THE WALKERTON AND LUCKNOW RAILWAY COMPANY.

NOTICE is hereby given that an application will be made on behalf of the Walkerton and Lucknow Railway Company to the Board of Railway Commissioners for Canada on the expiration of four weeks from the date of this notice, or so soon thereafter as the application can be heard, for a recommendation to the Governor-in-Council for the sanction of a lease of the railway of the Walkerton and Lucknow Railway Company to the Canadian Pacific Railway Company for a term of ninety-nine years (99) from the first day of January, 1907 upon the terms and conditions therein mentioned.

THIS NOTICE is given pursuant to the provisions of Section 231 of The Railway Act, 1903.

DATED at Toronto this 8th day of February, 1907.

GEORGE A. WALKER, Secretary, Walkerton & Lucknow Railway Company. Feb. 21—5i.

The Thaw trial and its intolerable publicity have forced into notice two comparatively new terms to describe emotional insanity. They are "brain storm" and "mental explosion". The experts in the Thaw trial pretend that he killed White while in a state of "mental explosion" or "brain storm" and Thaw's lawyers anticipate that he will escape the penalty for murder on such plea. Not only that, but they do not mean if they can help it, to have Thaw confined as insane. When he killed White, he was insane, they plead, but not necessary so before or afterwards. If such a defence is accepted as murder it will doubtless be urged in less terrible crimes, such as manslaughter, horse stealing, larceny and forgery. The old idea of sin has gone, according to the new theology; stealing has largely become kleptomania for those who can afford it; incompatibility of temper is the daily excuse for the severing of what should be most sacred ties; drink is no longer an appetite but a "disease"; and now we have "mental explosion" and "brain storm" for murder, as we have long had "brain fog" for a form of intellectual laziness. Yet those do not seem to be gaining much who so lightly disregard old-fashioned terms along with old-fashioned virtues.—Ex.

THE BULL CHASED HIM.

A Guelph despatch on Saturday says: Charles Flaherty of this city had a narrow escape from death the other night, and owes his life to his dexterity in being able to clear a six board fence at a bound. While assisting to load some cattle for W. Hamilton, for shipment to Toronto, a bull he was trying to get into the car became enraged, and, breaking the ring from its nose, made for Flaherty with great presence of mind, however, scrambled to his feet to one side, and in about two jumps reached the fence, which he cleared at a bound the enraged animal was beyond control, and was slaughtered on Sunday in order that no more damage might be done.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage." Preventics cure seared colds as well. Preventics are little candy cold cure tablets and Dr. Shoop, Racine, Wis., will gladly send you samples and a book on Colds free, if you will write him. The samples prove their merit. Check early Colds with Preventics and stop Pneumonia. Sold in 5 and 25c boxes by MacFarlane & Co.

WESTERN CANADA.

There are many people in the east who are interested in learning how their friends who have moved to Western Canada are getting on, who are anxious to show what Winnipeg and Western Canada are like. There are also large numbers of persons in this Province who are anxious to obtain reliable information concerning the west and are at a loss to know how to procure it. In like manner there are many in the east who have friends in the west who would welcome news from their old home. Present these friends with a copy of the Chronicle.

The Chronicle has arranged to satisfy these wants by entering a special arrangement with the "Manitoba Free Press," of Winnipeg, the oldest and leading newspaper of Western Canada. The "Manitoba Free Press" daily edition, will tell you all about the wonderful growth of the city of Winnipeg, the conditions existing in that city, the climate, the chances for employment, the cost of living, house rent, etc., the opportunities of business openings, and will also furnish you with full information on the same subjects in regard to other cities and rising towns of the west.

The Manitoba Free Press prints every day from three to four full columns of "Situations Vacant," over a column of "Business Opportunities," and usually two columns of "Board and Room" advertisements. Every resident of Eastern Canada who is contemplating coming to the west would find it of the greatest advantage to subscribe for the Free Press for a short time for the purpose of familiarizing himself with actual conditions before leaving. The Clipping Offer of the Chronicle advertised on another page, affords you an opportunity of securing the Chronicle and the Free Press at a special figure.

The "Jolts" and "Jars" of Life

are what use people up. Most people live pretty well up to the limit of their powers, and so long as everything goes smoothly that is apparently all right; but a "jolt" or a "jar" in the shape of business worries, domestic anxieties, or an attack of La Grippe, Pneumonia, Typhoid, or other wasting disease, suddenly reveals the fact that there is a sad lack of reserve force to meet these contingencies and the result is serious, often fatal. A wise man will see to it that his system is fully fortified against sudden attack. To attain this result nothing is so sure and effective as
