The People's Store!

What does a colored gentleman find the Easiest thing to do?

"KEEP DARK!" We don't want to keep our values dark—there're too good to hide. Since starting business here a few months ago our trade has increased far beyond our expectations. The reason for this is that people find our stock the best to their liking. Our goods are the best that can be procured in the markets, and our customers always leave this store happy after making purchases. Join the crowd and be one of our customers and save money.

Keep Warm by wearing our up-to-date Furs!

Since the cold weather has set in—people have made a raid on our FUR GOODS. We carry nothing but the "best" in this line and the people are bound to have our furs. We carry in stock—Coats for men and women—Caperines, Ruffs, Caps, Mitts, Gauntlets, etc.

Our Boots and Shoes Find Ready Buyers!

It strikes us very forcibly that we have the right kind of Boots and Shoes. They are quick sellers and are admired by all for their good qualities as well as their natty appearances. We have all shapes and sizes to suit every purse.

Get into one of our Ready-Made Suits!

Our "PICCADILLY" suits—made in the Old Country—seem to catch the old as well as the young. If you want to dress well and look well—wear our READY-MADES. We carry an up-to-date stock in every particular. The quality is high but the price is low.

Miss M. Wilson, of Proton, visited at Mr. Samuel Lawrence's last week. Miss May Scott, of Glascott, visited her sister Mrs. W. R. Watson lately. The first Anniversary of the Lawrence Hall Union Sunday school was celebrated on Monday night the 9th. After the children had been treated to a boundless supply of taffy a programme consisting of music, recitations dialogues etc. was gone through. Mr. William Aljoe who occupied the chair, then called Superintendent Mr. Alex. Firth to the platform while the following address was read and presentation made to Mr. Firth.

DEAR TEACHER: This being the closing of our Sunday school for this season. We your Bible class feel it our duty to let you know that your labor has been very much appreciated by us. We have been so much enlightened and profited by your instructions we hereby tender our sincere thanks together with this chair as a token of respect, hoping that it will prove useful as well as momentous of the high esteem that this Bible class has toward you. We feel grateful for the interest you have taken in the welfare of the Sunday school and hope to enjoy if spared to have you for our teacher for many seasons to come. We trust that during the months we are not meeting in this school room that the many good lessons you have taught us will not be forgotten in the prayer of your Bible class at Lawrence Hall Sunday school. Signed in behalf of the Bible class, and read by Miss E. Lawrence.

In reply Mr. Firth heartily thanked them for their generosity and said that if his words failed to express the thanks he owed he hoped he would be forgiven. He also impressed that if the Bibles that were so diligently used throughout the summer months were cast away on the shelf during the winter, he felt that his labor was but a vain effort to do good.

After a long and lingering illness, there passed away at the home of his parents, Mr. George Chourdt on Wednesday November 4th. For want of data we are unable to give particulars beyond that he was a young man of few words, hard working and industrious. He will be missed by his parents, brothers and sisters to whom we extend our sympathy.

Flesherton.

On Thursday last a couple of seedy looking foreigners paid this place a visit and after plying their trade of pretty well concealed tricks of dishonesty in some of the business places almost succeeded in shaking the dust of the place from their feet with \$15 of Mr. R. Trimble's money which he had given one of them in a mistake when making change for a small purchase. Shortly after the strangers' departure Mr. Trimble discovered his mistake and secured the services of Mr. T. A. Blakely who captured his man making tracks to the Station. He was brought back to Mr. Van Dusen's office and with feigned innocence returned the money to its rightful owner. Mr. Karstedt had occasion to order the fellow out of his place of business and, we understand, lost a small sum by him. Horse trading the rovers acknowledged was their avocation and wanted to rent a house from jeweller Armstrong to locate here, but that gentleman declined this offer informing them that he had no houses to rent to characters who made their living in that way. A dip in the mill pond before their departure might have been an effective token of not wanted here and certainly wouldn't have been amiss as a bath to their persons.

Born—On Wednesday of last week to Mr. and Mrs. H. Bant, of this place, a son.

Mr. George Mitchell returned on Saturday from his deer hunting holiday in Muskoka. The party of four secured their full complement of eight deer and our townsman had the satisfaction of shooting one of the finest in the bunch.

Mr. M. K. Richardson occupied the Methodist pulpit on Sabbath morning last. Special services are continued in the church this week afternoon and evening meetings at which the pastor is being assisted by Revs. Watch, of Shelburne, Wellwood of Dundalk, Scott, of Maxwell, Sinclair, of Eugenia, and Roach, of Priceville.

At the adjourned meeting in the interest of the Public Library on Thursday evening last. Messrs. W. J. Bellamy, W. H. Thurston, C. N. Richardson and Dr. Murray were appointed a committee to make a vigorous canvass in behalf of the institution and we trust there will be a response to their appeal.

Mr. M. K. Richardson was at Holstein last week attending the funeral of the late Mr. Petrie, of that place.

Dr. and Mrs. Christoe returned last week from visiting friends at Detroit and other points in Michigan. The Dr. supplied the Advance with some interesting items while away.

Mrs. L. Ludlow and children, of Port Huron, are visiting the former's parents, Mr. and Mrs. Isaac Sinclair, here.

Mrs. Pye returned last week from visiting her daughter in Toronto.

Mrs. Hickling has returned from visiting relatives in Toronto.

Mr. Geo. Blackburn, of Creemore, visited from Friday till Monday with his relatives in this place and vicinity.

Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at Darling's Drug Store. tf.
