

A Meal in a Moment

Bovril will do it for you

A meal prepared with the help of a chafing dish has a great fascination for many.

But the woman who uses a chafing dish and hasn't tried what the addition of a few drops of Bovril will do, has yet to find out how delightfully piquant and appetising, a chafing dish preparation can be made.

Not only does "Bovril" add to the richness and taste; but also very materially to the nourishing qualities, and that's best of all.

MANITOBA WHEAT FLOURS

It is a short-sighted policy, and an exceedingly expensive policy, for our people to buy Manitoba wheat flour, when we have the best flour in the world right here at home.

It is high time that we all realize that every dollar spent for Manitoba wheat flour means a dollar taken out of the pockets of the Ontario people and put into the pockets of the Manitoba farmers and millers. We, in Ontario, are much to blame for this. Our farmers raise too little wheat, and what little is raised, is sold outside the province in either wheat or flour.

Then they turn around and buy Manitoba wheat flour. They sell at the wholesale price and buy at the retail price, which includes expensive freight charges from the Northwest. And the western farmers make all the profits.

How much better to grow Ontario wheat, sell Ontario wheat, buy Ontario flour, and keep all this money at home among our own people. It means, not only money saved but it also means giving our wives and mothers and sisters better flour for their baking. It is a fact that a blend of Ontario wheat, with a little Manitoba wheat, makes the best all round flour that can be milled. In the open markets of the world—in Great Britain, in Europe, in the United States—the blended flour commands the highest prices. Down in Nova Scotia, and in fact throughout the Maritime Provinces, blended flours are properly appreciated and used in preference to all others.

Our farmers should get the idea out of their heads that "there is no money in Ontario wheat." There is a steady and increasing demand for prime Ontario wheat, and wheat nets an excellent profit. The demand regulates the supply. With more Ontario flour being used, more wheat will be grown. Our farmers will plant larger wheat fields, harvest larger crops and make money.

The whole Province will share in the benefits. On the prosperity of the farmer, depends the prosperity of the nation. And the prosperous community is the one that is able to live within itself and selling to its neighbors its surplus, and to buy from them that which they can supply to better advantage.

Corner Concerns.

(Intended for last week.)

On Monday our friends and neighbors gave us a most pleasant surprise when they presented themselves at our ranch with saws and axes and cut us a good supply of wood. There is no denying the fact that we appreciate such kindness, yet it adds to the debt of gratitude we already owe to our many friends and neighbors.

There is a considerable sickness in this part at present from grip, colds and other such maladies.

Mr. Sam Ritchie goes to Owen Sound this week as Juror.

Your Top Cliff correspondent advises that the authorities of his school section get our well written sketch of our past and present photographed and give us a copy of it. If it could be got up for the same price we would also like to have the smiling countenance of the T. C. man reading the item included in it.

Mr. Joe Lennox is getting to be an expert at handling horses, he can buy or sell a horse equal to the most experienced buyers.

Squire Wallace, of Normanby, gave us a short call last week in search of a good horse to buy.

Mrs. McIvride, of Normanby, returned home last week after spending a few weeks in this part.

Mr. Robt. Mead had a very successful wood cutting bee last Thursday. It was a new method for him and a very satisfactory one too.

We must have struck the nail square on the head regarding the haunted school section, if there is truth in the saying that nothing hurts so much as hearing the truth. Their little encounter with us did no harm, we have survived it and their loss of time has no doubt taught them that if they are going to get their resolutions before Parliament this session they have got to walk straight through with them now and not let on that they know they are being laughed at. If they kick up a dust by the way with every one who will be amused with their ideas same as they did with us. Colonel Dennison will be the man that they will be arranged before on their arrival in Toronto in place of Hon. J. P. Whitney.

Those who hear evil reports of the newly appointed tax collector must not think that it is Bill Lawrence that has made a mis-step in his church going for he is no longer tax collector although he is an old and tried official, but he is a Conservative and we hear that they are not being admitted this year to the salary departments of our township. But it is said the Council is going to appoint some of them path masters so as to allay all suspicions that political leanings are having an influence with the council.

A social gathering in the home of Mr. Jim Eden a week ago proved a pleasant and profitable affair, \$20.00 was added to the new church fund through it. The fund, we believe, is now swelled to upwards of fifteen hundred dollars and recalls to our mind the great difference in the liberality of the people since back in the early sixties when a minister was heard to declare that he was forced

Maple Leaf Rubbers

"Buy 'Maple Leaf' Rubbers if you want a neat, smart, accurate fit.—Wireless from the old woman who lived in a shoe."

Light and pliable, because no wear-destroying adulterants are mixed with the finest Para gum.

Conform to the shape of the shoe—give a glove-like, accurate, stylish fit. Stay in shape. Wear long.

to drive a gig to this section as he could not get enough for his services to buy axle greases for a four wheeled vehicle.

A dancing party was given at the home of Mr. Jas. Hopkins on Tuesday as a fitting parting for Mr. and Mrs. Sam Lawrence who leave this Thursday to begin life anew in B. C. as they have reconsidered their thought of working an Ontario farm.

A very pleasant evening was spent in the home of Mr. Jas. Allan last Wednesday night, there was about fifty of the young people present and dancing was the chief attraction. His daughter Kate arrived home from Toronto a few days previous and will remain for a short time.

Some people from a distance last week reminded us of the old saying that shoemakers wives and blacksmiths horses go barefooted. They wanted to know why we had neglected reporting home news regarding the health of Joseph Mack. The fact is we have long been hoping for the chance to report his recovery, but as the weeks roll by those hopes become more dim.

Mr. J. Grady left this part last week bag and baggage. Mr. Thos. Tucker took a load for him.

CATARRH GROWING LESS.

Due to the Use of Hyomei. Cures Without Stomach Dosing.

Inquiry at the local drug stores shows that the sale of remedies for catarrh has decreased very in the last year. Some medicines which were formerly bought a gross at a time are now purchased in half dozen lots, and are rarely called for.

There is one notable exception to this decrease in sale, and that is Hyomei. This remedy is, in fact, responsible for the decrease in sale of catarrh medicines, as it has made so many cures of catarrhal troubles that naturally there is much less demand for remedies for that disease.

People who have been trying different medicines for catarrh for many years were induced to the use of Hyomei. The result was that the remedy would not cure unless cured. Most to their surprise, they found that Hyomei what it claimed (if it not it could be sold under this guarantee) and they soon become ardent advocates of the use of Hyomei.

There is no disagreeable stomach dosing with Hyomei; it is used by being breathed through a neat pocket inhaler. The complete outfit costs but one dollar, extra bottles, if needed fifty cents.

All druggists should be able to supply you with Hyomei, or we will send it by mail on receipt of price, and every package is sold with distinct understanding that it costs nothing unless it cures. Write us to-day for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physician will give you case the best care and attention and write you a letter of advice without charge. Booth's Hyomei Company, Buffalo, N. Y.

IRON and Tiger brands red clover and other high grade seeds at MacFarlane's Drug Store.—Feb. 21, 4.

THE large 12x14 Photograph that we have been giving with each dozen of our best cabinets has taken so well, that we intend to continue making them for a while longer.—F. W. Kelsey, Photographer.—1f.

WE have been informed by Mr. Michael Kenny, of Edge Hill, that he has procured an Auctioneers license for 1907 and is open to engage for sales in any part of the County. Application may be made to John Murdoch, M'Gidough House, Durham, or to himself at Edge Hill.—4pd.

Everybody Agrees

that COD LIVER OIL and IRON are beyond question the greatest medicines known. Then why does not everybody take Cod Liver Oil and Iron? Simply because most people cannot take the Oil and few can digest the Iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, in which the Iron is scientifically combined with the Oil, rendering the Oil palatable and the Iron digestible. While

FERROL

is manufactured from the best quality of Cod Liver Oil (the whole of the Oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared that not one person in a thousand finds any trouble in taking it, and infants digest it without difficulty. Moreover the well-established value of the Oil and Iron is immensely enhanced by the process of manufacture, and as the formula is freely exposed it is not to be wondered at that physicians everywhere have fully endorsed FERROL and used it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or Bronchial troubles, while for wasting diseases it has no equal, and

A Fit Guaranteed

We previously announced that Mr. Glass is now in charge of our tailoring department. Mr. Glass has had a long experience in city tailoring in large centres both in Canada and the United States. Still we did not like to talk too much on paper. Now, however, it is different. Mr. Glass has already turned out a large number of suits. We ask you to have a look at any of these and let the fit be the test. You will find it unnecessary to bring a suit back for changes. We can guarantee you a perfect fit. Our stock is large and of the very latest patterns.
