BIGGEST MAIL ON RECORD.

On December 31st, the biggest mail ever received by one firm in Canada was delivered to the Family Herald and Weekly Star of Montreal. The number of subscription orders received by that paper on the above date would probably exceed the entire receipts of any other paper for the whole month. The publishers were at their wits' end for an hour or two but quickly met the emergency by adding a complete night and day staff, and will keep up to date entering the names. The public are realizing more than ever what big value they receive in that great weekly, and are not slow to take advantage of it. The premium picture, "A Tug of War," given to all subscribers, is the best ever issued. No family should be without Canada's great family and farmer's paper this year.

THORNS IN THE FLESH.

Even worse—the agony of corns. Why suffer—cure is waiting in every drug store in the form of Putnam's Corn Extractor which relieves at once, cures thoroughly and without pain. For good results use only "Putnam's."

ONE FOR DAD.

We happened in a home the other night and over the parlor door saw the legend, worded in letters of red, "What is Home without a Mother?" Across the room was another brief, "God Bless Our Home!" Now, what's the matter with "God Bless our Dad?" He gets up and lights the fire, boils an egg, grabs his dinner pail and wipes the dew off the lawn with his boots while mother is sleeping. He makes the hand-out for the butcher, the grocer, the milkman and baker and his little pile is badly worn before he has been home an hour. He stands off the tailiff and keeps the rents paid. If there is a noise in the night, dad is kicked in the back and made to go down stairs to the burglar and kick him. Mother darns socks, but dad buys them in the first place, and needles and yarn afterwards. Mother does up fruit but dad buys it all, and jars and sugar costs like the mischief. Dad buys chickens for Sunday dinner, carves them himself, and draws the neck from the ruins after everyone else is served. "What is Home without a Mother?" Yes, that is all right; but "What is Home Without Father?" Ten chances to one it is a boarding house, father is under a slab and the landlady is a widow. Dad, here's to you. You've got your faults, you may have lots of them, but we'll miss you when you gone. —Harriston Review.

TAKING ORDERS.

Ladies selling skirts and corsets are becoming as big a nuisance and as great a problem to the town merchant as are pedlars and itinerant dealers in small wares. They pay no taxes, are here to-day and away to-morrow. The Kincardine Reporter refers to these skirt and corset agents, as follows: "There was a lady agent in town last week taking orders for ready made skirts and she received quite a number. How much taxes does she pay? How much good does she do this town? Are the skirts any better than your local merchants sell? You pay cash to these outsiders and give the local man the "finger." He carries your account for two, three or six months. That's right, when you have a spare dollar send it out of town. Don't imagine the local man wants any money. He gets his light, water, rent, taxes and everything else free. Another funny thing about these outside agents is that they are always in hard luck. Have a sick mother and four or five children to keep. The sympathy dodge works wonders and you pay extra for the goods you buy. Say, don't you think this kind of business is wrong. Spend your money where you earn it. You will get just as good value."

LARGE SIZE BOTTLE FERROL Absolutely FREE!

La Grippe, Consumption, Cough, Tonic, FERROL

A Daring Distribution

The undersigned Druggist at the earnest solicitation of the Ferrol Co., Limited, of Toronto, has made a thorough and searching investigation into the merits of FERROL, and of the methods of that Company, and he finds that: Every cure claimed by the Company is absolutely genuine; that FERROL is manufactured from the best quality of Munn's Celebrated Cod Liver Oil (the whole of the oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared, that not one in a thousand finds any trouble in taking it; that the medicine has accomplished the most amazing results in its own city; that its sales in the Home City have been phenomenal; that it is endorsed by all druggists without hesitation or qualification; that it is, in short, all the Company claims for FERROL, and more.

The more I investigated the more enthusiastic I became. It is no longer a question of my willingness to handle the preparation—FERROL—but how can I bring it to the immediate suffering of this city?

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, of Toronto, and the unequalled merits of their preparation, FERROL.

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, of Toronto, and the unequalled merits of their preparation, FERROL.

(Signed) **MacFARLANE & CO.**

I find also that the druggists in other cities have taken upon themselves the solemn responsibility of standing behind this medicine; and that these druggists have made in each city a daring and remarkable distribution of full-sized bottles.

Impressed by the action of our fellow-druggists, and convinced that they would not have given this remedy such unqualified approval without positive knowledge of its merits, I have decided to follow their example and distribute free of charge

75 Large Bottles of FERROL Free to the Sick on SATURDAY, January 12th at MACFARLANE & CO.'S Drug Store DURHAM, ONT.

Maintaining a first-class Drug Store, the above named Druggist occupies a commanding position in the retail drug trade of this city, and almost every remedy that is offered to the public seeks an outlet through his store. But with an eye single to the interests of his many patrons he is careful to handle the most reliable preparations. Consequently when a medicine is recommended and endorsed by this Druggist, that medicine must have merit.

FERROL WHAT IT IS AND WHY YOU SHOULD TAKE IT

THE FERROL CO., LIMITED
CITY

May 24th, 1905

GENTLEMEN,

The bottle of FERROL I secured from you, I have found to do great good. My son used it for a bad cold, and it cured him. I know it to be an excellent remedy for a bad cold and for building a person up after sickness. I might say that it was a prominent doctor friend of mine in the city, who used it for his son, and spoke to me of it. I have since recommended it to a great many of my friends to try.

Yours truly,
J. B. THOMAS
P. P. 157.

WHAT FERROL DOES.—A careful perusal of the foregoing will readily suggest to the reader what FERROL does. It builds up the run down constitution as no other preparation can. It cures Anemia, no matter how chronic, by supplying the blood with just what it requires in the only form in which impoverished blood can be so supplied. It prevents Consumption by fortifying the constitution against its attacks. It restores Nervous Vitality in a manner little short of marvellous. It cures Coughs, Colds, Bronchitis and kindred diseases by building up the constitution so that the system will throw off the disease by NATURAL PROCESSES—a very different thing from the usual method of treatment by administering cough medicines and other drugs which are sure to impair digestion and are always debilitating in their effects. FERROL, on the other hand, while removing the disease, at the same time INCREASES THE WEIGHT, ENRICHES THE BLOOD and improves the patient in every respect. It assists in the development of delicate infants and children, and it is particularly valuable for boys and girls at the period of transition, safe, unobtrusive and unobtrusive when they are so likely to outgrow their

strength and the system is rendered peculiarly susceptible to the attacks of disease. It strengthens the muscles, tones up the nerves, improves the vitality, strengthens the action of the heart, and builds up the whole system so that the germs of disease can obtain no foothold. It has a wonderful recuperative effect on the Brain—bringing to it in proper form Phosphorus, the Brain's chief constituent; attacks of depression and morbidness, "brain fog," etc., are dispelled—the cure is basal, constructive and complete. **WHAT IT IS NOT.**—It is not a "Patent Medicine"—the ingredients are freely made known, only the method of manufacture being secret. **REMEMBER.**—There is only one Emulsion of Cod Liver Oil, Iron and Phosphorus, and that one is FERROL. If you feel the need of a Restorative see that you get FERROL and do not be put off with something "just as good"—there is nothing half so good—nothing "just the same." **Protect yourself.** Cod Liver Oil, Iron and Phosphorus are not new remedial agents; for ages their merits have been known and recognized, and for many years physicians have indulged the hope that some day a satisfactory combination of these remedies would be printed and the full

benefit of their life-giving properties made available. In "FERROL" that hope has at last been fully realized, and the practical benefits resulting from its use have far exceeded the most sanguine expectations. These agents are combined in a scientifically prepared Emulsion so palatable that even a nursing infant can and will take it readily, even greedily; so easily assimilated that the most delicate digestive organs will dispose of it with less difficulty than they would expectance in the digestion of the plainest food. **WHAT IT IS.**—"FERROL," as its name implies, is composed mainly of Oil and Iron—it is, in short, a **Restorative Emulsion of Cod Liver Oil and Iron**, with a medium of Phosphorus added, and is positively the only preparation combining these ingredients. The apparently extravagant claim that it has no equal in its peculiar sphere is based on the following common sense reasons: It combines in palatable form Cod Liver Oil, the greatest tissue-builder and flesh-producer known to medical science, with Iron, the one and only agent which will supply impoverished Blood with the red corpuscles which it must have in order to insure a healthy condition and Phosphorus, which has no equal as a Nervine.
