### CLIPPINGS.

The community was shocked on Sunday morning, on learning that Mrs. Jas. McDermott had been found dead in her bed at the home of her son-in-law, Mr. E. J. Harrison. Deceased had not been in good health for a long time, but was as well as usual up to the time of retiring on Sunday night. Mr. and Mrs. Harrison were attending to their child at about 6:30 on Sunday morning, and had then heard Mrs. McDermott coughing lightly. The latter had lighted a lamp apparently about that hour, and it was still burning about nine o'clock when Mr. Harrison was prompted to look into her room and discovered that Mrs. McDermott had died in a state of repose but a short time before. Deceased had been a resident of Paisley for many years, and was a daughter of the late Wm. Meadows. She has for some months been living with her only surviving daughter, Mrs. Harrison, who with other friends, have the sincere sympathy of the people in their sudden bereavement.—Paisley Advocate.

Mr. and Mrs. John Bruce, also their washerwoman, Mrs. McKay, had a close call on Tuesday morning from eating wheat meal porridge, which it is now supposed contained poison. Mrs. McKay ate her breakfast first, and immediately after was taken sick and began to vomit. Then Mrs. Bruce took her breakfast, and had scarcely finished when she too took sick. The next to take breakfast was Mr. Bruce and he too soon took sick, and was the worst of all. In his case the doctor had to be sent for, and it was only through the use of the stomach pump that his life was saved. The three had eaten porridge and little else and Dr. Hall the physician in attendance although he had no opportunity to examine the porridge, has little doubt from the symptoms of the patients that there was poison in it.—Walkerton Telescope.

Big trees it would seem have not yet entirely disappeared from this part of the country. One day last week, Weiler & Sons of Formosa, brought in a big pine log to Truxax's mill that measured 2 feet 6 inches through 20 feet from the butt. The tree from which this log was taken was grown on Robert Chambers' farm near Eumskillen. Some idea of its value may be gathered from the fact that two years ago Weiler & Son offered Chambers \$60 for it but the offer was refused. Subsequently they purchased a piece of bush from Chambers, this particular tree being

included in the purchase. Mr. Truxax brought the lumber from the Messrs. Weiler at the rate of \$10 per thousand.—Walkerton Telescope.

At concerts and various entertainments in most towns, it is the silly parrot of some young people, who by age ought to know better, but who apparently don't, of throwing candies round. It is decidedly annoying to say the least, and such exuberant spirits should be peremptorily quashed. The following incident will be of interest in this connection: Rev. C. R. Morrow, near Hamilton, was chairman at an entertainment a few nights ago, and while presiding, he was struck in the face by a candy thrown by a foolish young lad. The candy broke one of the glasses of his spectacles, and a bit of glass pierced the eyeball. It bled profusely and Mr. Morrow had to drive at once to Hamilton to have his eye attended to by an oculist. He may lose the eye although the doctor has hopes that he may be able to save it.—Clifford Express.

### ROCKY SAUGEEN.

Mr. John McKinnon who has been holidaying at the parental home returned to his duties in Toronto this week.

Owing to the recent snow storm which blew over this part on Sunday the roads are pretty heavy at present.

Mr. John McKinnon of your town and brother Angus of the Rocky had the sawing machine on Thursday, and got about fifty cords of wood cut.

We are pleased to see Miss Maggie Hewitt able to be around again. Under Dr. Gun's skillful medical treatment she is steadily improving after a tedious illness.

Mr. John Ferguson, our worthy miller, and his able workman, Mr. A. MacGillivray, are doing a rushing business at present.

Accidents will happen. On Friday of last week as Mr. Charlie Newell was coming in to Durham with a load of wood for Mr. G. Sparling on Lambton Street the reach broke, and the team getting scared started off on a spirited run with the front bob to town, and by striking a telegraph pole broke the tongue into splinters, but were caught there before they could get away again. Charlie of course followed to town and found his spirited animals safely caged in R. Aljoe's blacksmith shop. Fortunately no harm was done except that the harness was badly damaged and the tongue broken.

### CORNER CONCERNS.

Mr. Robt. Hillis laid off wood sawing last week to pay due respects to a young son that arrived at his place.

A sleigh load of young people from this part attended the Farmer's Institutes concert at Holstein. There were but few from this neighborhood who attended the day sitting.

Mr. Jeremiah Bridges, of Belgrave, spent a part of last week visiting his sister, Mrs. Jas. Tucker.

A Neck-tie Social to be held on the night of Feb. 20th., in the school house, will be a profitable affair to all who attend, or at least to young men. For an admittance fee of fifty cents they will get a tie worth something less than a dollar and the company of a young lady to keep them quiet and well-behaved while an interesting programme is presented.

A very pleasant evening was spent in the home of Mr. Samuel Queen, last Friday night by way of a social gathering. While some enjoyed the crokinole board and other games the majority preferred dancing to the music supplied by Messrs. Woods and Kreggor, and kept it up till the wee sma' hours.

In the absence of a correspondent on the Gravel Road we report a couple of land sales. Thos. Gray sold his place to his brother Jim, and Robt. Braithwaite his fifty acres to Tom Russell. Bob goes to the North West shortly.

### Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drye the dread disease from the system. It is not a cure-all but it is certain a cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Darling's Drug Store.

### WELBECK.

## BACK PAINED SO BAD COULDN'T TURN IN BED.

A citizen of Trenton, Ont., who suffered agony with his back and kidneys, tells of his rapid and complete restoration to health by the use of Dr. Pitcher's Backache Kidney Tablets.

We desire to present to you the history of the case of Thomas Douglas, of Trenton, Ont., whose occupation is that of carter for the Gillman Co., an avocation which involves heavy lifts and frequent exposure to wet and cold—all hard on the kidneys. That Dr. Pitcher's Backache Kidney Tablets could so quickly cure a case so severe as that of Mr. Douglas is a splendid tribute to their rapid-acting, thorough-going curative qualities.

### MR. DOUGLAS TELLS HIS STORY.

"I had been a very healthy man until a few months ago, when I was taken with a very severe pain across the small of the back. As I had a slight cold, I attributed the pain to that, and commenced using liniments, which I found gave me no relief.

"Seeing the testimonial of Mr. Kobold, a Trenton gentleman, who had used Dr. Pitcher's Backache Kidney Tablets, I made up my mind to try them. I had used very few Tablets before I found relief, and I can tell you I was very thankful for this, as I had been so bad that I had to lay off work for days, and at nights I could not turn in bed. Dr. Pitcher's Backache Kidney Tablets have made a perfect and thorough cure in my case. I am at work every day before 7 a.m., and work hard all day, and I can assure you my work is not easy, as I have a great deal of heavy lifting to do, and the constant stooping is a great strain on the back, but I am thankful to say I have never had a twinge of pain, nor has my back bothered me since Dr. Pitcher's Backache Kidney Tablets cured me."

(Signed) THOS. DOUGLAS.

### MRS. DOUGLAS CONFIRMS IT.

"I gladly endorse all my husband says about Dr. Pitcher's Backache Kidney Tablets. They acted splendidly in his case and have inspired me with such confidence of their efficacy that I am using them now myself.

"I have been troubled for some time with sick headache, weak spells, tired feelings, and generally run down. I have used the Tablets only for a short time, but feel so very much better already that you may be sure as soon as I have taken another bottle or two of the Tablets, you will hear from me.

"I tell all my friends that Dr. Pitcher's Backache Kidney Tablets have done splendidly for us, and both Mr. Douglas and myself have no hesitation in allowing you to use our names in endorsement of such a reliable remedy."

(Signed) MRS. THOS. DOUGLAS.

### SO DOES MR. SHURIE, DRUGGIST.

"I am well acquainted with Thos. Douglas, of this town, who is a teamster in the employ of the Gillman Co.

"He is a hard-working and respectable citizen, and I have no hesitation in endorsing the statement he gives of his cure by Dr. Pitcher's Backache Kidney Tablets, as it was from my store the Tablets were purchased, and I know the condition was in prior to taking them, and that he is now, to the best of my knowledge, sound every day without any trace of his former trouble."

(Signed) JAS. SHURIE.

Backache Kidney Tablets are 50c. a bottle or 3 for \$1.25, at all Dr. J. C. Pitcher Co., Toronto, Ont.
