ALEX. RUSSELL

Successor to J. A. Hunter.

Mrs. John Kingston, Sr., intend moving back to the old homestead here in the near future. We welcome them back, as they are good neighbors and always ready to do a good turn to a needy wayfarer.

Mr. W. L. Falkingham is busy delivering his large sale of books, and some of them are really good, the history of this great Dominion for 400 years.

The Canadian Band gave us a few harsh notes a few nights ago.

Mr. Richard Banks bought the farm containing 50 acres adjoining Mr. James Vaughan's, lately owned by Mrs. Fannie Smith. It is a rough lot but will be all right for pasture.

Miss Mary Heslip is busy dress-making at her home, and has done some work in that line lately that an expert need not be ashamed of so those say who have had work done by her.

Snow, snow, on the 3rd of April. Ploughing stopped and a depressed look on farmers' faces.

Lightning Remedy for Cramps.

Some people have cramps pretty often, others only now and again. But when you do have them it's a mighty quick relief you want. Polson's Nerviline is as sure as death to relieve cramps in five seconds—it's instantaneous, just a few drops in sweetened water and the pain is gone. Buy a bottle of Nerviline to-day, and keep it handy. Nerviline is a common household necessity and only costs 25 cents.

GLENMONT.

Mr. and Mrs. Geo. Binnie called on friends here on Monday last.

Mr. Robt. Shortreed and family, of the Durham Road, moved to Farewell Corners last week.

Mrs. Bothwell left her old home here on Wednesday last, and is visiting friends near Mt. Forest.

Miss Mary Tucker is still ill with typhoid, but she has every attention from parents, doctor and nurse, and there are good hopes entertained of her recovery.

Mr. Willie Hargrave has by this time taken up his residence in Bentinck, near Durham. His sister, Mary, is keeping house for him at present.

The quilting at Bothwell's on Tuesday was well attended by Glenmont girls, and some good work was done. The quilt was finished that evening and is already to go to the west. The same evening the neighbors surprised Mrs. Bothwell and Thos. by gathering at their home and making Mrs. B. the present of a pretty good watch. Addresses were given by a number present, expressing their regret at losing such kind obliging neighbors. A very nice time was spent in chit chat, songs, games, etc.

Weak?

"I suffered terribly and was extremely weak for 12 years. The doctors said my blood was all turning to water. At last I tried Ayer's Sarsaparilla, and was soon feeling all right again."
Mrs. J. W. Fiala, Hadlyme, Ct.

No matter how long you have been ill, nor how poorly you may be today, Ayer's Sarsaparilla is the best medicine you can take for purifying and enriching the blood.

Don't doubt it, put your whole trust in it, throw away everything else.

\$1.00 a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this grand old family medicine. Follow his advice and we will be satisfied.

FLESHERTON

(Last week's News.)

A public meeting was held in the town hall on Friday evening last to discuss matters relating to the Port Burwell and Georgian Bay Railway which if built, is likely to touch this place. Mr. A. S. VanDusen was appointed a delegate to Ottawa in the interests of the project. At the meeting of the Artemesia Council on Monday next sending of a municipal delegate also, will be considered.

About sixty young people attended a party given by Mr. and Mrs. Will Moore at their home on Collingwood street on Friday night last. As host and hostess, Mr. and Mrs. Moore excelled, and with the amusements provided it was far past midnight before the company dispersed.

On Wednesday evening of last week a family gathering at which a number of old neighbors were present was held at Mr. and Mrs. Alexander Stewart's, west back line, as a farewell to the old place before taking up their residence here which they did on Monday last. Mr. and Mrs. John Stewart returned that evening from their wedding trip and were given a hearty welcome to their new home where they are now settled. An enjoyable evening was spent by all. Mr. Stewart sr. is being visited by his brother, Mr. John Stewart, of Nebraska, who has not been here for twenty-five years. Mr. Stewart, who is unmarried, has sold out in Nebraska and is taking a holiday. He purposes visiting Scotland during the summer.

HORSE AND SEED FAIR.

Under the Auspices of S. G. Farmers' Institute.

The attempts made by the Directors to work up an interest in this feature of our agricultural exhibition is not meeting with the success it deserves. The idea is to bring farmers together with their best produce and to encourage the exchange of seed grains from one locality to another. Long before a Spring Seed Fair was ever thought of, farmers were in the habit of going long distances to exchange for or buy seed grown on a soil of different character from his own. The proper attention given the Spring Exhibit would place farmers more in touch when arrangements could easily and cheaply be made for the trading of seed grains of all kinds. The idea is all right and the Directors deserve credit for keeping it up so long, despite the apparent indifference of most of our agriculturists. Though the exhibits this year were away below what they ought to be it is gratifying to learn the show was an improvement on last year.

GLENROADEN

Mr. James Banks took a trip to Proton last week to look after his farm and make arrangements for putting in his crop this summer while he is busy at the mill here.

Mr. John Quinn has secured a fine driver from Mr. Dan Campbell, of your town. He says he got the best of the deal this time, so of course Dan got the worst of it.

Mr. Hugh McDonald and family move to town this week. Hugh is a faithful worker. He will be missed at the mill, where he has been employed almost continuously since it started about 14 years ago.

Mr. Hugh Vaughan has discontinued drilling for water until after seeding. The well is down about 33 feet. He got water but not sufficient for his purpose. The drilling will be continued after the crop is in.

It is reported here that Mr. and
