DURHAM, ONT., THURSDAY, JULY 9, 1903.

\$1.00 PER YEAR.

The Chronicle for the Balance of the Year for only Forty Cents.

Local News Items

GATHERED DURING THE PAST WEEK FOR CHRONICLE READERS.

GARDEN Party to-night, Thursday. Good program. At Mrs. Gun's up town.

WHAT business man in Durham has the most prestige with the people? Peel, the Shoeman, of course.

No time like the present to know that Theobald has everything a man needs in clothing and furnishings.

WHY does it require two men to do the shoe repairing at Peel's? Because it's done neatest, best and while you wait.

FOR SALE.—A camping tent, almost new; used only six weeks; may be seen at The Big Store; size 9 ft. by 10 ft., sides 4 ft. high; will sell cheap.—4 pd.

THE Sunday School in S. S. No. 9, Glenelg, will hold a picnic Friday afternoon, July 10th, in Mr. Tom Ritchie's grove. All are invited and expected to bring a basket.

BURN'S Presbyterian church, Rocky Sauguen, will hold a Garden Party on Tuesday evening, July 14th, at the home of Mr. Hugh McKechnie. All invited. Admission 10c and 15c.

WE almost "forget" to mention that our lacrosse boys defeated Harrison at Hanover on Dominion Day by a score of 8 to 3. The Durham Juniors played the same day against Hanover Juniors and the score was a tie, 3—3.

WORK on the Cream Separator Factory is progressing nicely. The boiler was put in Tuesday and the brick-work will be done shortly. As soon as the roof is completed and floor laid the machinery will be installed. In a few weeks everything will be completed.

THE foundation for House No. 2, being built by Mr. McCracken is now ready for the superstructure. Both houses are the same size, 29x40 with kitchen in rear and situated so as to face on Garafra street on the old Moody property.

WE had pleasure last week in examining a number of beautiful paintings in Miss Dick's millinery store. The work was done by Miss Bessie Banks who has received instruction from some of the best teachers in New York and other cities. This gifted young lady is prepared to give lessons as may be learned from her advertisement in this issue. Call and see her work.

WE referred lately to the unsatisfactory healing of Fred Benton's arm which was broken on Victoria Day while engaged in a game of football. He was in Stratford last week and had an examination of the bones made under the X-rays. The photo showed the bones to be somewhat out of place, and in consequence of this a readjustment of the arm was made on Monday last, and it is now hoped that a speedy recovery will follow. The patient is quite cheerful under the very trying circumstances.

PALMERSTON has adopted municipal ownership, the by-law to purchase the electric light plant, which was voted on Tuesday, having been carried by 154 majority. The purchase price of the present plant is \$2,500; but the by-law authorizes the issuing of debentures to the amount of \$8,000, for the purchase of plant and property, and the removal, reconstruction, extension and improvement of the same, the additional sum being intended to secure a site and erect buildings suitable for both electric light and water-works.—Bruce Herald.

WHAT about a Civic holiday for the town of Durham, and should one be proclaimed how would be the best way to spend it? A friend of the Fire Brigade suggests a picnic for that deserving institution, in order that their treasury may be inflated. For a money getter a well-patronized picnic at home would be the best thing. Should an excursion be decided on, a large portion of the funds will be eaten up by the Railway Co. and the end desired will not be accomplished. A better plan, if workable, would be to have no Civic holiday and let each person contribute voluntarily a percentage of his day's wages. It is quite in order to have this matter thoroughly discussed, but whatever plan be adopted let it be something satisfactory to the Brigade who have certainly a claim on the public, and are modest in making their demands. In our opinion everybody would be better off to attend to his work and make the voluntary contribution suggested above.

You haven't seen! You can't get as nice a summer suit at such low prices as at Theobald's.

QUANTITY of heavy rope and wooden hay track for sale. Apply to Chas. Gray, Lot 2, Con. 3, Egremont.

WE are asked to say that at last Promotion Examination, Gladys Whitmore and Jamie Farquharson should have been reported equal.

GOOD weather for hot air shooters. We will give way to them this week but call and examine our clothing. Theobald, the Clothier.

THE fastest system of hand made shoe making and repairing is at Peel's. The Shoemen, Owen Sound and Durham.

THE houses on the Middaugh property, being built by Mr. Sparling and Mr. Catton will add greatly to the west part of the town. Mr. McKae talks of building alongside of Mr. Sparling's. Mr. Pracht, of Hanover has the contract for the mason work and plaster for Messrs. Sparling and Catton.

MR. ROBERT MCGOWAN left yesterday for Toronto where he is to undergo a critical operation at the hospital. He expects to be absent a couple of months at least. An operation at any time is serious and particularly so to one who is advanced in years. We hope he may come through safe.

U R INVITED 2 the Garden Party on the Methodist Church and parsonage lawn on the evening of Tuesday, July 14th, 1903. The Town Band will provide music for the occasion. Refreshments hot and cold will be served at the tables. Admission to the grounds 10 cents. A. Catton, Sect. Wray Smith, Pastor.

WE learn from the Manitoba Free Press, of Winnipeg, that Miss Stella Smith, daughter of Mr. J. E. Smith, of Brandon, and grand-daughter of Mr. and Mrs. J. M. Hunter, has been distinguishing herself at the recent University Matriculation examination, having taken two out of the four scholarships. One for Latin and Mathematics, \$60, and the other for French and German, \$30. The recipient of the above mentioned honors is indebted to our school here for her early training, and as she is not yet over fifteen or sixteen years of age, the magnificent standing is evidence of extraordinary mental ability and studious application. We certainly congratulate her on her success.

In a friendly game of cricket at Durham on Friday, the home team defeated the Durhamites by a score of 124 to 49. The match was more keenly contested than the score would indicate, and both teams dished by a good exhibition of the good old English game. Warton went to the bat first and succeeded in piling up 78 runs to their credit, while in the second innings they tallied 46, making a total of 124 runs. The Durhamites were all out in the first innings at 27, while in the second they only succeeded in securing 22. The bowling of Dr. Hough, the boys say, was something phenomenal, taking 9 wickets in the first and 7 in the second. Among those whose runs total two figures were: P. Wright, 22; Dr. Hough, 13; and S. J. Cameron, 39. The following players represented Warton in the match: S. J. Cameron, R. C. Henderson, Gordon Hunter, David Wright, J. Parker, Dr. Hough, A. W. Baines, J. L. Siemon, D. Dinsmore and P. Kelsey, the last two filling up vacancies on the home team. The Warton boys are loud in their praises for the courteous and whole-hearted hospitality received at the hands of the Durham cricket players, who were untiring in their efforts to give the visitors a good time. A return match will be played here some time this month.—Warton Echo.

The Collegiate Announcement.

Good taste is shown in the selection of views which appear in the collegiate institute announcement for 1904. An attractive photograph of the collegiate appears on the first page, followed in another place by a full page view of Owen Sound harbor. On another page are excellent portraits of the 1902 scholarship winners, Miss Kate McDonald, Messrs. C. A. Milburn, D. A. Hewitt, T. Firth, and N. B. McLean. Good views of the churches are shown, the new Baptist church showing to splendid advantage. Among the public schools the picture of Hill street school is missing, the committee not having secured a good view of this building. The cut on the last page comprises the portraits of the Institute's three heroes, Messrs. W. H. Ingram, Chas. Napier Evans and T. Bertrand Day, who fell in their country's service in South Africa. The announcement is a credit to the Richardson job printing office, where the work was done.—Owen Sound Times.

People We Know

THE GOING AND COMING OF VISITORS IN THE MONTH OF JULY.

Mr. and Mrs. Lorne Somerville, of Toronto, are spending a couple of weeks in town.

Miss Ella Robertson, of the Hamilton City Hospital, is spending a couple of weeks with her parents, Mr. and Mrs. Adam Robertson.
