THE Independent Order of Foresters to the number of seventy-two attended the Methodist church on Sunday morning last.

THE next regular meeting of L. O. L. No. 632 will be held in the Lodge Room, Calder's Hall on Wednesday, July 8th. All members are cordially invited to be present on the occasion. By order of the Master, T. Noble.

A PETITION was circulated and signed here a few weeks ago asking the authorities to appoint Barrister Telford a Police Magistrate. The appointment was made, we understand, and Mr. Telford will be gazetted in a few days.

WE are informed by one who was there that nearly a thousand excursionists went to the Model Farm at Guelph on Saturday last from the stations between Durham and Mount Forest inclusive. Varney contributed a full carload, and three in some of the seats at that. About three hundred are said to have left the station here. It was an ideal day, and was fully enjoyed.

LAST week we referred to a bad burn received in the electrical works at the cement plant by which Mr. W. Munro came in for a forced rest. This week Mr. Norman McIntyre is nursing a badly burned arm and a seriously scorched face. Beyond the pain and inconvenience of a few days forced idleness there will likely be no serious results.

THE walls of the new Cream Separator Factory are now completed, and the roof is being prepared for the covering, which will in all likelihood be put on during the present week. The installation of shafting and machinery will be pushed forward as speedily as possible, and in about three weeks we imagine that everything will be in readiness. Several machines are already on the way and the moulders and iron workers are busy at Smith's foundry. Mr. Broomall informs us that he expects to have fifty men employed in a very short time.

WE regret very much to chronicle the death of Mrs. Robert Trafford which occurred on Sunday last after about three days illness. The deceased was a daughter of Mr. John Bailey, and had just passed her forty-second year. She was always a strong active woman, and knew little or no sickness. A sorrowing husband and eight children, five boys and three girls, are left to mourn the loss of a kind and affectionate wife and mother. The oldest child is sixteen years and the youngest only five weeks. This is surely a sad condition, and few there be who can realize it fully. Our heartfelt sympathy goes out to the bereaved husband, family and relatives.

UNDER information laid before Mr. Binnie, J. P., by Mr. John Macdonald, of Aberdeen, a very peculiar case was tried in the town hall on Thursday last. The trouble grew out of trespassing cattle belonging to Mr. Brown, which Mr. Macdonald undertook to impound. Wm. Brown, a fourteen year old son of the owner of the cattle, tried to prevent Mr. Macdonald, who gave evidence to say the boy flourished a revolver and threatened violence. The boy admitted having the weapon, which he said was taken to pieces to examine how it was made, but he denies having pointed it at the plaintiff. The Magistrates, Messrs. George Minnie and J. W. Crawford, imposed a fine of ten dollars and costs, and caused the boy to be bound over to the Peace. Though it appeared from the evidence that a threat had been made, it does not seem to us that any serious intention to do harm was entertained. It was a piece of foolish impulsiveness, however, a thing quite common with boys about that age, and it is to be hoped that the finding of the Magistrates will have a good effect, not only on the accused but on others like him who may be a little too hasty.

Big prices are on vacation during July at Ireland's store.

FREE, rapid, quick selling of a magnificent lot of millinery at Ireland's.

"CAN't you remember" that Theobald's is the place to buy goods for men.

ON account of Wednesday being a holiday we go to press Tuesday this week. Please overlook errors.

A JULY unloading sale of millinery. As the mercury has gone up these summer goods have gone down at Ireland's.

If you see a man looking cool in a nice flannel suit don't be serious. Call at Theobald's and get one for yourself.

MRS. ISAAC CRITTENDEN wishes us to express her thanks to friends and neighbors for the kindness shown her during her late husband's illness.

THOS. SCARF & SONS bought a Yorkshire Sow at Fred Smith's sale at New Hamburg last Thursday which will be shipped immediately to their stock farm at the Rocky.

WE inadvertently omitted to mention last week that the Canadian Order of Foresters to the number of 73 attended Divine Service at Trinity church on Sunday, June 21st, and listened to an excellent practical sermon by the pastor, Rev. Mr. Ryan. The band was in attendance.

JOHN A. BRADLEY, of Orchard, has just returned from Hamilton where he purchased a pair of fine pure bred Yorkshire swine at the sale of D. C. Platt & Son, of Millgrove. These animals are imported from the herd of Lord Roseterry, England, and the proprietor claims to have the best and highest priced pair of imported Yorkshire swine in the County of Grey. See card in this issue.

A CASE was heard here Monday before Mayor McIntyre. Hugh McKay entered action against Hugh Vaughan for assault, by which it was alleged he used threats and force to put the plaintiff, McKay, off certain fishing grounds, over which he, Vaughan, had jurisdiction. A good deal of contradictory evidence was elicited, but the upshot was that Vaughan was fined a dollar and costs. Further action is likely to follow, as it is claimed that many of the fish caught were under the six inch measurement.

MR. FRED BENTON, who has been suffering from a broken arm since meeting with the accident here on the 25th of May in a football match, is not improving very fast. He goes to Stratford this week to have an examination under the X Rays to ascertain the seat of the trouble. One day last week the employees of the Cement Co., where he had worked only a short time, presented him with a well filled purse, for which he wishes us to give expression to his gratitude. This is not the first time when the employees of the same institution have performed similar acts of kindness. When the twin brothers were drowned here a year ago, they were extremely liberal in their contributions, and the boys have now come to be recognized as a good hearted lot of Co. workers.

ON Sunday night last at the close of the church services a packed house assembled at the Town Hall to listen to the illustrated Gospel Temperance Song Service by Mr. and Mrs. W. C. Davidson, of Stratford, Provincial Organizers of the Royal Templars of Temperance. The illustrated part of the service gave scenes in the life of Daniel as well as a number of illustrated songs. Rev. W. L. Newton filled the chair acceptably and made a brief appreciative address. On Tuesday night another meeting was held, at which a large audience was present. Ten Nights in a Bar Room was beautifully illustrated by Stereoscopic views. The Holy City was effectively rendered by Mrs. (Rev.) Newton, the various scenes being illustrated by colored views. Several other illustrated songs were rendered by Mrs. Davidson. Vocal and instrumental music on mandolin and guitar completed the entertainment.

## VICTORIOUS WIARTON.

The Warton Cricket Club visited this town Friday last and succeeded in winning from our eleven by 75 runs. The Wartonians came down by train to Hanover, driving over here early in the morning. The game started shortly after 10 a. m., the visitors taking the bat, and thus giving our "boys" the first taste of fielding this summer, by rolling up a score of 78 runs to their credit. Durham followed, but it was evidently seen that they hadn't their "eye in" for batting, as some of the hard-hitters went down without a run before the calm and beautiful bowling by Hough, who certainly must be gratified at our boys for allowing him to relieve them from the bat with the small score of 27 runs.

Warton in their second innings were only allowed 42 runs as our boys seemed to wake up a little in the fielding line. Durham could only notch 22 runs in their second innings. The game throughout was gentlemanly, and all enjoyed the "grand old game" immensely, even to our boys although they were a little stiff in moving around. Cameron in the first innings for Warton by his magnificent batting made the handsome score of 37 runs. Hough and P. Wright also made double figures for the visitors. As for the batting on the Durham side we won't make any comments till the next match for fear it might cause some swell heads.

Following is the score:—

Warton—First Innings.	
Cameron, b McFarlane	37
Henderson, b McDougall	5

### NOTES.

The Owen Sound papers always gave the Wartonians a hard name, but the gang that was down here behaved themselves like gentlemen, and they'll be welcome back.

Our boys have learned that they don't know all about cricket yet—without practice.

There's not any likelihood of Durham demanding a recount.

Dr. Holt caught a hot-fly, but when he saw it coming straight for him, he felt like falling on his knees praying that it might pass over him for this time.

When our boys play the return match they will surprise the Wartonians how they have improved.

Wes. Theobald says that Cricket is too slow for him, that the ball don't travel swift enough for him to knock it into the Sausage.

Messrs. Meckler and Harris, old cricketers, were the umpires and gave entire satisfaction.
