ROBERT BURNETT

J. M. Hunter Block.

Opp. Chronicle Office.

Priceville.

The Sons of Scotland Society of this place had a fraternal visit from Ben Nevis Camp of Durham on the 18th inst. Among them was Dr. Hutton, who is always glad to visit Scots Grey Camp, as he was a former member of them. The evening was an enjoyable one. Singing, dancing, &c., were indulged in. Pipers McArthur and Atkinson played a few "skirts on the bagpipes." After a lunch being partaken of, provided in the Commercial Hotel, all returned to their respective homes, each man being proud of "his ain country."

County Com'r McArthur, accompanied by Mrs. McArthur, was up in Markdale on Wednesday on the House of Refuge business. The building is a credit to the contractor as well as the county. The Com'r's let the contract of the water works at their recent meeting and the electric light will be installed this week.

Mr. John Stothert is one of the go-a-head farmers of our vicinity. He is now building a stone foundation for the erection of a fine barn next year. Masons McLean, McArthur and Reiley are the contractors. John will likely be looking for a competent young lady soon.

Thanksgiving Day (Thursday) was generally observed as a holiday in this burg. Some of our local sports went out shooting and had fair good luck taking into consideration getting the downpour of rain, &c.

The Junior football match, Flesherton vs Priceville, played on Saturday, resulted in a tie, the score being 1-1. The Priceville boys hold a high estimation of the Flesherton players, as the game throughout was keen and quiet. After the game and usual cheers they retired to the school room where the youth and beauty of the village prepared a lunch for the boys, which they did ample justice to. Mr. Ed. Thompson, of Flesherton, refereed the game to the satisfaction of all concerned.

Miss Dixon, of Walkerton, who has been visiting her brother, the Dr., returned home on Thursday.

Mrs. Grier, who has been a resident of the village for a number of years, is about to remove to Dundalk, having rented the store and dwelling lately occupied by her. Mrs. Grier has a host of friends here and all are sorry to lose her as a citizen but all join in wishing her all the good luck that fortune can bestow.

Mr. Wm. Reiley paid a flying visit recently to Bethel. Wonder what Willie is looking for? A job I guess — "a job that's nice and easy" on the teaching staff or something after that style.

Mr. D. McCormick is around again on his usual business tax collecting. Mc. makes his rounds on "shank's ponies" and has a record of that famous horse, "Dan Patch."

Mr. and Mrs. Peter McArthur, of Hopeville spent Monday at his uncle's Com'r McArthur, of the village.

Messrs. Allan McDonald, W. Billings and Colin McArthur are gone to the wilds of Muskoka to make timber. Colin is a typical "bush whacker" and can wield the axe to the satisfaction of the Co. he is employed with.

Mr. John Conkey, motorman, of Toronto Street Railway, who has been sorely afflicted with mumps, returned on Wednesday to resume his work again.

A gang of Greek horse traders passed through our village on Monday. They stopped a short while trying to create business but failed doing so.

Edge Hill.

Mr. Joseph McNally sold a horse in Markdale recently for \$150.

Mr. and Mrs. Thos Greenwood visited friends near Top Cliff last week.

Miss Bella Binnie spent the 1 ter part of last week at Mr. Dan Edge's.

Mr. Dan N. Firth, of Markdale, was home on Thanksgiving Day.

Messrs. Geo. and Wm. Ritchie have each invested in a furnace. There will be comfort on cold nights this winter.

Miss Madge Collier visited her aunt, Mrs. Jas Edge over Sunday.

Mrs. Thos. Banks, of Owen Sound, has been visiting friends in this neighborhood the last week or so.

Miss Ethel Greenwood goes to town this week to attend the High School Department of Durham school. As Ethel is naturally clever and studious we predict for her a successful course.

The members of Edge Hill Fresh Beef Association held their annual meeting at Mr. Robt. Ector's. The business for 1903 was satisfactorily settled and the ring organized for 1904. Following are the officers:— President, George Binnie; Secretary, John Firth; Butcher, Thomas Turnbull; Auditors, Alex. Firth, Thomas McFadden; Inspectors, Geo. Ritchie, Dan Greenwood.

We regret to report that Mr. Robt. McClinton, who has been residing with his daughter, Mrs. James McCracken, for the last few years, is seriously ill. Sorry also that the venerable Mr. Firth is not improving any.

Mr. Harry Williams has the stone foundation for his barn completed. He intends to put his straw stacks on the foundation so that he will have comfortable stables for his stock through the coming winter.

Mr. John Love started his new "Challenge" threshing, manufactured by Geo. White and Sons, at Mr. Dan Greenwood's on Saturday last. It is a thresher and steam cutter

Ayer's

Do you like your thin, rough, short hair? Of course you don't. Do you like thick, heavy, smooth hair? Of course you do. Then why

Hair Vigor

not be pleased? Ayer's Hair Vigor makes beautiful heads of hair, that's the whole story. Sold for 60 years.

"I have used Ayer's Hair Vigor for a long time. It is, indeed, a wonderful hair tonic, restoring health to the hair and scalp, and, at the same time, proving a splendid dressing." Dr. J. W. TATUM, Madill, Ind. T.

50c a bottle. All drug stores. J. C. AYER & CO., Lowell, Mass.

Weak Hair

combined with a straw blower attached. It gave good satisfaction and is a great improvement on the old style of threshers, as the cut straw takes up very little room in the barn and can easily be handled by two men. With his eighteen horse power traction engine, also manufactured by White & Sons, Mr. Love has certainly the most up-to-date threshing outfit in this part of the country, and his enterprise deserves a liberal patronage. But the old standby, Mr. James Bartley, still enjoys the reputation of "the best thresher on the line," and can always count on his share of the threshing at any rate.

Corner Concerns.

Mrs. J. E. Burrows, of Paisley, is visiting her mother and other friends in this part at present.

Mr. Frank Grasby went to Toronto a fortnight ago to be at the bedside of his wife who had taken suddenly ill while visiting her daughter. They returned home last week and she is since slowly recovering.

Mr. Wm. Stinson, from the vicinity of Mt. Forest, visited his brother-in-law, Mr. Wm. Marshall, last week.

Mrs. Walter Nichol accompanied her daughter, Mrs. Penny, to her home in Albany, N. Y., where she intends to remain for a few weeks' visit. By the way that is the State where she was born and raised.

Thanksgiving Day was spent in various ways here, church going and gunning being the two leading ones.

Mr. Abe Crutchley raises his new barn on Tuesday to replace the one burned by lightning last July.

Although for many years smoke had not been seen bursting through the cracks of the blacksmith shop on the Hills farm, it was noticed regularly last week. If the boys can only do the shoeing for the farmers of the neighborhood most farmers with a roll of fence wire and a good pair pliers can do general job work and almost any kind of repairing. So blacksmiths can now raise their charges and behanged to them for anything this neighborhood cares.

Com'r Allan was up to Markdale on Wednesday in company with his Colleague, Chas. McKinnon, letting the job of barn building in connection with the home for the unfortunate. His daughter-in-law, Mrs. A. Allan, accompanied him to visit her sister

"Now you have done it," said bystanders as Mr. J. Johnston placed a handsome new stove in the home he recently bought. We expect in the near future he will make another addition that will cause the remark, now you have Dennett, by his many well wishing friends.

Unknowing ones may think we are not an agreeable people here, as we have two steam threshers at work right close together. But such is not the case, it is dire necessity. The hogs have got all the ground turned over now that farmers care to have done this fall and will have to be fed in some other way. Horses have gotten so poor that they have to be smeared with coal-tar to keep the crows from taking them. Beds have had no fresh straw in them since early spring, and to make room for table setting on threshing days the stove has to be left out in the woodshed or summer kitchen and it snowing and blowing a perfect hurricane. Of course those of us who have to keep the two going are not suffering from cold.

The Green Grove beef ring held its annual meeting last Wednesday night and re-elected its old officers with the exception of Messrs. J. Maine and J. Hopkins as inspectors. They concluded that the dressed weight must not be less than four hundred lbs. in the future. Re-engaged Mr. T. Turnbull as butcher for 1904. Expressed their entire satisfaction of the efficient manner that he had conducted the affairs this year, and gave him a hearty vote of thanks in addition to his stated salary.

Our S. S. entertainment is to be held in the schoolhouse on the evening of Oct 29th. A good program of recitations, speeches and songs will be given. Tea, and eatables will be supplied in abundance, and the paltry sum of 15c. admits one to the entire performance.

The Rev. Mr. Campbell, of Dromore, will conduct cottage prayer meeting in the home of Mr. John Sharp on Tuesday night.

Increase of Business

Is a fair gauge of public appreciation of the quality of any article. A short time ago we recommended our own special

GOLDEN LION TEA

We might say that its sale has increased 300 per cent. It is a good thing or we should not call your attention to it.

NOW

Wood's Boston Stuyvesant Coffees

Are known the world over. We were singularly fortunate to secure the sole Agency. We suggest a trial.
