DEATH OF JOHN MUIR

An early settler of the township of Bentinck and a highly respected man was gathered to his fathers on Monday of this week with the passing of Mr John Muir at the age of 66 years. He had been troubled for some time with his heart, but the immediate cause of his death was a paralytic stroke which he took on Sunday. Deceased was born in Lanarkshire, Scotland, and emigrated to Canada 52 years ago. He spent three years in Waterloo and then came to Bentinck township, since which time he has resided on the property on lot 36 on 3, until his death. In 1867 he married Miss Elizabeth Whiteford of Normandy, who with a family of five survive. They are Henry of Hanover, Elizabeth (Mrs. Chas. Fursman) of Bentinck, Robert of Morden, Manitoba, and Janet and Clara at home. Deceased was a Presbyterian in religion and a Conservative in politics, but being of a quiet and retiring disposition he would never consent to accept any position of a public character. The funeral will take place to the Hampden cemetery tomorrow afternoon, and the remains of a fine old gentleman will be laid to rest.—Hanover Post.

ATTACKED BY BULLDOG.

Montreal Doctor Will Lose Several Toes.

(Special Despatch to The Globe.)

Dr. Shirrs of this city had an experience this morning which he is not likely to forget. While out riding on Lachine road his horse was attacked by a bulldog. The dog sprang at the horse's hindquarters and tore them badly, and when the doctor dismounted to save his horse he was attacked by the dog, and badly bitten in both feet, and several toes will have to be amputated as a result. The dog escaped although, a vigorous search was made for him by the police.

TO WHOM IT MAY CONCERN.

I, Alexander Drimmie, of the Township of Egremont, hereby make apology to Peter Mutch of this Township and hereby withdraw any and all false statements that I have made about his entire horse "Macgregor Last" No. [3844] [11419]. My belief that the horse was not imported was from a misunderstanding of the reading of the pedigree of the animal.

ALEX. DRIMMIE,  
Chas. McInnis, witness.  
Dated at Egremont this 7th day of May, 1907.

**Jamaica.**  
Jamaica holds a notable place in English history. It has witnessed the warfare of English, French and Spaniards. Rodney, Nelson and Benbow knew it well in their fighting days, and the latter lies buried in Jamaican earth. The buccaners made it a port of call and brought it into the kingdom of romance.

**Maine's First Cotton Mill.**  
The first cotton mill in Maine was built at Brunswick in 1800, only twenty years after the first mill in the country was built.

**The Turkish Navy.**  
In the Turkish navy the crew and officers of a warship form a regiment, and the officers hold the same rank as on land. The captain is lieutenant colonel, and so on.

**Hurrah.**  
Hurrah derives from the old Egyptian battlecry, "Hoo-ra," which means "the king."

**The Albatross.**  
The largest of sea birds is the albatross. It weighs from twelve to twenty-eight pounds, and one shot off the Cape of Good Hope measured seventeen and a half feet from wing to wing.

**Battle of Arbela.**  
The forces of Darius at Arbela numbered more than 1,000,000. The Persians lost 90,000 men in this battle, Alexander about 500 men. So says Diodorus. Other authorities say the Persians in this battle lost 300,000, the Greeks 1,200.

**Graveyards.**  
The south side of a graveyard is preferred to the north, because formerly bodies of notorious offenders were buried on the north side of the church.

**A Much Married Pair.**  
In 1768 there died in Scotland one Mrs. Margaret McDowal, who had married and survived thirteen husbands, she being 106 years old at the time of her death. A Frenchman named Gay married sixteen wives and died childless.

**Pinole.**  
Pinole is a Mexican corn dainty. The corn is roasted, ground to a coarse meal, mixed with sugar and spices and then stirred with water. It is very nutritious and often forms the sole food of travelers on long journeys.

**The Pipe.**  
The tobacco pipe in its present form is said to have been invented by Dr. Villarius in 1690.

**Battle of Hanging Rock.**  
The battle of Hanging Rock was fought near a natural feature of scenery of that name in South Carolina, Aug. 6, 1780. The British were defeated by Sumter. This was the first battle in which Andrew Jackson took part.

**Ancient War Fleets.**  
A Roman fleet led by Regulus against Carthage consisted of 330 vessels with 140,000 men. The Carthaginian fleet numbered 350 vessels with 150,000 men.

**Watercress.**  
If you suffer from pimples eat liberally of water cress. There is no better blood purifier. Water cress is rich in iron and so is very good for those who are inclined to be anemic.

**The Chain Cable.**  
The first man who succeeded in making a useful chain cable was Robert Flinn, who experimented with it in 1808. His cable was made of very short links, with no stay pins or studs, but it served the purpose.

**Harrisburg.**  
John Harris was the first settler of Harrisburg. Its name was afterward changed to Louisburg, then back to Harrisburg.

**Bronzing Plaster of Paris.**  
To bronze a plaster cast give the cast a coat of size varnish and let it stand till almost dry. Then put some metallic bronze powder into a muslin bag, dust it over the surface, dab it with a wad of linen and when perfectly dry give it a coating of varnish.

**Kentucky River.**  
The Kentucky river was first named the Louisa, in honor of the Duchess of Cumberland.

**Rye.**  
Rye is said to grow wild in Anatolia and Turkestan, as well as between the Black and Caspian seas. Its original home is believed to be somewhere between the Austrian Alps and the Urals.

**Lively Weddings.**  
Among the natives of central India a marriage ceremony is always attended by a sham fight, and the same practice prevails among the Kalmucks of Siberia.

**Trades Unions.**  
Trades unions are no new invention. Accurate records of their existence in Roman times have been dug up in Pompeii.

**The Forces at Canaæ.**  
At the battle of Canaæ there were of the Romans, including allies, 80,000 foot and 6,000 horse; of the Carthaginians 40,000 foot and 10,000 horse. Of these 70,000 were slain in all and 10,000 taken prisoners—more than half slain.

**First English Iron Furnaces.**  
The first English iron furnaces were erected on the tops of hills so as to get the greatest possible blast of wind.

My Hair is Scraggly

Do you like it? Then why be contented with it? Have to be? Oh, no! Just put on Ayer's Hair Vigor and have long, thick hair; soft, even hair. But first of all, stop your hair from coming out. Save what you have. Ayer's Hair Vigor will not disappoint you. It feeds the hair-bulbs; makes weak hair strong.

Lard.....	12 to 13

ECZEMA AGAIN OVERCOME

ZAM-BUK CURES A CASE WHICH FOR TWO YEARS HAD DEFIED EVERY REMEDY TRIED.

A Farmer's Grateful Testimony.

No case of eczema, skin disease, or ulceration, should be despaired of until Zam-Buk has been applied. The case of Mrs Francis Benoit of St. Anne's (Man.), is a powerful illustration of Zam-Buk's efficacy. He says: "I suffered from eczema for two years, and tried a great number of remedies. None of them, however, seemed to do me any good. The ailment was mostly in my legs, and both these were actually raw from the knees down. A small sample box of Zam-Buk was given to me, and even so small a quantity as that did me a little good. I then obtained a proper supply, and by the time I had used a few boxes I was completely cured."

Zam-Buk differs from ordinary salves and embrocations in containing no animal oil or fat. It is compounded from rich, healing, herbal essences, and is an ideal natural combination of power and purity. It is highly antiseptic, and instantly kills bacilli and disease germs, which settle on to wounds and skin diseases set up festering, blood poison, etc. For cuts, burns, bruises, ulcers, abscesses, pimples, boils, skin eruptions, chilblain sores, spreading sores, dandruff, skin troubles, chafing sores, etc., Zam-Buk is unequalled. It also cures piles. All druggists and stores at 50c. a box, or from Zam-Buk Co., Toronto, for price, 6 boxes for \$2 50
