## Flesherton

A pretty wedding took place at the residence of Mr. and Mrs. W. R. Simons on Wednesday evening of last week, when their eldest daughter, Ida Ethel, and Mr. John G. McKee, youngest son of Mr. W. T. McKee, of Flesherton, were joined in the holy bonds of matrimony. Rev. L. W. Thom, of Waldemar, conducted the ceremony, and Mrs. Jos. Blackburn, of this place, played the wedding march. The bride, who was given away by her father, looked pretty in a dainty gown of cream eolienne trimmed with lace. She wore the customary bridal veil with orange blossoms. Miss Teresa McKee, the groom's sister, was bridesmaid, and was becomingly attired in gray crepe de chene trimmed with cream lace. Mr. Albert Blackburn, cousin of the bride, of Duntroon, was best man. After the marriage, which took place at 5 o'clock, a choice wedding supper was served and the evening was enjoyably spent by the company. Over sixty guests were present, a number being from Toronto, Collingwood, Stayner, Creemore and Mt. Forest. The bride received a large number of beautiful wedding presents. The groom's gift to the bride was a gold watch and to the bridesmaid a pearl pin. The bride's travelling costume was of brown cloth with chique hat to match. Mr. and Mrs. McKee will visit Toronto and other points on their honeymoon.

A meeting of citizens was held in the town hall on Monday evening of last week to discuss holding a celebration here on Dominion Day, but as near by places have arranged to celebrate, Flesherton will reserve her former annual event for another year and the funds in hand, \$360, will be preserved for the occasion.

Jimmie Stafford, 6 years old, who lives with his aunt, Mrs. J. P. Orre, well, had a narrow escape from drowning on Tuesday last week. He and Master "Bobs" Trimble, the same age, were returning from school and got playing on a raft at the Boyce river. Both fell into the water, but "Bobs" succeeded in getting out and started for home, on the way meeting C. N. Richardson, druggist, whom he told of their plight. Charlie hastened to the river, and in about three feet of water found the apparently lifeless body of little Jimmie, over whom he wrought energetically for some time before signs of life were apparent. Resuscitation secured, the little fellow was carried to the Baptist parsonage where Dr. Carter gave him further attention. It was so close a call that only one with Charlie's skill on resuscitation could probably have saved the boy's life.

On Tuesday of last week Mr. G. McGruther drove down from Markdale with a lively horse, and while here the animal indulged in a little runaway. Dashing into Munshaw's stable there was a collision and one wheel of the buggy was badly smashed.

The Quarterly Board of Flesherton circuit met in the Methodist church here on Thursday last, Rev. Dr. Caldwell presiding. Messrs. W. Clayton, F. W. Nicholson, R. Waller, W. H. Bunt, W. A. Armstrong, W. G. Shannon and R. Douglas were elected Stewards with W. Clayton Recording Steward. Wm. Buchanan was elected delegate to District Meeting. Dr. Caldwell was cordially and unanimously invited for the third year. Although the circuit has lost nearly twenty families by removal, there will be for the year a slight increase in membership and the finances will be in full. The Sunday Schools and Epworth Leagues are in a prosperous condition.

At the annual meeting of the W. M. S. Auxiliary in the Methodist church on Thursday last officers were elected as follows: President, Mrs. W. H. Thurston; 1st Vice Pres., Mrs. W. J. Boyd; 2nd Vice Pres., Mrs. F. Nicholson; Cor. Sec., Mrs. William Moore; Rec. Sec., Mrs. Geo. Mitchell; Treas., Mrs. W. H. Bunt; Pres. of Systematic Giving, Mrs. Jos. Clinton; Delegate to Branch Meeting in Toronto, Mrs. Nicholson.

On Sunday last Mr. W. Gaudin exchanged pulpits with Rev. Dr. Caldwell, who conducted Communion services on the Eugenia Circuit. Rev. Crawford Tate, who supplied the Presbyterian pulpit, preached an impressive sermon and so pleased the congregation that a strong feeling exists in favour of calling him to the pastorate should he intimate his willingness to accept.

The Band rendered an excellent programme on the street on Friday evening last. Bandmaster Tucker is getting his boys in good form, and their open air concerts will be a source of pleasure to the citizens. A band stand is much needed. Who will move in the matter?

Miss Mary Heron, daughter of Postmaster Heron, of Maxwell, has taken the position of stenographer and typewriter in Mr. R. J. Sproule's office.

Mr. and Mrs. James Blackburn, of Mt. Forest, visited the former's brother, Joseph, here, last Friday.

Mrs. Grier, of Dundalk, was the guest of Mrs. J. A. Boyd over Sunday and Monday.

Mrs. C. W. Bellamy is visiting her daughter in Owen Sound.

Mr. Alfred Down, of Bermuda, is visiting his cousin, Mrs. F. G. Karstedt.

## Bunessan.

Some of the farmers have finished seeding in this neighborhood, while others have much to do yet. The wet weather has kept some from getting their grain sown as soon as they expected. Quite a few, are scarce of feed and very little grass to take its place.

Arbor Day was observed in our school by the teacher Miss Edge and the children, planting trees, flowers etc.

Mr. Hugh Edwards was laid up for a few days with acute dyspepsia, but is able to be around at present, we are glad to say.

Mr. J. D. Kennedy of the Toronto Police Force spent his holidays at his home here and returned on Tuesday of last week to resume duties again.

The Brodie men of Ceylon are busy framing the timber for Mr. Archie McArthur's new barn, which they intend to raise about the 23rd of this month.

## Invaluable for Nursing Mothers.

With nursing comes an unceasing strain on the mother's vitality. The blood is weakened. Nerves are irritable through the loss of sleep. Anxiety and care break down even the strongest. Experience teaches that nothing is more helpful than Ferrozone. What an appetite it brings! No blood-former or nerve tonic more potent, no medicine known that so steadily brings back the health, vigor and spirit that mothers require. It's because Ferrozone nourishes, because it supplies the materials for rebuilding that it does such permanent good, 50c per box at all dealers.

## WHAT A HORSEMAN SAYS OF DURHAM.

### Look Out For Swelled Heads.

I stopped over Sunday in this thriving town. I can assure you one rarely meets with as pleasant a gentleman as Mr. William Black, merchant, of Durham. "Billy," as the boys familiarly call him, is at the head of every movement of industry for the furtherance of the business interests of the town. He takes a lively interest in the light harness horse, and always keeps a few of an extra pattern on hand. He is so well known all over Ontario that his word is a guarantee that he can sell horses to outsiders on his word and personal description. Very few men have achieved that prominence in the horse world. But such are the facts. He is well posted on pedigrees and is ever ready to give information and advice to those who may seek it.

Mr. Miehhausen, of the Middaugh House, has been a little under the weather, but is recovering nicely. With the approach of the warm weather he expects to get out behind his paper. The best reading room of any hotel in the country is in the Middaugh House. Every daily paper from all the principal towns is to be found there on file, and the Canadian Sportsman in the front.

Tom Swallow, the barber, has a very handsome two-year-old ch. g. He is very breezy looking and speedy. Mr. Swallow owns a broncho, and from personal observation I would pronounce him a peach; but his high acting is all behind.

Mr. J. H. Hunter drives a five-year-old by Cremore, dam by Winfield Scott, that shows any amount of speed, but as he is high in flesh Mr. Hunter is going slow with him.

Mr. R. Scott, about the only regular trainer in town, has a 5-year-old mare by Wilbrino, 2.19, dam by Lord Wellington, that gives promise of being very fast. She is smoothly turned, with good legs and feet. Mr. Scott also owns a 3-year-old stallion, sired by Hall B., 2.04, dam by Captain Hunter, 2.13. He is not overly large, but led down the road, he would impress one that he was an old campaigner. No matter which way he is turned he always has his speed with him, and I predict he will be a very fast, natural pacer.

Mr. J. C. Nichol, the merchant tailor, has a peach of a high actor in a big ch. gelding, 16.1 hands, weighing 1,270 lbs., one of a pattern that makes a combination horse. He was sired by Sorby's Squire, dam, a thoroughbred. When the roads get so this fellow can be driven every day he will make up into a very handsome and stylish horse.

Mr. Hugh McDonald, contractor, owns and drives Queen Barnes, so called because he bought him from John Barnes, of St. Thomas. She was sired by Wildbrino, 2.10, dam by Rooker.—Canadian Sportsman,
