Flesherton.

On Wednesday evening of last week a quiet wedding took place at the residence of Mr. and Mrs. Wm. Walker, near Eugenia, when their daughter, Blanche, was joined in marriage to Mr. A. D. Thurston, of Toronto. Only a few immediate relatives of the bride and groom witnessed the ceremony, which was performed by Rev. L. W. Thom, of this place. Mr. J. P. Bunt, of this place, and the bride's sister, Miss Beatrice Wilson, discharged the duties of groomsmen and bridesmaid. The bride and bridesmaid were becomingly gowned in white and the bride wore the conventional bridal veil. After the ceremony a dainty wedding repast was served and an enjoyable

My Hair

"I had a very severe sickness that took off all my hair. I purchased a bottle of Ayer's Hair Vigor and it brought all my hair back again."

W. D. Quinn, Marseilles, Ill.

One thing is certain,—Ayer's Hair Vigor makes the hair grow. This is because it is a hair food. It feeds the hair and the hair grows, that's all there is to it. It stops falling of the hair, too, and always restores color to gray hair.

\$1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address: J. C. AYER CO., Lowell, Mass.

evening was spent by all present. The following day Mr. and Mrs. Thurston left for the Soo, there to join the former's brother, Dr. F. Thurston, and his bride, who were also married on Wednesday in Chicago and sailed for the Soo in the Doctor's electric yacht, on which the newly wedded couple chaperoned by the editor of the Flesherton Advance will cruise for a couple of weeks amid the enchanting scenery of the upper lakes. Of the unique wedding holiday, which we trust will be one of much pleasure for all, we shall hope to hear from the Advance editor on his return to his sanctorium. Though the editor is off on holidays the Advance is to move on as usual edited by his better half and the staff.

Early on Saturday morning last the angel of death visited the home of Mrs. G. Milligan here and bore to the spirit land her eldest and dearly beloved daughter, Genevieve, who had for two years been ill with disease of a pulmonary nature. On Monday forenoon an appropriate service was conducted at the house by her pastor, Rev. Ivision Wilson, after which her remains were laid at rest in the Flesherton cemetery. Deceased, who was 18 years of age, was a bright young christian woman and bore her illness with much patience and resignation. Her end was peace, but her early removal is a great trial to her sorrowing mother, who has the sympathy of many friends in her bereavement.

On Thursday last the remains of Mrs. Henry Fenwick, who expired suddenly with heart failure at her home at Eugenia on Tuesday evening, were followed by a very large funeral cortege and interred in the public cemetery here on Thursday. Rev. W. Sinclair conducted the burial services. Deceased was 65 years of age and leaves a husband and grown up family.

Born—On Tuesday of last week to Mr. and Mrs. Alf. Thistlewaite, of this place, a daughter, still born.

At the morning service in the Methodist church on Sabbath last Rev. Mr. Wilson dealt prospectively with his third year in Flesherton, and in the course of his address announced that Rev. Arthur Browning, of Toronto, who is well known to the congregation, would assist in special services in October, the season designated by the President of Conference for special effort and religious quickening in all the churches.

The campers have returned from Bell and Ewart Lakes and are stocked with the usual fish, snake and bear stories. A fine big black bear was sighted one evening taking his bath but unfortunately the firearms at hand were not sufficient to despatch him. Later, one of the party, in a thicket, came on their camp dog so suddenly that he thought he had lit on bruin sure, and the sensation produced during the recovery of senses is said to have been that of the hair assuming the perpendicular. Another of the party, who is said to have a horror of snakes, and one night before retiring found one in his bed, was given a similar shock by one of his companions, who one night placed a twisted wet towel in his bed which, when discovered, was thought to be the touch of one of the detested tribe and it had the desired hasty rising effect. The prank was enjoyed by all.

On Monday evening a horse belonging to Mr. A. Thistlewaite made a lively run down front street with a stoneboat at its heels. It was interestedly watched in its escapade, but fortunately no one was hurt nor much damage done.

THAT LACROSSE MATCH.

The final game of District No. 2 C. L. A. was played in Hanover last Friday between the Owen Sound and Durham teams. The game was announced to start at 3:30, but long before that hour conveyances of all kinds could be seen going towards the centre of attraction. Everything in Durham in the shape of a conveyance was brought into service, and we'll venture to say that never before in one day was such an assortment seen to leave town. Arrangements with the liveries had been made days before the time. Another gang of young fellows, rather than be disappointed, got a conveyance to come after them from Hanover, and the remainder of the pleasure seeking crowd felt satisfied with anything from a donkey wheelbarrow to a stoneboat and a three-year-old steer. Some went on wheels and it is not at all improbable that some of them walked. At all events, the Durham crowd was a big one, and in all probability as disappointed as it was big, and as disgusted as it was disappointed, when they saw the unfair way they were treated by the Owen Sounders.

For the first quarter our boys did decidedly the best work keeping the ball during the whole in dangerous proximity to the Owen Sound goal. The opponents had a strong defence, however, and only one goal was scored. In the next quarter the contest was more equal, but the opposing team got two goals, owing largely to the weight of their men, which, by the way, was Owen Sound's best outfit, again pitted against our seconds. Though the ball played mostly around the Owen Sound flags their strong defence prevented another score being made by the Durham boys. At the end of the third quarter the game stood three to one in favor of Owen Sound, and the big fellows from the capital showed their cowardice by bunching themselves all on the defensive, and disgusting the spectators for a time by a smart game of catchwork. They were ahead then and they felt their only safety lay in blocking up the Durham goal and keeping our boys from winning out. It was a cowardly piece of work and a plan that few teams would condescend to adopt. The game has been protested and the Durham boys are ready any day for the Owen Sounders of their own series on neutral ground.
