A VERY serious accident happened Mr. W. J. Levy on Friday last at the Cement Works, and grave doubts are apprehended as to whether he will recover or not. We hope to hear of his early recovery.

ON Thursday and Friday last the whale captured about two years ago in Montreal was on exhibition here and a great many citizens and others, both old and young, took in the show. It was no fake but the genuine skin of a small whale mounted on trucks and stretched on a framework. It was thirty-five feet long, eighteen feet in circumference, and is said to have weighed, when caught, about fifteen tons. The proprietor, A. M. Lafrance, a Frenchman, was an untiring talker and spared no pains in giving full particulars of the capture and the preparation of the skin and skeleton for exhibition purposes.

At the recent entrance examination Hutton Hill school succeeded in passing the whole of the seven candidates, and Dominic Graham feels quite proud of the result. It wasn't through any evil design, malice aforethought or an effort to "forget some things" that caused us to omit publishing the notice of a new boy at the home of Ed. Kress and a girl at Dr. Holt's. The latter was born the day of the Cricket match with Wiarnton and the Doctor never missed an innings.

A FEW days ago Rev. T. H. Farr, of Wallaceburg, came home to spend a few weeks with relatives and friends. He had been ailing somewhat for a couple of weeks but did not anticipate anything serious. It seems, however, that he is suffering from an appendicular abscess or something that sounds like those two big words. An operation will be performed. We hope no serious results will follow.

THE Durham Lacrosse Boys were defeated in Owen Sound on July 20, the score being 9 to 2. It's no disgrace, however, when it is known that Owen Sound raked the Dominion for professional players, whom they played with their intermediates against our home brewed aggregation of Juniors. The Times didn't forget to report the result, but forgot to say anything of the inequality of the contest through their death struggle manoeuvres to win the home game.

Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all but it is certain a cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Darlings Drug Store.
