Hutton Hill.

Quite a number have started to take up their potatoes which are turning out good, but the rot is nearly as bad as last year.

Miss Elizabeth McDonald spent Sunday at her home in Mooresburg.

Mr. and Mrs. Alex. Hopkins, of Proton Station, spent Sunday, the 4th, at the former's home here.

The home of Mr. and Mrs. George Mighton was brightened by the arrival of a little girl on the 7th.

Hutton Hill Sunday School entertainment was held in the school-house on Friday evening last. A very enjoyable evening was spent.

Miss Hannah Lawrence, teacher at Orchard, attended the Teachers' Convention and spent Sunday at her home here.

Mr. Fred Noble has purchased the Brown farm at Aberdeen and intends moving there next spring.

The young folks of Hutton Hill have decided on having a Pie and Box Social. We wish them success.

Priceville.

The great day has come and gone, and the Priceville Fall Fair has passed into history. Owing to energetic management the Fair was a great success financially and otherwise. The exhibits of stock and farm products were exceptionally fine. The special prizes also aroused great interest. The saddle-horse and football competitions were well contested and great amusement was afforded the spectators by the unflinching heroism shown by the boys in their onslaught on the biscuit box. The evening concert "capped the climax." Bennet was at his best, and the Highland dancing was excellent. Our local talent in the persons of Misses James and Grier and Piper McArthur acquitted themselves very creditably indeed. The hall was packed to the doors but under the able chairmanship of Mr. John McArthur the order was perfect. Owing to the crowded condition of the hall and platform the military drill prepared by the public school boys had to be omitted. This suggests the question, "can we not manage in some way to erect a hall in our village which will hold the audience without transforming them into sardines and at the same time leave the stage for the performers?" We are safe in asserting that, given such a hall, the audiences would be as large or even larger than in the average town.

Messrs. J. Conkey and A. McLean, of Toronto, and Mr. John McArthur, of Owen Sound Collegiate Institute, were home for the Fair.

The Management Board of the Public Library are negotiating for the purchase of new books.

Our senior football team have made a very good record for the first year. They played ten matches during the season and in only one case did the second game with any opposing team result in a defeat. Strange to say, all their bad luck befell them on the home grounds. The team referred to refused an invitation to a third game and so the boys have decided to suspend operations for the rest of the season. There is much splendid material in the "Goppers" and we have no doubt that if they get to work early next spring victory will be the rule of the season. Already there is some talk of inducing some of the neighboring teams to apply for admission to the W. F. A.

So they are looking for gas near Durham! Why did they not come to Priceville with buckets the day after the fall fair?

The days of mourning for the rabbits are at hand. Some of our youthful Nimrods are having most extraordinary luck.

Spring Bank.

Mr. Wm. Wright, who has been on an extended visit with friends here, left Tuesday for his home in Philadelphia.

Miss Victoria Scott visited her sister, Mrs. W. R. Watson, for a few days lately.

Mr. George Lawrence has returned home from Toronto somewhat improved in health although a complete cure has not yet been effected.

Mrs. David Hamilton visited friends in Elora last week.

Mr. Joe Watson, of Rocky Saugeen, visited the parental home on Sunday.

L. O. L. No. 1192 purpose having a Pie Social on the night of Nov. 5th. A good program will be provided for the occasion.

Miss Ellen Lawrence has returned home from Toronto, after spending some time in a Millinery department there.

Mr. and Mrs. W. R. Watson visited Glascott friends one day lately.

Mr. Geo. Myers with his spanking team of horses and Deering mower cut 17 acres of clover in 8 hours one day lately.

The taking up of roots is the order at present, and if all the reports be true, the crop certainly must be a record breaker. One man has man-golds so large that while attempting to pry one from the earth broke his crowbar square in two. Another one has them so large that after feeding a beast off one for two weeks there was still a good portion left. Another who always believes in

telling the truth goes one better and relates that he has them so large that he has to skid them as saw-logs and draw them home on the wagon with sleigh-bunks, chains and binding-pole attached. If there is anything at the coming World's Fair to beat this, we would like to hear from it.

Sackett's Corners.

Quite a number from around this part took in the Priceville Fair and report a fairly good time.

Mr. D. Rodison paid the corner a flying visit but has returned to his work at Markdale where he is engaged in running a threshing outfit.

Mrs. G. Haw got her foot hurt at the Priceville Fair by a horse bolting on the race track and knocking down some five or six persons. Mrs. Haw among the rest we trust will soon be better.

Mrs. A. Ernest, has returned from Walters Falls, where she was attending the sick bed and funeral of her mother.

Mrs. C. Neil, of Galt, is visiting Mr. and Mrs. G. Sackett at present.

We are sorry to learn of the death of Mr. William Orr, of New England.

The beef ring at the Corner has closed for this year and everything in connection with it was very satisfactory. Next year there will be a ring of twenty share holders instead of sixteen, as there was this year.

Increase of Business

Is a fair gauge of public appreciation of the quality of any article. A short time ago we recommended our own special

GOLDEN LION TEA

We might say that its sale has increased 300 per cent. It is a good thing or we should not call your attention to it.

When in Doubt About Buying a Watch

Hundreds

of visitors to our Millinery Openings last week were pleased with the goods we had on exhibition, and in many cases showed their appreciation by making purchases of their Fall headwear.

Visit our Store. A GLANCE THROUGH our well assorted stock will perhaps show you the very WATCH you need. If so—you take it. We feel sure it will please you. We often wonder ourselves who we give such good values for \$6.00 and \$8.00, but then you know it's a habit of ours of giving just a little better value than you expect. Have you seen those NEW STERLING GOODS and CUT GLASS we have just opened out?

Be Sure and Call.
