Patent, Canvas, Kid in the Blucher style. These are the best fitting Shoes on the market to-day

## ROBERT BURNETT

### THE BIG STORE

Spring is here in earnest. May-Day arrived on Wednesday.

We are prepared for the bright May days with all kinds of Spring and Summer attire. It will be of interest to you to know that in the face of the rising market we have reduced prices on many lines of spring requirements.

#### Whitewear.

Just at the present, whitewear occupies a prominent place in this store. We have some Specials in this line, and would call your attention to the dainty effects & reasonable prices.

#### Ladies Gloves

These have been scarce goods in Canada, and to make sure of securing them we placed several orders. Two orders have been filled. We have them in White, Black and Light Grey Silk from 16in to 24in in length, from 65c to \$1.25 per pair. Also long black kid gloves.

### Carpets and Curtains . . .

This is just the time of the year that you find out exactly what you need in this class of Goods. Our Stocks assorted with the **Newest Designs** in both Carpets and Curtains, and at **prices that will suit** every purchaser. Woolen and Union Rugs, Tapestry Squares and Japanese Matting are in great demand, and we are prepared to supply them.

### WALLPAPER.

Remember that all our wall paper is going at the rate of \$1 worth for 75c, and its going! get your share before the supply is exhausted.

#### THE WONDER

Its coming the time of the year that you will need something to keep the house cool, and save the fuel bill. "The Wonder" does the trick, come and let us explain it to you.

Highest Prices for Butter and Eggs

## ALEX. RUSSELL

#### A Boom to Humanity.

M. D. Tugendhaft's improved famous patent ear drum is meeting with great approval wherever he has demonstrated, that he finds it necessary to remain only a limited time in each locality as the demands for this article all over the country from unfortunates make this step necessary.

If ever a man deserved the fruit of his labor, that man is Mr. Tugendhaft for he treats the poor and rich alike. While his strength holds out and in the short time he has to meet individuals during his stops through the country he wants everyone to call on him who have lost their sense of hearing, no matter how poor they may be and he will do what he can to restore them the happiness they yearn for. At Mr. Tugendhaft's headquarters, 68 King street west, Hamilton, Ont., he is daily besieged for particulars as to dates when he expects to speak in different towns and cities.

Owing to great reputation this gentleman has made for himself as an eye specialist, his name is a guarantee of merit in his new discovery, the famous patent invisible ear drum. He causes those to hear as readily as he restores the sight to others, and hundreds throughout the country have benefitted through his efforts.

Be sure and see him; it may be the only chance of a life time.

Mr. Tugendhaft will give a free demonstration of his wonderful Ear Drum, at the HAHN HOTEL, DURHAM, SATURDAY MAY 4TH. ONE DAY ONLY.

#### EVER HAVE CRAMPS ?

Kind of fierce to be tied up in a knot at midnight. Keep Nerviline handy. Ten drops quiet cramps instantly. Used occasionally, Nerviline prevents this trouble entirely. From Stratford, Ont., Wm. Dee writes: "Nothing I know of will give such quick relief to cramps, colic or pain in the stomach as Nerviline. If you feel squeamish or sick, just ten drops of Nerviline in water and you're well next minute." Think of the protection and comfort contained in a 25c bottle of Nerviline, and get it to-day.

#### MARRIED.

McKINNON—McKINNON—On April 24, at the Parsonage, by Rev. T. Coling, B. A., Mr. Angus McKinnon to Mrs. Catharine McKinnon, both of Glenelg.

#### BORN

McCLINTON—On Friday, April 26th, 1907, to Mr. and Mrs. Albert McClinton a daughter.

#### FIRE BY LAW.

TO THE EDITOR OF THE CHRONICLE: DEAR SIR,—Permit me through your columns to briefly discuss the above important by-law. A great deal of discussion has been going on in Town during the last ten days about this matter and it seems to me if this discussion had taken place last fall at the time of passing the By-law it would not have been passed in its present condition. The trouble has been that the By-law was rushed through without either the members of the Council or the ratepayers knowing its provisions. Another difficulty is that the By-law was copied from either the By-laws of the cities of Guelph or Berlin and our conditions are not at all similar to theirs. Every one will admit that it is absolutely necessary that there should be a Fire By-law covering the business portion of the Town in order to receive the benefit of insurance rates, but there is not any By-law that can be framed in our present, or possible future conditions that will in any way reduce the insurance on the residential portion of the Town. If this is the case and considering the large difference in tastes in regard to the kind of dwellings, why should any law be imposed on any prospective builder compelling him to build a brick, stone or cement dwelling if he would prefer to build a frame, brick veneered or roughcast house? There are many as good looking and substantial brick veneered houses in town as brick houses and why should these not be built in any place in the residential parts of the town? Then again at the present time the most urgently needed houses, are a supply of houses for the mechanics and working men of the Town that will rent from \$6.00 \$10.00 per month. If these are not supplied at once there are a number of good and desirable citizens at present working in the Furniture Factory, with their families will have to move from the Town. Surely the Council will not retard but will rather encourage any public spirited citizen who will build a number of these houses irrespective of what the material may be used in construction. Give us the houses, increase the population and assessment by all reasonable means. I understand that at the present time the restrictions in the By-law are preventing a number of houses being built and improvements being made in others. If this is the case when the By-law has only been in existence six months, how many times will it occur if it remains in force? By all means let the Council repeal the objectionable clause in the By-law and not delay the prosperity of the Town. Thanking you for space, etc., I will subscribe myself,

#### ANOTHER RATEPAYER.

#### FATAL BLOOD POISONING.

Frequently follows the use of cheap corn salves and plasters. The safest is the best and that's "Putnam's," which has a record of fifty years success. Refuse substitutes for Putnam's which costs \$25c in every drug store.

#### CHINESE FAMINE FUND.

A couple of town ladies announced last week, that contributions to the Chinese Famine Fund might be handed in to this office, and in response we have the following names to report:—

Mrs. Adam Weir, Durham, 50c  
S. T. Chapman, Varney, . . . 25c

This is only a beginning and we hope to see many others take an interest in the pressing and present need. We are not asking for large amounts, but would ask each one to contribute as he sees fit; even ten cents will be a help, and all contributions will be duly credited in these columns. Don't try to do better than somebody else; just give what you feel you can afford. Later we will ask the collectors to give the full list of those who have contributed in town.

FATHER, dear father, come home with me now, for ma has some carpets to beat; she's got all the furniture out in the yard, from the front door clean out to the street. The stove must come down and be put in the shed, and the yard must be cleaned of some grass, for it's time to clean house and old nick's to pay—and the front windows need some new glass. Father, dear father, come home with me now, and bring some bologna and cheese, it's most twelve o'clock and there's nothing to eat—I'm so hungry I'm weak in the knees. All the dinner we'll have will be cold scraps and such, and we'll have to eat standing up, too, for the table and all are out in the back; oh, I wish that house-cleaning was through. Father, dear father, come home with me now, for ma is as mad as a Turk; she says that you're only a lazy old thing, and that she shall put you to work. There's painting to do and paper to hang, for it's house-cleaning time and you've got to come home, and revel in suds and cold grub.

#### TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO QUININE Tablets All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c

## Does Your Heart Beat

Yes, 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Purgative substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

#### Market Report.

DURHAM, Mar. 25, 1907

ALL ORDERS taken at the old stand near McGowan's Mill will be promptly attended to. ALL WORK GUARANTEED at "Live and let live" PRICES. GEORGE WHITMORE.

## We are Introducing

### Martin-Senour 100% Pure Paint

With confidence that the public will appreciate the advantages of an absolutely pure mixed paint, thoroughly prepared by mill grinding over the old process of stirring the ingredients by hand. From the character of the advertising matter sent out by the paint houses, one would think there were no adulterated paints at all. All claim to make the best paint; yet it a fact that not one brand in twenty is PURE. By a PURE paint we mean one that contains no ingredient that cheapens it, such as barytes, whiting, silica, sulphate of lead, china clay, alkali, benzine, water, adulterated linseed oil, marble dust, etc. These substitutes for what should be used only add weight or bulk. Benzine is likely to fade the colour, and water and chemicals destroy the bond of the oil. MAKE PURITY YOUR STANDARD and see that the paint is guaranteed, just as the Martin-Senour 100% Pure Paint is.

The Difference between a 100% PURE PAINT and a cheap paint is so marked that anyone can tell as soon as they begin to use which one is pure. One brushful of the Martin-Senour 100% Pure Paint will cover more surface than two or three brushfuls of cheap paint, and do it in a more thorough manner.

We Guarantee the Martin-Senour 100% Pure Paint (except a few dark shades that cannot be prepared from lead and zinc), to be made from pure carbonate of lead, pure oxide of zinc, with coloring matter in proportionate quantities necessary to make their respective shades and tints, with pure linseed oil and turpentine dryer, and to be entirely free from water, benzine whiting, and adulterations, and sold subject to chemical analysis. THE MARTIN-SENOUR Co., Ltd.

Investigate before you buy. In these days of sharp competition, it is well to know that you get what you pay for. There are so many brands of house paints on the market, now a days, advertised as "pure" (but little better than "dope"), that a man ought to investigate what he intends to buy.

We suggest to those about to paint to make a practical test and convince themselves. Buy a small can of the Martin-Senour 100% Pure Paint, and one of any other brand with which you may have been favourably impressed, selecting about the same color, and paint a few feet. Carefully measure the paint, so that you use no more of one than the other. Thus with the conditions the same, you can determine for yourself which paint has the better body or covering capacity; which is the easier brushing out and has the better finish. If you do not decide in favour of the Martin-Senour 100% Pure Paint, our agent will return the money you paid for the can of Martin-Senour 100% Pure Paint used in the experiment, and we will credit the same to him.

For Sale only by--
