We regret that Mrs. James Carson had to undergo an operation for the removal of Cancer, but we are pleased to learn that she is making good progress towards recovery. She is in Dr. Grove's Hospital at Fergus, an institution which is fast gaining popularity. We hope soon to see Mrs. Carson in the full enjoyment of health.

The result of the McGill Medical examinations shows that A. W. Hunter, son of Mr. Archie Hunter, has taken aggregate honors in all subjects. Our life is threatened if we make any editorial comment on this, and in order to spare the crimson blushes of the bashful young "med" we shall simply congratulate him on this occasion, and wish him similar success in all his future exams.

A CHANGE in the G. T. R. Timetable came into effect this week. Trains leave now at 7:35 a. m. and 3 p. m. There is no slaughter sale at Peel's, though their prices are the lowest.

We are informed that the auction sale of Wm. McCracken's property last week at Edge Hill was a grand success. There was a large attendance, brisk bidding and high prices. The whole list of articles was advertised in THE CHRONICLE, as well as by posters. When a local paper goes into fourteen hundred homes every week an advertisement in it is sure to pay.

For the past two or three years there was a general desire to have the Public Library and Reading Room brought down town and situated more centrally. Last winter the Board took action and secured a commodious room in the J. M. Hunter Block, but the support is not what it ought to be, and the Library Committee has decided to return to the old room at as early a date as possible. They entered into a year's contract for rent, but we understand that Mr. Hunter will release them of their obligation as soon as he can secure another tenant. This, to-day, is the best available business stand in Durham, and any person wishing to enter business would make no mistake in securing it.

The Oxford Cream Separator, the machine on which the Durham Manufacturing Co. is making a specialty is giving good results, and we are credibly informed that no machine can do better work. We were shown the result of a test this week and the skimming was so clean that only a trace of butter fat could be found in the skimmed product by using the Babcock tester. The machine is very simple and easily cleaned.

Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all but it is certain a cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Darlings Drug Store.

Serves Him Right.

Wedded, as he supposed, for the time only, to a Filipino wife, at least one United States army officer has found his foreign matrimonial alliance an insurmountable barrier to his marriage to a Leavenworth girl, to whom he was engaged before his transfer to duty in Orient. The Filipino wife has recently arrived in San Francisco, and is reported to be preparing for an immediate trip to Fort Leavenworth to claim her recreant husband. At least six officers at Fort Leavenworth are similarly situated, and others are scattered throughout other military posts in the United States. The enlisted men are much perturbed, too, for many of them took Filipino wives. Many of the officers are known to have taken native wives during their stay in the Philippines, on the theory that the contract was to continue only during their stay on the islands. When their commands returned to the States these women were abandoned without a thought that the ceremony would be considered binding. Numbers of army men are engaged to American girls, and have been looking forward for years to marrying them as soon as they were re-assigned to posts in their native land. It is understood that the War Department has recently issued a ruling upon this question, which holds that all these Filipino marriages are valid and binding in the United States.
