THE BIG STORE

"THE WONDER"

Demonstration

APRIL THE 9

If you find it at all possible to attend the Demonstration on April the 9th of The Wonder at The Big Store you will be more than pleased as it will mean many dollars saved every summer. Instead of buying six cords of wood one will be sufficient for the summer. It can be applied to any cooking stove or range. It will more than save its cost in one summer. It is the housekeepers comfort and blessing. It makes cooking, washing and ironing a pleasure. It keeps the kitchen almost as cool as the cellar. It is the best invention of the age for saving fuel. It is the flies worst enemy. It will burn coal, wood, peat or charcoal. It is worth your most earnest consideration.

Don't Forget the Demonstration

Hunter's Hardware And Seed Store!

PRICE TELLS! QUALITY SELLS!

Hunter's "High Quality" Grass and Clover Seeds

Noted Everywhere for their Vigor and Purity

High Quality is the first and strongest recommendation to every buyer and user of any kind of seed; the price is a second consideration when estimating its value and worth. When comparing both quality and price of any seeds we offer they will be found in the buyers' best interests.

Our "Government Standard" In Red and All six Clover and Timothy Seeds have given unqualified satisfaction. The most persistent care is given to supply the highest quality and purity obtainable.

SELECTION We decline to purchase rough and uncleaned seed and refuse any lots containing such noxious weed seeds that cannot comply with the Seed Act.

"Germination Test" A most thorough germination test is made in duplicate of every lot of seed we offer which is done according to the standard methods employed by the Department of Agriculture of Ottawa, Washington, and by European seed testing stations. To further protect our customers a duplicate sample of each lot is sent to the seed testing branch at Ottawa for check and comparison. With such unusual care users of Hunter's Government Standard Brands in Clovers and Grasses have the strongest assurance of securing the very finest grades of seeds to be had from any known sources for purity and value.

THE SAME careful germination tests is given to every variety of garden, field and papered seeds. We know that Hunter's seeds grow.
