On Sunday an accident of a serious nature occurred at the bridge over the Grand River on the back line, Melancthon. Mrs. John Funston and her son and daughter were returning home from Dundalk where the last named was receiving medical treatment for paralysis of the throat the outcome of an attack of diphtheria. The horse which the young man was driving stopped on the bridge and began backing up and there being no railing at the place the rear of the buggy went over. The driver was by this time at the horse's head and was able to prevent it backing farther, but the hind wheels and box of the rig became detached and dropped a distance of about six feet with or not for damages .- Herald.
