GATHERED DURING THE PAST WEEK FOR CHRONICLE READERS.

If you're after bargains read our "Business Locals."

THE CHRONICLE is now printed in Smith's foundry building. You'll find us there ready for business.

AUCTION sale, Keeler and son, on Saturday Dec. 12th. See Bills, and full list in this issue.

WOOD CUTTERS WANTED.—Apply to D. McLean, lots 1 and 2, con. 22, Egremont.—2.

NOTICE.—All parties indebted to us for twine are requested to call and settle at once. C. Smith & Sons.

MR. BROWN, the milkman, wishes to announce to his customers that he raised the price of milk to six cents a quart on the first of December.

THE PRESBYTERIAN GUILD held a very successful social evening on Tuesday night last in the school room of the church.

T. P. SMITH eye specialist of Elora, will be at the Middaugh House, one day only, on Wednesday, December 9th. Consultation free.

THE St. Andrews Anniversary Monday night last at Hanover was honored by a full house. Mr. John Drysdale of this town was an appreciated vocalist.

THE LIBERALS have bills out announcing a convention to be held in Durham on the 17th of December to nominate a candidate for the House of Commons.

THERE will be a meeting of the directors of the Public Library on Friday evening the 4th inst. at 8 p. m. in the library room. All the members are urgently requested to be present.

AUCTION SALE.—At lot 50, con. 3, W. G. R., Bentinck, near Hutton Hill, on Tuesday, Dec. 8th. Sandy Alexander, proprietor. Hugh MacKay, auctioneer. Full particulars in this issue and on bills.

WE had again the pleasure of another musical feast on Monday night last at the home of Dr. and Mrs. Hutton where Mr. Halle's musical productions were quite as charming as on previous occasions.

JOHN ALEXANDER DOWIE, the self-styled Elijah III is in financial difficulties, and in his own vulgar style appealed to his followers for more money. Of course he'll denounce the statement as another specimen of newspaper lying, and it's altogether likely he'll tide the matter over for a time.

THE flowing well is now abandoned by the Gas and Oil Company, but the water is still squirting up to the height of about ten feet through a small hole left in the plugging. We still think it a pity the electors did not see their way clear to make use of it for town requirements. We think there is a grand opportunity for a private company to take hold of it and supply those who are willing to pay a reasonable rate for what they get. Surely the greater portion of the citizens would like good pure water even if they did see fit to vote against the by-law. Every permanent property holder, it seems to us would support a system of water-works, if once installed. We would really like to have the question discussed intelligently. The well is still the property of the Gas and Oil Co., and arrangements can be made for its purchase.

THE joy of moving is something that only a few can realize, and when it comes down to moving a printing plant the number is indeed limited. Since the last issue of our paper was off the press we have had our hands full in transferring machinery and printing material from the Middaugh House block to the front of the Durham Foundry. Say, wasn't it hard, dirty work! and the end is not yet. We are pleased, however, that things are now fairly well adjusted and the rumble of the presses may again be heard. We explained last week that our lease of the premises we occupied since taking the paper seven years ago had expired, and that the owner wanted it for his own use, and we had to get out, much as we disliked the job. We hope, however, to get some of our own in the early future and similar moving ordeal will be endured.

Saws gummed and fitted at Smith's foundry.

SKATING began this Thursday night. The band has the rink in charge again this year.

THE Directors of the Public Library are requested to meet Saturday night at 8 o'clock in the Reading Room. Important business.

KEELER'S STOCK SALE last Saturday was quite a success. Everything sold well, and that's what constitutes a good sale.

THE Pie and Box Social, Friday night last at S. S. No. 9. Glenelg was a great success. The pies sold well and over \$40 was realized.

WE'RE late a day or so this week but moving a printing office and changing about fifteen ads. is no picnic.

THE election of officers took place on Monday night last in Grey Lodge No. 169 when the officers of the last term were all re-elected.

THE TAX NOTICES are now in the hands of the ratepayers, and payment is to be made on or before the 14th.

SALESMEN WANTED to look after our interest in Grey and adjacent counties. Salary or commission. Address The Victor Oil Company, Cleveland, Ohio.—2.

FARMERS' ASSOCIATION MEETINGS, will be held at the following times and places:—Russell Hall, Dromore, Wednesday, December 2; McCuaig's school house, Glenelg, Thursday, December 3rd; Allan Park, Bentinck, on Friday afternoon, December 4th; Watson's school house, Normanby, Friday, December 4th, at 7:30 p. m. Mr. W. L. Smith, Toronto, Secretary of the Central Association, will address these meetings—upon live questions of great interest to farmers and others—Wm. Allan, President; George Binnie, Secretary.

THE following students attending the Durham Model School have secured schools as follows:—Miss Margaret Hutton, S. S. No. 8, Bentinck, (Louise); Miss Grace Everitt, Palmerston Public School; Miss Marion Morton, S. S. No. 4, Glenelg, (Waudy); Miss Mabel Hunt, S. S. No. 11, Artemesia; Miss Allie Blackburn, S. S. No. 1, Normanby and Egremont, (Varney); Miss Greta Nichol, S. S. No. 5, Bentinck, (Lamash); Miss Ethel Limin, S. S. No. 3, Glenelg and Bentinck, (Latona); Mr. Harry A. MacQuarrie, Limwood, (Waterloo Co.)

WE regret very much to learn of the death of Thomas Binnie McGirr, son of Mr. and Mrs. Thomas McGirr, near town. The young lad whose death we chronicled was an exceedingly bright boy in his eighteenth year, giving much promise of a long and useful life. Last July he passed his Junior Leaving Examination and up to two weeks ago was attending the Model School here, looking hopefully forward to himself being a teacher during the ensuing year. Such, however, was not to be the case, for he was stricken down with acute Brights disease, and after eight days' confinement to bed the poor suffering patient succumbed to the ailment on Monday last, despite the best efforts of the fond parents who spared nothing in medical aid and skilful nursing to prolong life. It is indeed a hard trial for Mr. and Mrs. McGirr, and only those who know by experience what it means can realize the extent of their sorrow. The sorrowing parents and members of the family have the entire sympathy of the community, and as a token of respect the model and public school teachers and pupils placed a handsome wreath on the coffin expressive of their sorrow. The Chronicle joins in sympathy with the distressed relatives.

Cheating the Widow.

EGREMONT, NOV. 1903

EDITOR CHRONICLE:—

It made some people open their eyes when the widow's friends wanted the buggy knocked down at such a low figure, but auctioneer McKay knew better than to be caught in a trap. Such tactics beat the Dutch. You know the rest.

Neuralgic Headache is Usually Attended with blinding pain, but relief comes quickly when Nerviline is applied, for it is the strongest pain-reliever in the world. "I consider Nerviline a most magical remedy for Neuralgia. I am subject to violent attacks," writes Mrs. E. G. Harriss of Baltimore, but never worry if Nerviline is in your house. The prompt relief that Nerviline brings makes it priceless to me. A few applications never yet failed to kill the pain. I can also recommend Nerviline for stiffness in the joints and rheumatism." Try Nerviline yourself. Price 25c.

Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at Darling's Drug Store.

The Raise in the Price of Gas.

We understand that it is the intention of the Gas Company to raise the price of gas from 18c to 25c per thousand feet on December 1st. This will make the second raise in gas since it was first used and as the price goes up the service gets worse and at present it is worse than useless. And in the face of these facts the company are about to raise the price. We venture to say that by the time the raise in price comes there won't be enough gas used in the entire town to suffocate a child. The customers, we are certain, will not suffer such preposterous unreasonableness. As we have already said the service is useless. The best light in town is about as much use as an ordinary wax match, while for heating purposes one might about as well use a snowball. This is about as unreasonable an action as the company could be guilty of. Instead of raising the price they should remunerate their customers for having to put up with the farce. Our suggestion to the company would be to discontinue supplying gas for heating purposes and use it for illumination only.—Hepworth Journal.

A subscriber to a farmer's paper asked this question: "At what time and under what circumstances may a farmer shoot stray dogs on his premises?" The answer the paper gives to this question is as follows, and it would be well for owners of dogs to bear it in mind: "He may kill any that he finds astray between sunset and sunrise on his farm if sheep are kept thereon, unless such dog be securely muzzled or accompanied by or in reasonable call or control of the person having it in charge. Even in such case the dog may be killed if there is reasonable apprehension on the part of the farmer that such dog if not killed is likely to wound or worry sheep or lambs then on his farm. He may also kill any dog which he sees pursuing, worrying or without lawful permission to any enclosed field on his farm and found by him to be giving tongue and terrifying any sheep or lambs thereon."
