Cemetery, and there was an exceptionally large number present to do a last honor to the departed and to express their heartfelt sympathy for the bereaved family.

Inspector Campbell visited our school on Wednesday, and although he always finds the teacher and pupils all right, he takes too much pains in measuring and examining the building, for the liking of those who don't want to see a new school go up until the walls of the old one rot down.

The very excellent advertisement THE CHRONICLE gave the Egremont Agricultural Society was much appreciated, and if the show doesn't surpass all previous ones it will be no fault of THE CHRONICLE's but we are very much inclined to think it will.

Mr. John Bradley purchased last Wednesday the first Cream Separator turned out by the Durham factory, and it gives entire satisfaction we hear.

Most people in this part who feel like taking a holiday this Monday (Labor Day) will either go to the Toronto exhibition or else down to Holstein to witness the game of Lacrosse between Varney and Holstein teams. Either places will be well worth going to.

Mr. Richard Morrison last week had three head of cattle killed on the G. T. B. track. They had broken through the fence which it appears is getting somewhat out of repairs. It is only a short time ago since he had a number of sheep killed by laying on the track at night.

Mrs. H. Dennett has for the past month been with her sister in the vicinity of Clifford who at the time of writing is very low and not expected to recover.

Nervous Dyspepsia.

How it shakes up one, invades sleep, destroys strength, aids a real misery to life. Not the stomach but the nerves are affected. Starved nerves make the whole trouble. You need Ferrozone because it is a nerve food. It supplies the elements that are needed to make rich red blood. This is the savings bank of health. The richer the blood in red cells, the richer you're sure to be in health. Ferrozone quickly makes blood, strengthens the nervous system, strengthens the digestive organs and presto! the nervous disturbance disappears. Sold by all druggists.

T. G. Carson Honored.

The following clipped from a Winnipeg paper has reference to a Durham boy and son of Mr. and Mrs. James Carson of this town. Tom was presented by the Minto Lacrosse Club with a locket and chain for services rendered to that club. On one side of locket the initials T. G. C. are engraved, and the other, "Presented by the Minto Lacrosse Club."

Last evening at the home of Dr. and Mrs. Benson, the members and lady friends of the Minto lacrosse team gathered to say farewell to the esteemed player and captain, Mr. T. G. Carson, who is leaving the city to-morrow for the west. Mr. Carson has played point for the club for the last two years, and this year in particular his playing showed that he was the best player in that position in the city. The evening last night was enjoyably spent and will long be remembered by the Mintos. Wigston's orchestra supplied music to the dancing, which took up the major part of the programme. A very dainty lunch was served. After which Mr. Carson was asked to step forward, when Mr. Thurman read as follows:

MR. T. G. CARSON:

Dear Tom,—It is with mingled feelings of pleasure and regret that we are gathered here this evening to bid you farewell—pleasure because we believe that you are to be benefited by your removal from our midst, and regret because of the fact that we are to lose you. Not only will you be greatly missed in social circles, but also in sporting circles, for your presence on the line up of our lacrosse club has undoubtedly been a tower of strength to that organization. As a slight token of the esteem in which you are held by the members of Minto Lacrosse Club collectively and individually, and we might add, by your city friends in general, we would ask you to accept this locket and chain, assuring you the best wishes and success in your new home.

On behalf of the members of M.L.C. J. MOIR, Secretary.

In reply, Mr. Carson made a brief speech in which he said that he was glad to have the pleasure of being among so many friends, and that if ever in Winnipeg again during his lacrosse career, he would assuredly play on the Minto team. It was always a pleasure for him to be on the line-up of the red and white, and he could not say in words his appreciation towards the members of the club for their kindly feelings towards him. He concluded by saying that the Minto club would always be a pleasant remembrance to him and hoped that the club would meet many successes in the future.

The gathering broke up early this morning, everybody expressing that they had spent a very enjoyable time, and the Minto club owe a debt of gratitude to Dr. and Mrs. Benson for the use of their house and their generous hospitality throughout the evening.

Since her severe illness last spring death's shade has seemed to be slowly creeping over the brow of Miss Matilda, third daughter of Mr. John Brown, and on Monday evening, August 31st, the hand of death carried the bright, young spirit away to eternal rest, at the age of 15 years and 10 months. The funeral took place on Wednesday afternoon, and amongst the many floral wreaths that covered the coffin, two very important ones were one from the Sunday school and the other from the teacher and scholars of the day-school with whom she has always been held in high esteem, and the youthful mourners all turned out in person to pay a last tribute of respect to a companion they loved so much. The Rev. Mr. Little, who had been so kind and thoughtful of the young sufferer and was present when the spirit took flight, conducted the services both in the home and at the graveside in Maplewood
