A very valuable driving horse belonging to George Haines, of the 8th concession of Carrick, committed suicide on Saturday night by hanging. The animal, while attempting to scratch his head, got his hind foot caught in the tie rope and strangulation resulted. The animal was one of the finest in the township, and was valued at \$150.—Clifford Express.

Fourteen years ago Mrs. A. F. Holmes, of Napanee, left at her door over night a valuable jardiniere and mat. Next morning they were missing. No trace of them could be had all these years. The other morning Mrs. Holmes, though she now lives on another street, discovered the missing articles on her verandah on opening the door. The revivals being held in that town get the credit of this display of honesty. The jardiniere is in perfect condition, and the mat is as fresh and new as on the night it was taken.—Clifford Express.

While working with the heading saw at the mill last week Mr. R. Nicoll met with an accident that came pretty nearly taking off his fingers on his left hand. In endeavoring to tighten a bolt which had worked loose, he put his hand under the frame to raise the bolt up, when a piece of bark suddenly caught in the saw and hit his hand, shoving it forward. His fingers came in contact with the saw just below the nails and caused very ragged and painful wounds. This is Mr. Nicoll's first accident of this kind, although he has worked around a mill since he was a boy.—Tara Leader.

Last Wednesday morning about daylight Wesley McDowell, who lives near Wallemar, was awakened by the rush of waters and grinding of ice near his house, and going out found it nearly surrounded by water. Realizing that at Mr. Cooper's the water must be much deeper, he and Wm. Warnock went over and found 3 feet of water 20 rods from the house. There was no life boat in sight, not yet even a belt or collar, so they braved the waters and with a life line rescued the pigs and cattle from the stable, but not before two pigs were drowned. Almost stiff from the cold, they returned to their home where Messrs. G. H. McDowell and Wm. Tarte started in a sleigh for the stranded Cooper house to rescue the inmates. While one kept a straight course through the waters the other shifted ballast to keep the craft together. Coming to in the lee of the house the inmates were removed, wrapped in blankets, their clothes and furniture floating around in two feet of water in the house. The ice jamming at James Tate's bend was the innocent cause of all this trouble.—Star and Vidette.

Miller's swamp, six miles east of Flesherton, has a bad reputation, and by a recent occurrence that spot has had still further horrors added to it. There is a rumor that a ghost has been in the habit of "walking" in this swamp. The ghost is said to be in the form of a white horse which disappeared with a commercial traveller some years ago. So much for legend. Now for actual fact. Mr. Elijah Simmons, of this village, had occasion to walk along the gravel at this spot one night last week when some animal came out of the woods and attacked him. It was dark and he could not see what kind of a beast it was, but he fought it as best he could, kicking it off. He eventually succeeded in beating it off, but not before it had lacerated the calf of his leg pretty badly. When Mr. Simmons arrived at John English's his boot was full of blood, but after getting his leg dressed he bravely continued his walk home, arriving about 2 o'clock a. m. The victim thinks it was a lynx. Others think it may have been the ghost. All are satisfied that no dog would make a wound such as Mr. Simmons carries. In any event it was an exciting experience, and a very sore leg gives indisputable evidence that the animal or whatever it was had the capacity for wounding developed to an abnormal degree. Mr. Simmons appears to have been fortunate in frightening away his assailant before it did more damage.—Flesherton Advance.

Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all but it is certain a cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Darlings Drug Store.

KIDNEY TROUBLES OF PAINTERS.

All the Kidney Ills and Ailments From Which Painters Suffer so Much, Rapidly Relieved and Completely Cured by Dr. Pitcher's Backache Kidney Tablets.

Every painter knows the trouble his kidneys give him now and again. The white lead and turpentine are hard on these organs—inflame and irritate them and produce pain in the back, difficulty and pain in urination, scanty and high-colored urine and many other complications.

There is no other remedy can do so much for the kidney troubles of painters, as for all kidney ailments, as Dr. Pitcher's Backache Kidney Tablets. They soothe and heal the kidneys and correct all urinary irregularities.

Mr. S. Harris, a painter by trade, living at 138 George St., Toronto, has this to say:—"For some time I suffered from a pain in the back and a stoppage of my water. I have taken one box of Dr. Pitcher's Backache Kidney Tablets and they helped me promptly, and I feel confident they have cured me. I think the Kidney Tablets are a grand thing for kidney troubles to which painters are subject, and I am pleased to recommend them."

Price 50 cents a bottle, or three bottles for \$1.25, at all druggists, or sent by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

HITS AND MISSES.

A Michigan paper reports a marvelous case. A year ago a needle entered the waist of a young lady at Crosswell. Recently it worked its way out of the arm of a Carsonville young man who makes frequent visits to Crosswell. The physicians are in a brown study over the incident and lady friends of the young man have grown green with jealousy and gone into black rage at the lady of the needle. Altogether, the case seems to be highly colored.

A man who answered advertisements in cheap "story papers" had some interesting experiences. He learned that by sending \$1 to a Yankee he could get a cure for drunkenness. Sure enough he did. It was to take the pledge and keep it. Later on he sent 50 cent stamps to find out how to raise turnips successfully. He found out—"Just take hold of the tops and pull." Being young, he wished to marry and sent 34 1-cent stamps to a Chicago firm for information as to how to make an impression. When the answer came it read, "Sit down on a pan of dough." It was a little rough, but he was a patient man, and thought he would yet succeed. Next advertisement read "How to double your money in six months." He was told to convert his money into bills, fold them and he would see his money doubled. Next he sent for twelve useful household articles and he got a package of needles. He was slow to learn, so he sent \$1 to find out "How to get rich." "Work like the devil and never spend a cent." And that cured him, but his brother wrote to find out how to write a letter without pen and ink. He was told to use a lead pencil. He paid a dollar to learn how to live without work, and was told on a postal card to "Fish for suckers as we do."

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

TO CONSUMPTIVES.

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease Consumption, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for Consumption, Asthma, Catarrh, Bronchitis and all throat and lung troubles. Those desiring his remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address, Rev. EDWARD A. WILSON Brooklyn New York.

DECLARATION.

TO THE REEVE AND COUNCILLORS OF THE TP. OF GLENELG:

GENTLEMEN,—We, the undersigned, declare that we have carefully examined the Treasurer's Books the vouchers and receipts in connection with the same, and have found them correct and are very neatly kept. We find the total receipts of the year to be \$11138.70, and the expenditure for the same time of \$9181.18 leaving a balance on hand \$1957.52.

The Collectors' Rolls were all in before the last of the year, and we have audited the same and found them correct.

We have examined the Treasurer's sureties and consider them more than sufficient for all that is required.

All of which we submit for your inspection and approval.

Newspaper subscribers often wonder why the publisher keeps on sending the paper when the subscription has expired. An exchange thus explains the matter: When a subscription is paid to a certain time, and the time expires and the paper stops, it looks as if the editor doubted the integrity of a subscriber, and in nine cases out of ten the subscriber will give the editor a calling down for insinuating that his credit was not good. Rather than cast any reflection against a neighbor's honesty to pay a small debt, it has been customary for newspapers to continue sending the paper after the time has expired. The city weeklies and dailies do not generally follow this rule as their subscribers are at a distance, and besides they are not acquainted with them and do not know their financial standing. One should deem it an honor to know that his credit is not doubted when the publishers continue to send the paper. Should the subscriber wish to have the paper

discontinued he should inform the publisher and remit to date, if any amount is owing.

Completely Fagged Out.

The world is full of sickly, despondent, tired, enervated people, all hoping to be well some day. The surest road to health is along the way of taking Ferrozone after meals. Ferrozone is a great appetizer and enables one to eat plenty of wholesome food without fear of indigestion or dyspepsia. This results in the rapid formation of an abundance of red, vitalizing blood, which will restore the nerves, increase flesh and vigor, and nourish and feed every organ of the body. Ferrozone is an ideal restorative and invigorant. It is a tonic of unequalled merit that anyone can use with benefit. Price 50c. per box, or six boxes for \$2.50, at Druggists, or N. C. Polson & Co., Kingston, Ont.

Does it not seem more effective to breathe in a remedy, to cure disease of the breathing organs, than to take the remedy into the stomach?
