VOL. 40—NO. 2089.

DURHAM, ONT., THURSDAY, MARCH 28, 1907.

\$1.00 PER YEAR.

Darling's Grippe Tablets are a Sure and Quick cure

NEWS AROUND TOWN

LAST week of Lent.

A SHIPMENT of Hungarian 5 Roses flour just arrived, at Mrs. Beggs'.

ALTERATIONS have been made in the platform of the Methodist church for the accommodation of the choir and the new organ.

"DR. BURT Specialist in diseases of the Eye, Ear, Nose and Throat, will be at the Middaugh House Durham, Wednesday April 3rd from 11 to 4. Eyes tested and glasses supplied."

THE large 12x14 Photograph that we have been giving with each dozen of our best cabinets has taken so well, that we intend to continue making them for a while longer.—F. W. Kelsey, Photographer—tf.

THE Cement Mill started grinding on Monday last. They have sufficient clinkers on hand to keep them going for some time. In a short time they expect to begin burning. Considerable improvement has been made during the winter and we understand the mill is in excellent shape for the season's work.

SOME miserable-wretch showed his imbecility on Sunday or Monday night last by girdling a nice healthy little maple tree at the corner of Garafraza and Saddler Streets. A person who would do such a trick must be either drunk or foolish. There seems no reasonable explanation why such a thing should be done.

DURING the wind storm on Tuesday night of last week the sign of Flarity Bros. Owen Sound was blown down and crashed through a plate glass window valued at about \$75.00. During the same gale John Harriston and Sons Co. lost two smoke stacks; the Sun Cement Co. one and Keenan Bros. one. One the same night the stack of the Farmers' Manufacturing and Supply Co. was leveled to the ground.

Mr. W. J. LAWRENCE has purchased a new tire setting machine which he tells us is the latest and most approved apparatus on the market for setting buggy and wagon tires. Tires are put on with this machine without being heated, and consequently undamaged by fire, and as there is no guess work in the operation the wheels will never be "dished" or twisted out of shape. His ad. appears in this issue.

Mr. Archie McDougall left Saturday for Tiverton so as to be able to start work on his paper Monday morning. He will be making his nicest bow this week to his new constituents, who will, no doubt, reciprocate fully by exercising their finest critical faculties to the character of the paper under his initial management. We bespeak for Mr. McDougall the hearty support of his clientele, to whom we can recommend him as a good tasty workman and a good citizen. We ought to know pretty well what he is and what he can do after seven year's experience. Good luck to you Archie.

THERE is very little move in Railway matters at present and no definite decision has been come to between the Company and the Town Council concerning the Garafraza Street crossing. The Council submitted a proposition some time ago and are waiting for the decision of the Company in regard thereto. The Council's proposal was to permit the crossing at the foot of the hill as the Company's Engineers decided but they wanted the Company to agree to put on gates at the crossing and furnish a man to attend to them. This was the Engineer's verbal proposal at an earlier stage, but the Council want something in black and white as a safeguard to the town's interest. Citizens would of course be better pleased to see an under street crossing higher up the hill but this would entail considerable expense in the making of a long cut and the Council may have been more lenient than they should have been in making the proposal they did. However, if bars be provided and a man placed as guard there should be little or no danger from a level crossing. A number of car loads of heavy timber have been delivered here during the past few weeks. Much, it not all of this came from British Columbia and will be used for bridging.

WE regret we have to leave some correspondence over.

FOR SALE—A good young driver Apply to H. Burnett.—tf.

THE Lacrosse Club organize for the season on Monday night last.

Mr. Alex McLachlan added a very fine Nordheimer Piano to his parlor furniture last week. It is said to be an excellent instrument and will add cheerfulness to the spacious parlor of Mr. and Mrs. McLachlan.

Dr. MacLaurin and Mr. Esdon Wolfe have been appointed Lieutenants of No. 4 Company, 31st Regiment, Captain O. M. Snider still commands the Company. The recommendations were made by Colonel Rorke, of Thornbury on his visit here a couple of weeks ago.

WE notice as we go to press that Mr. Clifton Keeler is wearing a smile, because he is getting settled in his new home, recently painted and papered by Bert Willis. Bert has made a good job for him. Mr. Keeler is well pleased with the results. So would you had you Bert working for you. Bert's an artist in his line of business.—1.

CAMPBELL'S Varnish Stains are the original Varnish Stains. The manufacturers offer \$100 to any one who can disprove that claim. These Stains are better than other Varnish Stains because the makers have improved them each year since they were first offered to housekeepers. Made in ten beautiful shades. For sale by A. Russell.

OUR continued story closes with this issue and we know that many of our readers have been pleased with it. Next week we give the first instalment of our new story "The Refugees." This is one of Conan Doyle's and to say that Conan Doyle is the author is one of the easiest ways to give assurance of its excellence. We assure that all readers of continued stories will be pleased with "The Refugees."

WE understand that application is being made for a pool room in town and that some of the council have been already pledged to support the granting of the license. Now we greatly mistake the feeling of this town if the citizens desire any such an institution. It is said that the applicant is a blind man and that the pledged members of the Council plead sympathy for their support. Sympathy is all right in its place, but the young people of Durham and vicinity have lots of chance to go to the devil without going by the gambling route. Supporters of the pool room will deny that gambling or drinking or any other vice is connected with such institutions. One thing is certain that no good ever comes out of them and we certainly don't need one here whatever the Council may think about it. If a man deserves sympathy his own citizens should be the first to extend it. If they have a pool room already and find it a good thing let them start another and not force deserving citizens to pick up and go elsewhere.

Millinery Opening

Your presence is respectfully requested at our Spring Millinery Opening

New Wall Papers At Keeler's

We now have on display the largest stock of Canadian and American Wall Papers that has ever been shown in Durham. Our stock for this spring is all brand new as we had a very large wall paper trade last year which cleaned up our stock, and for this spring we are showing everything brand new in wall paper and will sell you the brand new goods cheaper than you are asked to pay elsewhere for old stock.

This is the Noted Store for Wall Paper

Come with the crowd and you will also save money. We show you the very latest patterns manufactured by the Menzie Wall Paper Co. of Toronto, called the Menzie line. All that is new and up-to-date, manufactured by the Watson, Foster Co. of Montreal. These are two of the best wall paper manufacturers in Canada, and we show you Janeway & Carpenper's newest patterns manufactured by the above firm in the United States which are the largest makers of wall papers in America. By handling these three lines we have the strongest line of papers ever shown in this part of the country. Come and see the new goods, it will pay you well.
