward. Nine carloads of machinery and material were delivered during the past week.

Little Johnny returned from College, and was asked by his mother to bring in an armful of wood. For this he criticized the mother for lack of education, and requested that, in future, she word her wishes after this fashion:—"Johnny, my amiable cherub, will you be so condescending as to transport to this edifice, some of the curtailed excrescences of a defunct log." The father, who was a practical man, suggested the wisdom of giving the calf a dose of bittermilk.

HOLSTEIN.

Miss Martin, of Hepworth, is spending a few days at the Methodist Parsonage.

A. Selin, V. S., is busily engaged in building a stable and drive shed.

W. Kedzie, merchant tailor, has moved out of the Manse and is now nicely settled in the South end of the Tanner terrace.

Revival services are being conducted in the Methodist Church here.

W. S. Horsburgh has bought the McFarlane property in Durham and takes possession this week.

Collectors Lawrence and Hunter are on the war path gathering funds for the running expenses of our Township.

Our creamery has ceased operations for the present season. The season's make exceeds any previous year being 15022 pounds which was sold for about \$3500. At the Director's meeting last Saturday a dividend of 6 per cent was declared on all stock.

Read Commissioner, D. Allan has been busily engaged lately in repairing our streets. During the summer the work of gravelling the street was undertaken and in so doing the watercourse opposite the hotel and blacksmith shop was interfered with. In order to correct matters in a systematic way the services of the Mount Forest grader was secured and the work is now almost completed. We are not quite sure that the difficulty has been entirely removed.

Hymen's voice was again heard in our midst on Wednesday afternoon of last week. The residence of J. M. Dixon Esq., 'Daisy Hill Farm,' was the scene of the ceremony and festivities. The contracting parties were Alfred E. Cowan and Annie L. Dixon, only daughter of Mr. and Mrs. J. M. Dixon. The guests had all assembled at the residence of Mr. and Mrs. J. M. Dixon. The bride, leaning on her father's arm, was conducted to Hymen's altar under a beautiful arch of pink and cream drapery. The groom was supported by the bride's brother Joshua and Miss Maggie Cowan, sister of the groom, stood to the left of the bride who was neatly attired in cream muslin trimmed with silk to match and carried a bouquet of cream roses. After the usual well-wishes and congratulations had been extended all repaired to the spacious dining hall where every thing was served with taste and design. The newly wedded couple left per evening train to spend the initial part of their honeymoon with friends at Aton and other points. The presents were, as usual, numerous and useful.

VARNEY.

Mr. and Mrs. Dickson and Mr. and Mrs. Clark were visiting Mrs. D. Allen one day lately.

Mr. and Mrs. R. J. Eden were visiting Egremont friends last week.

Mr. and Mrs. Chas. Gadd were guests of Mr. and Mrs. Thos. Gadd Sunday last.

Miss Lizzie Allen is visiting Gleneden friends for a few days.

Mr. Alex. McCalman, of Flesherton, was the guest of his father one day last week.

Miss Nellie Wallace was visiting Miss Lizzie Allen on Sunday.

Miss Lena McCalman was the guest of Miss Mary McCrie on Thursday last.

Mrs. M. Clark was the guest of her parents, Mr. and Mrs. Robt. Henry, a few days ago.

Mr. and Mrs. Brown were visiting Mr. and Mrs. Will Clark Friday last.

Rev. Mr. Pomeroy preached a sermon to the Orangemen on Sunday last. He took his text from Joshua 4 chapter 6 verse.

The people of this vicinity have got all their root crop housed nicely.

Don't see, Mr. Editor, why you don't get Tommy the Barber to shave you and tackle that rich Chicago girl yourself. It would be only a matter of a second shave.
