### PRESS ASSOCIATION.

The forty-ninth annual meeting of the Canadian Press Association was held last Thursday and Friday in the Temple Building, Toronto. The attendance was good and much interest was taken in many subjects that were assigned for discussion.

The annual dinner of the Association was held at McConkey's on Thursday evening and was attended by about two hundred members and their friends. The venerable Goldwin Smith who attended many similar functions during the last thirty years, was unable to be present but sent his regrets in the form of a letter. He referred to the independence of the press and showed that interests of various kinds, too often sinister have learned the use that may be made of a clandestine control of the press. "What is behind the press" he says "is one of the most critical questions of the day." He referred to the difficulty of resisting such influences and resisting also the "violent gusts of popular passion," and to risk circulation in the hope of an increase of public confidence and a revival of the list of subscribers when the storm has passed. He concluded with the following remark:—"For sixty years, as I have said, I have been more or less connected with the press. The end of the connection, therefore, has nearly come. But let me say, especially to the younger members of the profession, that I hope they will always regard me as one of its patriarchs, and that if ever they happen to need information which I or my bookshelves can supply, they will remember that my door is open."

The guests of the evening were Hon. George P. Graham, the newly appointed leader of the Ontario opposition, Colonel Hugh Clark M. P. P., Mr. T. Preston M. P. P. and Mr. Harrison Parker, assistant manager of the Chicago Tribune, all of whom made interesting addresses.

On Friday evening members of the Association from outside the city were guests of the Toronto Press Association at the Princess Theatre.

On Saturday morning a free excursion was given members of the Association and their friends by the Grand Trunk Railway Co., to Niagara Falls. The train left the Union Station at

nine a. m., and stopping only at Hamilton arrived at the Falls about eleven o'clock, when they were taken free by the Niagara Electric Railway Co. to the Ontario Power Company's works. Starting first up the River a close inspection was made of the intake from which the necessary supply of water is secured and carried to the Power House which is situated at the foot of the Canadian Horseshoe falls. In order to reach many points of interest it was necessary for the party to go through many underground tunnels, formed through the solid rock. Up and down elevators and up and down stairways formed physical exercise not often indulged in by some of the sight-seers. The officers of the Company who took the party in tow were exceedingly courteous and gave all information sought for and volunteered much that was not thought of by the ordinary sight-seer. The Electrical Development Company's works were also inspected. These are only yet in the constructive period with only part of the place ready for service. The plant is sufficiently far advanced for the operation of one unit of 12500 horse power which is now supplying power to the Toronto Street Railway.

About half past one the Association made its way to the Clifton House a magnificent hotel in full view of the falls, and just recently completed at a cost of half a million dollars. We were the guests of the house for luncheon on their invitation which was sent in as soon as they learned that Association had decided to visit the falls. We were thoroughly cared for by the most courteous waiters. After dinner an address of welcome was extended us by the Mayor of the town and a few brief addresses followed. The ever present photographer was on hand and took a snap shot of the group.

The next move was to the works of the Natural Food Co. of Niagara Falls N. Y. Here again we met with the kindest reception and were shown through the magnificent building to see the operations necessary for the manufacture of Shredded Wheat Biscuits. Everything was scrupulously clean and the hundreds of lady employees were tastefully attired in becoming uniforms. The members of the Press throughout the country know from actual observation not that Shredded Wheat Biscuits are made from pure wheat. Everything goes like clock-work and the machinery employed is a marvel of perfection. Lunch was again served and the happy company returned to their homes much pleased with the their outing and grateful to the Railway Company, the Clifton House, The Power Company, The Natural Food Company, The Street Railway, and all the other factors that contributed to the enjoyment and profit of the visitors.

### NOTES.

Joe Clark is the big man of the Association.

J. R. Bone is a most efficient secretary and courteous to a fault.

J. D. McDonald General Passenger Agent and W. E. Duperow Travelling Passenger Agent of the G. T. R. accompanied the party and helped to make them happy.

There were a jolly party and Charlie Young of Cornwall was as gay as a kitten when he led the party in the sad refrain "Hop along sister Mary."

A summer trip to the coast is talked of but left in hands of a committee to decide.

Another year before the next annual meeting.

### HELPS MEN TO WORK HARD.

That's what Ferrozone does; it supplies the additional strength that enables a man to maintain health under difficulties. "Last spring I was so completely fagged out I could not work" writes J. W. McNichol of Turnbull, Man. "In the morning I was tired—limbs ached all over. Had no appetite, was sleepless, nervous and unhappy. Ferrozone put new life into me. Now I eat heartily, nerves are strong. I sleep well. I know the joy of health." It's by supplying nourishment and good blood that Ferrozone builds up; try it—50c per box at all dealers.

## SUNDAY WAS BAPTIST DAY

Excellent Sermons by Rev. J. B. Kennedy of Toronto

### THE FOURTH ANNIVERSARY GATHERING

The Choir Greets the Occasion with Fine Music

DURHAM BAPTIST CHURCH

Sunday marked the fourth anniversary of the inauguration of public worship in the new Baptist Church.

Rev. J. B. Kennedy, M. A., pastor of Memorial Baptist Church, Toronto, preached to fair audiences at both services, considering the severity of the weather. In the morning the speaker took for his text: "Do all things without murmuring and disputings: that ye may be blameless and harmless, the sons of God, without rebuke, in the midst of a crooked and perverse nation, among whom you shine as lights in the world." Philippians 2: 14-15. The Apostle Paul was the figure about which the speaker delivered an eloquent sermon. He divided it into three parts as follows: Doing—activity; being—character; shining—influence.

Paul was speaking to the Church, showing them the spirit in which they should work for the Lord, and that they should do all things willingly, cheerfully and heartily.

In the evening the subject was, "Sum and substance of Religion," taken from Rom. 7: 24. "O wretched man that I am! who shall deliver me from the body of this death." It was a powerful discourse and was well delivered to an attentive audience.

The choir gave splendid service under the leadership of Mrs. Newton throughout the day and was complimented by pulpit and pew for their efforts.

On Monday evening Mr. Kennedy lectured on "A Man's a Man for a' That." To hear it was to enjoy it as the address was interspersed with pithy anecdotes, which helped to bring the truth home to us that "a man's a man for a' that." Pastor Newton was chairman and at the close took occasion to express the appreciation of the congregation for Mr. Kennedy's kindness in assisting at this anniversary.

The choir rendered several choruses during the evening which were highly appreciated.

The singing of the National Anthem and the benediction by Rev. Mr. Kennedy brought a profitable evening to a close.

The past year has been a prosperous one for our Baptist friends financially and spiritually. Love and harmony pervaded the membership. The Pastor and his gifted wife are happy in their chosen work and are held in high esteem, not only by their own flock but by the general public as well.

### Corner Concerns.

The people of the Haunted School section will likely get their pictures taken free gratis again by some interesting artist, as they will be about as great a curiosity now since advertising themselves so widely as being afraid of a three hundred dollar salary for school teacher, as they were when the ghost chased them in 1894 from the old school to the top of a neighboring hill. Three hundred, we think, is the minimum salary for that section, and it might be placed in the same category with ghosts. To the intelligent mind spooks are things that do not exist except in name, and school teachers of matured mind and experience for a salary of three hundred dollars are also things not to be found. These people of No. 10, Glenelg, whether good cowards or not have certainly the knack of getting a lot of cheap notoriety for themselves.

Mr. Wm. Allan had a successful wood cutting bee last Thursday, in fact most of his neighbors have had the same lately as that is their mode of preparing the year's wood.

Another poverty social in aid of the poor is being talked up in this section, while whisperings of a wedding is interesting the minds of those in the north.

The people of Knox Church, Normanby and Dromore were unanimous in their call to Rev. Kendall of Woodland and Conn stations. They could scarcely be otherwise is the expression of those who know the Rev. Gentleman. Well, things will again run smoothly in those two stations.

While engaged splitting timber on Saturday with an iron wedge Mr. Henry Lawrence got a nasty gash in the mouth by the wedge bouncing from the stick and inflicting a wound that will lay him off talking for a time. We hope to hear of his speedy recovery.

You will please excuse us, Mr. Edi-

tor, for not forwarding our budget as usual last week, but really we were very angry for you interrupted us so bluntly when we were in conversation with one of the Hutton Hill girls.

Mrs. Chas. Gray is visiting her sister Mrs. Noble, of Guelph.

While the water was high over the Varney sideroad some thrilling experiences resulted. Joe Brown's sail through it coming home from a Durham concert was almost as notorious as sailing the Minnie M. in the waters of Lake Superior a few years ago.

Mr. David Chapman, who has been spending the past month with his mother and many other old friends, leaves shortly to look after his mining business over in Uncle Sam's domains.

Timber was made last week for the new Church sheds and more brick hauled, yet there are some who don't believe that a church will really be built. If those doubting Thomases would only thrust their hand in and take hold of the work they would have greater faith.

There was a big shipment of hogs at the Holstein station on Thursday, possibly what would fill a couple of cars. As buyer John Brown does not go in search of them now but allows farmers to bring them in at sweet will and receive the highest price, he has little idea what his load will be.

### A STOREHOUSE FOR POISONS.

You may not think so, but that's why you become when the kidneys are affected. These organs cleanse the body; they are the filters that remove from the blood the waste matter that acts like deadly poison on the vitality and health of the system. Dr. Hamilton's Pills stimulate the kidneys, expel fermenting matter from the bowels, restore the liver and stimulate all excretory and secretory organs. This enables the blood to quickly replenish itself and establishes perfect health. No medicine does such lasting good as Dr. Hamilton's Mandrake and Bitternut Pills, 25c at all dealers.
