WE have a very strong letter from Wilder's Lake, condemning the Cement Company for what is deemed unnecessary Sunday labor. We are satisfied the management here is anxious to abide by our Sunday laws, and that they do not wish to do any work only to such extent as to keep machinery from injury.

CORRESPONDENCE OF THE CHRONICLE will please note that by a recent change in the Postal regulation, letters addressed to a newspaper and marked "Printers' Copy" and left unsealed will pass through the mail at the rate of one cent for two ounces. Instead of using a two cent stamp, a one cent stamp will do the business.

MR. CHAS. BOYLE and his son, Wm., of Glascott, were in town Tuesday. They delivered three three-year-olds to buyer McKinnon. The total weight was thirty-seven hundred, and the price received was about \$160. Mr. Boyle tells us he didn't get the high price for them, but it seems to us to be high enough to give a fair living profit.

INTELLIGENCE was received here a few days ago of an accident to Mr. Archie McKenzie of Buffalo, son of the late postmaster of this town. Mr. McKenzie is engaged as brakeman on a train running out of Buffalo. It seems he was walking along the top of the cars when the train ran into a truck on the track. The injuries were sufficient to lay him off work, but he will be able to leave the hospital shortly and spend a few weeks here to recuperate.

ON Friday of last week the morning train from here to Palmerston, with passenger coach, three cars of cement and other freight, broke the record of the road by their first real accident. Neither conductor nor engine driver can explain the cause, but at all events the whole train, with the exception of the engine, left the rails and landed in the ditch about four miles this side of Palmerston. The passengers were pretty well shaken up but no one was injured. About 70 tons of cement in the ditch, freight cars had to be all transferred by hand into other cars. The train did not return until about three o'clock the following morning.

If you owe THE CHRONICLE anything why not pay it? We need money to carry on business just the same as other people. The amounts are individually small, but in the aggregate the sum is considerable. We hope to have a number of remittances in response to this notice.

Do you know who is agent for the Karn Organ in Durham? Well, I guess I do, for I got one the other day. Did you? How do you like it? Fine, it is the very best. You can get one, and I am sure you cannot be otherwise than satisfied. Barclay & Bell are agents in Durham.

At the regular meeting of the Grey Lodge 169 I. O. O. F. held on May 4th, 1903, a vote of thanks was tendered the Rev. Mr. Farquharson for his very excellent address to them on the 81st anniversary of the founding of the Order. Also for the very appropriate use he made of the collection made to him by the Oddfellows. J. Burnet, Sec'y.

WE have received from Mr. James Ashdown, of Frank, Alberta, a copy of the "Frank Sentinel" of May 2nd in which the Editor devotes about a page to describe the horrible disaster which befel the town on the 29th of April. The moral condition of the mining class is at a low ebb when drinking, carousing and the looting of property was indulged in as a proper sequel to the awful avalanche, which caused so much destruction, desolation and death.

THE Indian Medicine Man, Dr. Whitecloud, spent a number of evenings in town selling his remedies to eager buyers. He sold them on the square, but we do not know whether or not the purchasers bought them "on the square." We didn't think it square, however, when we saw some of them rushing up to the stand with money in their fists to buy salve while at the same time they were owing us for the paper for over six years. Take the cheek out of some people and there won't be much left. This is plain talk, but its true, nevertheless, and no honest man will come round to dispute it.

AN enquirer wants to know why a boy at school should be punished for robbing birds' nests, while his brother goes about the streets with a gun and shoots the old bird without fear of being molested, and regardless of the town By-law which prohibits shooting inside the corporation limit. It is also complained of that the Town Fathers should be witnesses to violations of the town laws and take no action to put a stop to the wrongdoing. Any citizen has a right to make complaint when any law is disregarded and we presume the Council will not be slow to act when a charge is properly laid. Shooting in town is a menace to public safety and should not be allowed.

Rebekah Lodge Instituted.

On Monday night last the town was honored with the presence of nineteen Mount Forest Ladies of the Rebekah Lodge who came up here to organize a Lodge in Durham, which was duly instituted with about thirty charter members, twenty-three of whom were initiated into the mysteries of the Society. The following is the membership at present:—Mesdames Morlock, Siegner, Card, Curran; Misses Jessie Laidlaw, Ella Laidlaw, May Saunders, Mary McCreary, Erma Schwenk, Clara Siegner, Jessie Robertson, Sophia Burnett, Lizzie Lauder, and Messrs. W. E. Theobald, Frank Lenahan, Fred Search, H. S. Card, Pete Gagnon, Geo. Hughes, H. Burrows, Jas. Eden, Wm. Laidlaw.

The nineteen ladies who came up from Mount Forest were exceeding affable and even a shy newspaper man would soon learn to feel at home in the presence of such genial jollity. The members here were delighted with the Initiating and Degree Team, and though they would tell us no secrets they went far enough to say they were beautifully costumed and had the work up to perfection. They were not only jolly, handsome and capable but on the authority of one of themselves they all have good appetites.

When the regular organization exercises were concluded the short remaining portion of the night was spent in ways congenial to the company. The Lodge organized is named as "May Lodge, No. 1" and we are sure the members here feel grateful to the Mother Organization for the interest they have shown in bringing them into existence. The following ladies and gentlemen were present from Mount Forest:—

Messrs. Wm. Conner, Jas. Wright, Wm. Anderson; Mesdames G. Breber, J. Hunter, F. Chapman, F. W. Scott, F. Gibson, G. McPhee, G. Ernest; Misses R. Scott, G. King, J. Kerr, Thornhill, B. Corley, B. McNiven, M. Boos, L. Wilker, J. Gardiner, L. Burrows, M. Wilker, A. Scott, J. Cooper.

NOTICE.

Messrs. Chas. McKinnon and Alex. Grierson deserve great credit for their enterprise in purchasing Lord Lockinvar (10797), the best Clydesdale stallion ever seen in this part of the country. The horse was purchased from Mr. Wm. Colquhoun, of Mitchell, who imported him from Scotland on the 26th day of Feby., 1903. This is a thoroughbred imported horse weighing over two thousand pounds. Farmers should look to their own interests and see this horse before using any other. For particulars see posters next week.
