At the meeting of the County Board of Examiners last week fourteen students were allotted to Owen Sound, eight to Meaford and fifteen to Durham Model Schools.

WHEN it is known that only 48 per cent of the candidates who wrote at the last Junior Leaving Examination were successful, it should make the citizens of Durham all the more grateful when our school succeeded in getting over 81 per cent through the trying ordeal.

WE are pleased to learn that Miss Ella Robertson who underwent an operation for appendicitis at Hamilton a few weeks ago is so far recovered that she came home this week. Her sister, Miss Jessie, who was with her during her illness returned at the same time.

MR. WM. GUTHRIE has engaged the services of Mr. Chas. Stewart, of Exeter, to assist him. Mr. Stewart comes well recommended, and is perhaps one of the best blacksmiths in western Ontario, especially on horse shoeing, and will no doubt draw a large trade to the shop.

THE Cement Works, which we reported last week as having the electrical generators burned out, was put in shape rapidly and the rotaries were at work again on Tuesday last. Superintendent Farr is a hustler and no time was lost getting repairs, which, we believe, had to be procured in Cleveland.

WE felt very sorry for a commercial traveller a few mornings ago as he stood in front of one of the hotels with a nervous look and glassy eye enquiring, "What in Hamilton sort of hyenas have you round this town anyway? About two o'clock last night I was sound asleep when a lot of unearthly noise on the street supposed to be singing roused me from slumber and I had no rest since." "Why under the sun," said he, "don't the authorities put a stop to such performances?"

WE regret to learn of the misfortune of Mrs. Thomas Hutton, who was bitten a few days ago by a vicious sow in her own barnyard. It seems that a little pig got entangled some way and Mrs. H. endeavored to release it when the vicious sow came along and attacked her, biting her badly in several places. Last account was that erysipelas had set in and the poor suffering woman was in a serious condition. We hope she will soon recover, however. Want of accurate knowledge prevents a more detailed account.

ON Thursday last our boys played their second game in the semi-finals against the Walkerton Juniors on their own grounds and defeated them by a score of 6-1. This put Walkerton out of the field, and a game with the Wellingtons of Owen Sound followed on Tuesday afternoon last on the Agricultural grounds here where they were again victorious the score being 6 to 4. This was a hard fought battle, and the visitors showed good skill in handling the ball, some very pretty work being done by them. The play, though a little rough at times, is what in sporting parlance may be characterized as good clean lacrosse. Of the home boys, it would be unfair to say that all did not do well, but Jimmy Lavelle distinguished himself on the field as did also Dug. Munro, Wes Theobald, Jeff McCracken, Dixon, Matheson and all the rest of them. For the first three quarters the Durham boys had decidedly the best of the play, and despite the efforts of the visitors to redeem themselves in the last quarter, for which they made a bold determined fight, they were forced to allow the home team to leave the field victorious. The referee was Mr. George Allan, of Mt. Forest, and he gave good satisfaction in the discharge of his office. The same teams will play in Owen Sound Friday, to-morrow.

THE foundations for the Lambton street bridge are now completed and ready for the iron work, which is to be supplied by the Stratford Bridge Company. The filling in is now in progress and will take some time.

OWEN SOUND Collegiate Institute is losing two good men, Mr. Brough having accepted a position as principal of a theological seminary in Kamloops, B. C., and Mr. Joliffe the classical professorship of Wesley College, Winnipeg.

THE Methodist church Garden Party on Monday night last was quite a success, even if the unfavorable weather did force them to hold their entertainment and social in the basement of the church instead of on the grounds of Mrs. Sutherland as announced in the bills.

THE school re-opened Tuesday morning with a full staff. Miss MacKenzie began work again being fully recovered from her illness of last spring and early summer. The new teachers are Mr. Sheppard, assistant principal, and Miss Forfar, classical teacher in High School Department.

THE lights were out on Saturday night until about ten o'clock, and visitors and citizens were forced to go about in almost Egyptian darkness. Nothing better demonstrates the value of our lights than a forced compulsion to get along without them. It would seem unbearable to have to go back to the old state of things. We need street lights badly.

THE cricket match played Thursday last between the Grits and Tories was won by the latter by eight runs. The game was keenly contested, the bowling on both sides being good especially in the two first innings. Elvidge, Holt and Theobald did the bowling for the Tories, while Lauder and Pickering did likewise for the Grits. Each have won a game and the tie will be played off soon when both will battle for supremacy. The grand old game still lives and is growing in popularity.

Mr. Joseph W. Fox returned Monday from Georgia where he has been for the past ten months on the construction of the cement. We judge from a short conversation with him that he hasn't fallen in love yet with the south nor with the southern girls. The climate down there is not congenial to his tastes, nor yet has he any special admiration for the habits and custom of many of the people. He speaks well of Mr. Layton, who still retains a kind feeling for Durham.

MR. JOHN LATIMER has purchased the Sparling residence up town.

CHANGE of Business.—Last week Mr. George Stinson, who has been engaged in Rowe's bakery bought out the business from Mr. Rowe and is now running it in his own name. We wish Mr. Stinson success as we do everybody else engaged in legitimate trade. See his ad next week.

WEARY Brain Workers.

Fagged out, ideas come as slowly as molasses. You think of things just a minute or two too late. Snap's gone! The buoyancy that made work a pleasure—that's gone too. The doctor would tell you that you are run down, not eating enough nor digesting enough. Your stomach needs aid, your digestion needs a bracer too. Your blood requires Phosphorus and Iron that it may be formed readily. Now Ferrozone is a wonderful nerve bracer and blood maker. It's food for the blood and nerves, it will make you strong quickly and permanently. Sold by all druggists.

Burrows Caned and Laidlaw Jewelled.

At the regular meeting of the Independent Order of Oddfellows of Grey Lodge No. 169 held on Monday night last, a part of the ceremony was somewhat pleasing in character. Mr. H. H. Burrows, who is leaving for Toronto, has been an active worker in the Order since he came to this town two or three years ago, and the members felt disposed to make some little recognition of his merit as a member and worker in the Society. Mr. Wm. Laidlaw has been twenty-seven years a member of the Lodge here and was presented at the same meeting with a Veteran's jewel. Mr. Burrows, who was taken completely by surprise, made a neat reply to the address and presentation, in which he expressed the kind feelings entertained for the citizens of Durham generally, and the members of Grey Lodge No. 169 in particular. Mr. Laidlaw also responded in appropriate terms. The following are the addresses:—

TO MR. H. BURROWS.

DEAR SIR AND BROTHER,—It was with feelings of deep regret that we, as a Lodge, learned of your intention to leave this community, and at the same time sever your connection with us so far at least as your presence is concerned at our weekly meetings. Your associations with the Lodge of the Independent Order of Oddfellows in this town has been productive of good results. Under all circumstances of adversity or prosperity of the Order, you had the faculty always of looking on the bright side of things, and the unbounded faith you had in Oddfellowship has enabled you under all circumstances to view the society with a true spirit of optimism.

Our advancement in a knowledge of Oddfellowship and the remarkable increase in membership since you came amongst us is largely due to the interest you have taken in the work, and through your enthusiasm the Lodge to-day is more healthful and more progressive because of your influence. Is it any wonder then that under such circumstances that we, as a body, should regret your removal. Nevertheless, while we regret to lose your presence in the Lodge Room, and regret also that we shall perhaps never again sit under your wise counsel, we rejoice to know that you are about to further pursue the studies of your profession and we have unbounded hope in your future prosperity.

Trusting that you, dear Sir and brother, may ever cherish the true principles of our beloved Order, and trusting also that our next meeting may be on a more exalted plane of Friendship, Love and Truth, bound together as it were by the emblematic chain of Oddfellowship. We wish you a fond farewell and best wishes for a long, prosperous and happy life, and with the view of retaining a small portion of your memory for us as a Lodge, we present you with this cane, which may assist you on your life's journey.

Yours in F. L. T.

DEAR BROTHER LAIDLAW,—The fact that you have labored in the interest of Oddfellowship for more than a quarter of a century should entitle you to an honored position amongst the brethren of this Lodge. The Grand Lodge recognizing the value of such a long and faithful service has adopted a means by which veteran members may be universally known throughout the brotherhood. This Lodge, taking advantage of such means of recognition, have pleasure in presenting you with this "Veteran" jewel, which we hope and trust you may long wear with honor to yourself and honor to the Order in which we now stand as a common brotherhood.

Yours in F. L. T.

THE Library Gone Back.

As we intimated last week the Public Library is now being removed to its old home on the hillside, the rooms occupied by it for the past eight or nine months having been rented by Mr. Robert Burnett, who is putting his stock there until he can open out in the Middaugh House block in the course of a few months. For the next couple of weeks no books will be given out in the Library, as it will take that time to repair the building and get the books arranged. We may also intimate in this connection that Mr. Burnett is getting the building vacated by the Library put in position and will open out for business in the course of a few days, perhaps some time next week.

S. G. Women's Institute.

A meeting will be held at the home of Mrs. W. L. Dixon on Thursday, Sept. 10th, commencing at 2 p. m. A good program is expected. All the ladies are cordially invited to attend.
