

Waubdy.

This week the thermometer got down to 20 degrees below zero.

Mr. Wm. Studdwill was a caller on the Watterson family recently.

Mrs. J. Vessie and Mrs. J. Bell of the Rocky spent Friday last with the Dunn family.

Mr. John Ellison is still confined to his bed but we hope to see him before long able to be around again.

Mr. Hartford has got a gang of men taking out square timber in this neighborhood. We thought there was no more elm to be had but still there's more to follow.

Mrs. John McKenzie is off the general toil with a sprained hand.

Mr. James Ellison has purchased a horse from Mr. W. J. Bell of Travers-ton for the neat sum of \$190. He has got a matched team now.

Land around our burg has been changing hands lately. Mr. John McKechnie has bought what was known as the McDonald farm for \$1200.

Mr. Wm. Baker has purchased W. T. Kerney's farm for the round sum of \$3200, while we hear that a Mr. Edwards of Owen Sound has purchased Mr. P. McInnes' property.

We understand that Wm. Bell of Tisdale, Sask., but formerly of our burg has tied a knot with his tongue that he cannot open with his teeth. Congratulations.

There was a number of the young folks gathered at the home of W. T. Kerney's and enjoyed themselves until the wee sma' hours in the morning.

Mrs. J. McNally spent a few days with her parents the Livingston family at Priceville.

Mrs. J. Hewitson of Bentinck spent Sunday with the Donn family.

Mr. Wm. Watterson has re-leased the McArthur farm for 1907.

STEEL KNIFE IN THE FLESH.

That's the sensation experienced by Robert Price of Hecton, Ont. He knew it was sciatica and of course used "Nerviline." As usual it cured and he says: "No liniment can excel Polson's Nerviline. Severe pains made my side lame. It was like a steel knife running through the flesh. I rubbed in lots of Nerviline and was completely cured." A regular snap for Nerviline to ease Sciatica and rheumatism. It sinks into the core of the pain, cures it in short order. Large 25c bottles at all dealers.

Priceville.

(Flesherton Advance.)

Last Saturday was Candlemas day and we heard some of the old proverbs made use of in regard to weather probs: "If Candlemas day be fair and clear, we'll have two winters in the year; if Candlemas day be wet and foul, half the winter is gone at Yule" (6 Jan.) So with the fog in the morning changing to rain about noon and snow storm at night, Saturday was anything but fair and clear.

Many persons are ailing with colds or la grippe. On the north line, Mr. J. McQuarrie and family have been all laid up and kind friends were in attendance.

Mr. Malcolm McDougal, old Durham Road, is quite ill at present.

Several carloads of square pine from B. C. are being delivered here for the new bridge over the new line of railway.

Mr. R. B. Reiley, of Nelson, B. C., is visiting his mother at the old home. Robert is the eldest son of the late M. Reiley.

A son and heir arrived at the home of Mr. and Mrs. Hugh Watters one day last week.

Mr. and Mrs. P. Bolger, of the Crown Hotel, were blessed with twins, boy and a girl. Who says

that nine months of local option is not a success?

A. D. McLeod's chooping mill is doing a rushing business this winter.

Mr. Duncan Muir is placing shingles and other materials on the property lately purchased on Artemesia street.

Mr. Ed. Watson and sister, Janie, went to Shelburne on a visit to friends.

The Woman's Institute will meet at the residence of Mrs. N. McKinnon at 2 p. m.

If you are Constipated, dull, or bilious, or have a sallow lifeless complexion, try Lax-ets just once to see what they will do for you. Lax-ets are little toothsome Candy tablets—nice to eat, nice in affect. No griping, no pain. Just a gentle laxative effect that is pleasing desirable. Handy for the vest pocket or purse, Lax-ets meet every desire. Lax-ets come to you in beautiful lithographed metal boxes at 5 cents and 25 cents. Sold by McFarlane & Co.

ONTARIO DEPARTMENT OF AGRICULTURE.

Agricultural Societies, Parliament Buildings.

TO THE OFFICERS AND DIRECTORS OF AGRICULTURAL SOCIETIES:

GENTLEMEN,—The Department is anxious at as early a date as possible to know if your society intend holding a spring stallion and bull show, or seed fair, or both combined.

Section 21 of the new Act, sub-section (b) and (c) reads as follows:

"Societies that hold a Spring Stallion Show, a Spring Bull Show, or a combined spring stallion and bull show, shall receive a grant equal to one half the sum expended in the holding of such show, but such sum shall not exceed fifty dollars."

"Societies that hold a spring seed fair shall receive a grant equal to one half the sum expended in the holding of such fair, such sum not to exceed twenty five dollars."

Agricultural societies can if they wish hold a combined spring seed fair and ca tie show. The maximum government grant will be \$75 where a combined show is held. It is of great importance that these spring shows should be held, and the Department is anxious to further in every way possible the holding of these fairs. If you decide to have a seed fair or horse and cattle show under the sections quoted above we can arrange to send you expert judges for your stock. At these spring fairs farmers are given an opportunity to see and examine carefully and select the stallions that will be used in the locality. Bulls can be exhibited and offered for sale, the agriculturists who have seed gain to sell will find purchasers.

The Department is willing to send you, without cost to your society, lecturers on the different varieties of grain, seed, potatoes, etc., that experts consider would be best suited to your soil and climate. With this end in view the officers of the Seed Division of the Department of Agriculture at Ottawa have agreed to furnish a number of expert lecturers to attend our Spring Seed Fairs.

It will be necessary for your Board of Directors to decide as soon as possible if it is your intention to take up this valuable agricultural educational work in your vicinity. Societies must notify this Department not later than the first of March if they decide to hold such fairs. We will furnish any information that may be required.

Trusting that your officers will act promptly in this most important matter, I remain,

Faithfully yours,
J. LOCKIE WILSON,
Superintendent.
Toronto, February 1st, 1907.

THE GREATEST OF EXPOSITIONS.

Of all exhibitions held in the United States since the Philadelphia Centennial in 1876, the Jamestown Ter-Centennial to be held on the shores and waters of Hampton Roads near the cities of Norfolk, Portsmouth and Newport News, Va., April 26 to November 30, of this year is the most unique, and in originality and novelty will completely eclipse all previous expositions.

No section of the country is so hal-lowed by history-making events as that portion of Virginia on and about the historic waters of Hampton Roads, wherein this exposition commemorating the three hundredth anniversary of the first English speaking settle-ment in America, is to be held. For this reason the settlement will embody not only an industrial, commercial and educational display, but an elaborate historical review of the growth and progress of the entire country during the three hundred years of its existence.

Contemporaneous with the Exposition will be held on the waters of Hampton Roads the greatest naval pageant ever witnessed in the world, in which every type of war vessel from the navies of all foreign nations will participate. Another attractive feature will be the international military encampment in which detachments of troops of foreign countries will unite with the soldiers of the United States in a series of drills, manoeuvres, parades, etc.

The English Admiralty has designated the First Division of the armored cruiser squadron as the fleet to visit the Jamestown Exposition. Rear Admiral George Neville will be in command and the vessels of the squadron are the Good Hope, Hampshire, Antrim, Roxburgh, Argyle and Devonshire. It is also expected that the Dreadnought will join the fleet in Hampton Roads. The Dreadnought is the most powerful ship afloat. She is 520 feet long, has a displacement of 18,000 tons, is propelled by 23,000 horsepower. She carries ten 12-inch and twenty-seven 12-pounder guns.

More than twenty-five exhibit palaces are now nearing completion, comprising Auditorium, Manufacture, Liberal Arts, Mines and Metallurgy, Marine Appliances, Machinery, Food Products, Arts and Crafts, Transportation, Social Economy, etc., in addition to the U. S. government and States buildings and pavilions. They will be semi-permanent constructions and in appointments will excel any similar group of buildings ever erected. In architecture they will all be of the colonial period, forming an appropriate setting to the natural beauties of the environment.

The industrial display, while it will compare favorably with those of any of the previous expositions, will be selective rather than general, including every branch of industry, but selecting a typical exhibit of each. In this manner visitors to the Ter-Centennial will have the pleasure of viewing a comprehensive display of the industries without having to wade through an endless labyrinth of similar exhibits.

In assembling the exhibits, especially those representing the varied industries and the liberal arts, the managers of the Exposition have been careful to select only such as show the latest and best attainments in every line of industry. Hence, it will be the first "selective" Exposition held in the United States.

The landscape design together with the natural beauties of the grounds and the artistic exosition Government and State buildings, grouped along the water front, will go to make up the most attractive exposition that the world has ever seen. Many reasons combine to make the celebration the most successful ever attempted, and when President Roosevelt touches an electric button April 26 of this year, signifying the formal opening of the formal opening of the gates, the thousands of visitors will not be disappointed in the wonders and attractions of Jamestown Ter-Centennial Exposition.

LOUIS LARIVEE,
Special Correspondent to the Canadian Press, Jamestown Exposition.

Why Chest Colds are Dangerous.

They lead to pleurisy and pneumonia. Follow the advice of W. H. Powles of Powle's Corners Ont., who says: "I used to be subject to attacks and although I used most everything nothing relieved quickly till I discovered Nerviline. I have used it for pleurisy and sore chest and found it just the proper thing. For Lumbago Neuralgia it's quick as lightning. I cheerfully recommend Nerviline." Strongest, cleanest, most pain destroying liniment on earth is Polson's Nerviline, 25c bottles sold everywhere.

For Sale or Rent

A good stone dwelling, in upper town, known as the Parker property on Garafraxa street. Good stable, hard and soft water, and good bearing orchard. For further particulars apply to

One door south Post Office.

Top Cliff.

Died at his mother's residence, one mile east of Priceville on Thursday the 7th of Feb., at the age of twenty-four years. Mr. Duncan McPhail, old Durham Road, Artemesia after a year's sickness from some serious trouble. His remains were buried in Priceville on Saturday the 9th inst., the Rev. Mr. Matheson attended the funeral which was largely attended. The youth is levelled by the hand of death as well as the aged for he has no respect to the one more than the other.

NOTICE.

The stolen harrows advertised by me a few weeks ago have not been returned to me personally and I again give notice that action will be taken by Saturday the 16th, inst. if the matter is not previously settled. They were wooden six bull harrows, which were advertised on a sale bill. The parties are known.—2

Farm for Sale.

BING LOT No. 27, CON. 2 AND Lot 28, con. 3, S. D. R., Glenelg. Containing 100 acres, 50 acres in each lot, 85 acres cleared and fit for harvesting machinery, a quantity of good bush on each lot. Well watered, by never failing well at house with windmill pumping arrangement and spring at rear of lot 27. On lot 27 are a good brick veneered house, a good bank barn 45x60 feet, stone stables underneath, also fair driving shed. Woodshed 18x24 feet and other buildings. There are no buildings on lot 28. Good bearing orchard on both places. Lightning conductors on house and barn. A snap for early purchaser as owner has decided to go West in the Spring.

Can't we Supply the Spring Tailored Suit for You, Mr. Man?

If you'll scan through the immense display of new froths and tweeds, your answer will be: "Well, I had no idea that such a showing was here."

Lots and lots of men are just in your fix—paying enormous sums for suits not a bit better or made a fraction nicer than these suits we turn out.

The old story of extravagance will sooner or later cause many a regret.

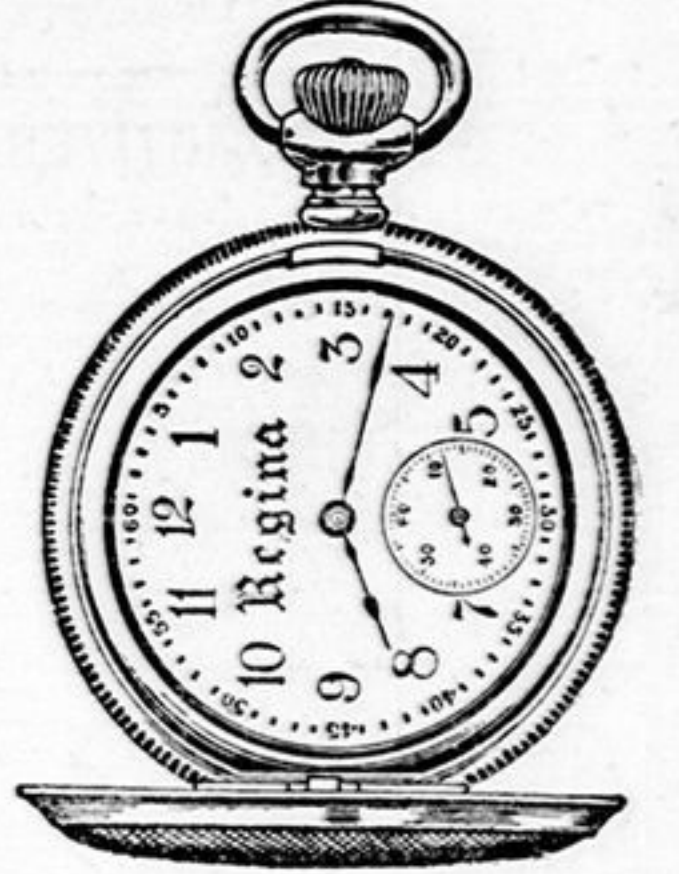

Save yourself this future annoyance—save money now—see the spring display of all the new and wanted materials—good enough for the best-dressed man in town.

Our tailoring must be satisfactory to you or the suit is ours—not yours at all.
