NEWS AROUND TOWN

REV. ALEXANDER TORRIE, B. A.

Who will conduct evangelistic services in the Baptist Church commencing Sunday morning next.

Small-pox is reported in Ingersol. The schools are closed and ordered to be disinfectd.

A FIFTEEN horse power International gasoline engine was installed Tuesday by Messrs. Ayling & Sons, to run their brick-making machinery. Mr. John Clark is the agent here and he justly claims to have an excellent engine, for all kinds of work requiring power.

ON Saturday last another draft for \$43.85 was sent to "The Christian Herald" Famine Relief Fund, China, being the result of the collecting by Mrs. Torry and Miss Thompson. A little more has been handed in since, making in all \$75 which Durham has contributed.

ON Friday afternoon last Mrs. (Rev.) Newton received sad intelligence by wire announcing the death of her niece, Miss Lillie Clark, of Guelph, who died from anemia after a short illness. On Saturday she and her son Keith left here to be present at the funeral which was held on Monday afternoon.

A VERY pleasant and profitable time was spent in the Presbyterian Church, on Tuesday evening, when the Church Guild held a Social to which the public was generally invited and the members of the different Young People's Societies received a specially cordial invitation. An abundance of refreshments and a good program constituted the chief features of the evening. The proceeds amounted to about \$20 as a voluntary contribution.

DON'T forget Mrs. Newton's Piano Recital on Friday evening, May 3rd, (to-morrow night). Mr. George Fox, Canada's greatest Violinist, has been engaged for the occasion. Dr. Brown, of Holstein, will also be present and take part in the program. Such talent together with a number of local musicians is sufficient to warrant us in predicting this as the most pleasing entertainment of the season. Admission 25 and 35c. Plan at Macfarlanes'.

ON Saturday afternoon last a young son of Mr. C. L. Grant hitched up the horse and rig to go for a drive. As he kept the gate open for the horse to go through the animal became frightened and started off on his own account. The boy had the lines and hung on for a time and was dragged along the street by the infuriated animal which ultimately broke loose and came down the hill at quite a clip. Mr. Grant recognized the animal as he was crossing Garafraxa street and managed to stop him in front of his own store. The boy received a cut in the face which required a stitch or two, but beyond that the damage was not very great.

MR. THOS. HARRIS, ex-License Inspector, was in town Monday night. For some time he has been relieving Customs Officer and like a faithful and dutiful servant of the party he goes wherever he is sent. First he went to Strathroy, but of late he has been engaged at Niagara Falls. Finishing up there he was ordered to go to British Columbia, but before starting west he decided to make a flying visit home if only for a few hours. He started for British Columbia on the Tuesday morning train and will not likely be home again for several months. We were pleased to see him looking so well and he was quite ready to agree with us when we suggested that his present position had greater charms than the old one he was forced to resign only a few months ago. He looks well and to all appearances he is the same happy Tom.

CALF for sale. Apply to John Bryon.—2 pd.

A NUMBER of the residences to be removed by the C. P. R. Co. have been purchased by Mr. J. W. Crawford, who intends to move them to his own property and fit them up for purposes of renting.

ANOTHER Ratepayer enters his protest this week against the Fre By-law. We may also add that a petition is being circulated in part of the limit asking the Council to make some modifications.

CREDIT AUCTION SALE.—The effects of Barclay & Bell, insolvents, will be sold by public auction at their ware rooms on Saturday, May 4th (next Saturday). Terms: \$10 and under, cash; over that amount six months' credit on approved joint notes. All new stock. No reserve. W. Calder, assignee. John Clark, auctioneer.

A MEETING will be held in Calder's Hall on Thursday night in view of organizing a base ball league in the town of Durham. It has been suggested that teams from the different industries be selected and that the town form itself into a league for the summer. Don't forget the meeting on Thursday night if you have any interest in base ball as a sport.

READERS will benefit us and benefit themselves by making use of our classified advertisements. We propose making this a special feature of the paper that will be easily within the reach of everybody, and we expect everybody to pay for advertising services. We have in the past been doing too much for nothing and we have decided to quit it. Increased cost of labour and material, forces us to be less generous, but our charges in all cases will continue to be moderate. Please bear in mind we expect pay for all advertising where the advertising can be regarded as a profit to the advertiser.

THE Stinson bakery is being improved. The building in the rear has been overhauled, a fine new brick oven added and the place will be fitted up generally for a bake shop. Not only are these improvements being made but our enterprising baker has purchased a new dough mixing machine, an ice cream freezer and a three horse power Fairbanks-Morse gasoline engine. These changes will lighten Mr. Stinson's work very materially and add also to the comfort of the house owing to the removal of the oven which makes the place exceedingly warm during the summer. George is quite a hustler and is evidently doing well.

TAKE notice that the residence of Mr. John Cameron, up town, is advertised for sale in our list of properties. This is a chance for somebody who wants to get a home now in the progressive town of Durham. Never in the history of the place has there been such a pressing demand for houses. There is hardly a vacant shack to be found, and places are now occupied that are scarcely fit to live in. It would need at least twenty-five or thirty new houses to relieve the present congested condition, and the pressing demand for houses at once has much to do with spurring opposition to the Fire By-law so much discussed at present.

JUST LIKE MARKDALE.—It is astonishing how many old shoes, rubbers, beer bottles, newspapers, tin cans and other humble objects fell from the sky during the snowstorms of the past winter. If it were not for the fact that these things do not melt at the same low temperature at which snow melts, nobody would believe they were so numerous. But streets and yards are unsymmetrically bestrewn with the articles aforesaid, and, as none or few of them were there last fall, they surely came from above. Many households accept this view for they seem to be following the rule, "What has been brought together, let no man put asunder." Not until the old shoes, et al., melt away as did the beautiful snow will the back yards be stripped of their sky-sent ornaments. It is to be hoped that when the temperature soars high enough to bring this about some of the careless citizens will be on hand to enjoy the purified atmosphere.—Standard.

PERSONAL.

Mrs. Wm. Black is in Toronto this week.

Mrs. Newton and son Keith were in Guelph over Sunday.

Mr. Allan Mielhhausen left for Battleford on Thursday last.

Mr. J. G. Orchard, of London, was in town the early part of this week.

Miss Mary Renton left Wednesday, for Toront, where she will remain some time.

Mrs. Carter returned to Owen Sound Saturday after spending two weeks with her sister, Mrs. Jas. Lenahan.

Mr. George Ryan Sr., is adding a brick kitchen to his residence on the corner of Lambton and Countess Streets.

Mrs. Edwin Allan returned to her home in Toronto on Tuesday morning after spending a month with Principal and Mrs. Allan here.

Mr. William Johnston, was in Flesherton, last week as organizer for the I.O.F. He speaks very highly of the kindness shown him over there.

Messrs William and Albert Stewart, of Flesherton, were in town yesterday morning on their way to St. Pauls to visit their brother Harry and family.

Mr. Frank Clemas, of London, is the new man on the Chronicle Staff, as successor to Archie McDougall, now proprietor of the Tiverton Watchman.

Mr. Sinclair of MacFarlanes' Drug Store, left Wednesday morning for a few days, he would't tell us where he was going, but it isn't likely he'll get off before he reaches Varney.

Mr. and Mrs. Wainwright and four children, of London, England, arrived here on Monday last week at the home of Mrs. Wainwright's uncle, Mr. C. Fifth. They were just eleven days from the time they left Liverpool until they reached here. Mr. Wainwright spent much of his time at Sea and has been round a great deal of the world, some of his voyages extending through the Suez Canal and thence to Sumatra Java, Borneo, China and Japan. It will be quite a change to settle down in Glenelg or Durham.

THE Sons of Scotland are planning for another Big Demonstration on Dominion Day.

REV. ALEXANDER TORRIE, B. A., Evangelist, will conduct a series of evangelistic services in the Baptist Church commencing on Sunday next at 11 a. m. Service will also be held at 7 p. m. Sunday and each evening during the week. Torrie-Alexander Hymns will be used, and all having the books will kindly bring them. A very cordial invitation is extended to all sister churches to come and assist in the work. W. L. Newton, Pastor.

OUR esteemed Conferees up town is spreading right out and we are glad to make a note of his expansion. Recently he purchased the property of Mr. Robert Williamson, said property consisting of a dwelling in front and to the rear of the lot a sash, door and planing factory. We understand that Mr. Williamson is going to Toronto and that the machinery will be removed by him, so that the building is all that will fall to the lot of Mr. Ramage. Ever since the little shop was built and an engine installed Mr. Ramage felt in constant dread of fire, and we presume he bought the property more for his own safety than for any use he intends to make of it. It was a frame structure and certainly a menace to the neighborhood while in operation.

WE have to thank Mr. W. H. L. McCourtie, of Minneapolis, Minnesota, for a cheque for \$7.00 on subscription. The paper has been going to his address in Michigan ever since the Cement Mill here was being promoted. For some years Mr. McCourtie has not been at the address to which the paper has been going, and the first intimation he got was the receipt of our account with the modest request to "Please remit as we are hard up." Like a good honest man he explains the circumstances as narrated above and sends the cheque for full arrears and a year in advance. Such a man as that will have a good chance to go to heaven. Contrast his position with that of another man who ordered the paper to a certain address, telling us he would give notice of change when he moved. Five years passed without notice being given, and when we learned of his new address and sent our bill he disclaims the right "to pay for something he didn't get." We don't imagine for a moment that the last fellow will go with Mr. McCourtie when he leaves this mundane sphere.

MRS. MARY MOORE CAULDWELL
Died March 15th, 1907, aged 98 years.

THE hour of service in the Methodist church on Sabbath morning next will be 10:30. The Sacrament of the Lord's Supper will be administered at the close of the service.

A NEW Fairbanks-Morse gasoline engine has been installed in Darlings restaurant. It will be a great labor saver in turning the ice cream freezer, so much used during the hot weather in their extensive business.

NEW LIVERY.—Arthur Smith announces that he is opening up a new livery with the best horses and rigs that can be procured. Will be ready for business on Saturday next. Horses and rigs kept at Swallow's new barn.

THE columns of the Chronicle are open for the discussion of all public questions. Whether the opinions of outsiders differ from our views or not it will make no difference. Every one will get a fair show to express his opinion on all proper questions of a local nature. We believe the press in a small place can be of great service to the community, and that the use of its columns before rushing into any drastic changes will serve a very good purpose. Had the fire by-law been brought out publicly before putting it through, the public would now have less reason to make objections.

New Wall Papers At Keeler's

We now have on display the largest stock of Canadian and American Wall Papers that has ever been shown in Durham. Our stock for this spring is all brand new as we had a very large wall paper trade last year which cleaned up our stock, and for this spring we are showing everything brand new in wall paper and will sell you the brand new goods cheaper than you are asked to pay elsewhere for old stock.

This is the Noted Store for Wall Paper

Come with the crowd and you will also save money. We show you the very latest patterns manufactured by the Menzie Wall Paper Co. of Toronto, called the Menzie line. All that is new and up-to-date, manufactured by the Watson, Foster Co. of Montreal. These are two of the best wall paper manufacturers in Canada, and we show you Janeway & Carpenper's newest patterns manufactured by the above firm in the United States which are the largest makers of wall papers in America. By handling these three lines we have the strongest line of papers ever shown in this part of the country. Come and see the new goods, it will pay you well.
