A NUMBER of our Lacrosse boys went to Mount Forest last Friday to play a friendly game with the Lornes of that town. Although defeated by a score of 8:1, our boys are well pleased with the result as a majority of their players consisted of members of the Junior team, while the Lornes had all their heavy guns on the field. Jim Lambert will likely chuckle over the result, but that makes no difference knowing as he does that we have a fine lot of young stick-handlers that will soon hold their boys down.

FOR over a year we have not heard from our soldier boy, whose lengthy and racy letters from the Philippines were eagerly read by readers of this paper. In his last letter he told us he would not write again for some time, but not to be uneasy as he would be all right. The other day a letter from a relative in Pennsylvania stated he was still alive and well, and that since leaving the army he had been in China, Japan and Australia, and was then at Los Angeles, but was about to start for Arizona. He has not yet written home, but may do so at any time. Since receiving the letter mentioned above we have been told outsiders were under the impression that he was dead, as he hadn't written for some time, and in order to disabuse the public mind of such thoughts, we publish this item of news which interests us, which will also no doubt be of interest to distant enquirers, particularly Mr. W. R. Bone, of Beardley, Minnesota, who always makes special enquiry when he sends his regular yearly remittance. We are glad to know he is alive and well, though we never seriously entertained any other idea.

THE arrival of a little boy at the home of John Ehrhardt makes the happy dad feel as big as a house. The dear little thing started John off early on Monday morning.

MR. M. McGRATH has just given up the hotel business at Ceylon, and in a conversation with us yesterday he informed us that he never in his life tasted liquor of any kind. Few men, in or out of the business, can say that truthfully.

WE regret to chronicle the death of Mrs. Thos. Rogers, of Toronto, which occurred on Monday last. The remains were interred at Mount Forest yesterday, Wednesday morning. The deceased was the mother of Dr. Rogers, at one time a resident practitioner of this town.

THE operation of drilling for oil or gas, or both, will commence some time this week. Mr. Randall, a practical oil man, of Petrolia, is here with his outfit making ready to begin work. They expect to have to go twelve or fifteen hundred feet to strike the oil region.

A DISGRACEFUL row occurred at one of our hotels last week when both combatants were badly pomelled, and one of them had his eye so badly injured that it was thought he would lose it. Such conduct should not be allowed to go unpunished. A few good stiff fines would settle the business, and the fighters themselves should thank the magistrate for imposing them.

PHOTOGRAPHER Browne is an artist of no mean repute, and the pictures recently exhibited in the post office, bear a strange contrast to the ordinary smudges palmed off as works of art. A scene on the Rocky Saugeen near Glenroaden, and the lacrosse boys of 1903 are real gems admired by scores of visitors to the post office during the past two or three weeks. This is not an ad.

THE citizens of Durham were surprised on Tuesday morning to learn of the death of George Hopkins, a respected resident of Bentinck where he spent his whole life. A week ago Saturday he was taken down with inflammation of the lungs, and lingered on until Monday night when the hand of death relieved him of his sufferings. Deceased was fifty-three years of age, of a kind quiet disposition, honest in his dealings and industrious in his habits. For some time he has had heart trouble but otherwise appeared strong and healthy. He leaves a widow and eight children, three sons and five daughters, to mourn his death. The sons are Peter at Proton Station, Wm. at Markdale, and Bobt. at home. The daughters are May (Mrs. Peter McIlvride) at Brandon, Winnie, Cecilia, Lily and Selina at home, the youngest daughter, Selina, being nine years of age. With his large circle of relatives and friends we join in our expression of sympathy.

A SHORT obituary of the late Mrs. McKinnon, of Rocky Saugeen, has been contributed by our correspondent. We hope to be furnished with a fuller account next week. Ex-Warden McKinnon and several other sons remain to mourn the loss of their mother.

THE unexpected death of Mrs. Henry Brigham, of Allan Park, on Thursday last, was a sad blow to the family and a sorrowful surprise to her many friends. No particulars have been received at this office more than the obituary sketch given by our Allan Park correspondent whom we thank for his prompt consideration.

JUST after the burial of the late Mrs. Brigham at Hanover on Sunday last a number of rigs turned in to the Queen's Hotel stables and sheds to escape a threatening down-pour of rain. The barn was struck by lightning during the storm, and great consternation following in the attempt to get the yard and stables cleared.

WE take pleasure in congratulating Miss Lick, of the teaching staff, on her recent success in taking her degree of M. A. Miss Lick is a graduate of Toronto University where she obtained her B. A. in 1898. To most people this would be sufficient, but higher educational standing was the object of Miss Lick's ambition, and while others allowed the corroding influence of time to dull the brilliancy of their educational armour, this young lady was burning the midnight oil to furbish her literary accoutrements.
