DON'T PUT IT OFF LONGER.

Get Rid of That Indigestion at Once by Using Mi-o-na.

Either through slackness or carelessness hundreds of people slowly poison themselves by chronic indigestion. By neglecting to cure at once any sluggishness of the important organs of digestion the system is filled with fermenting and decaying food that results in sick headaches, heartburn, bad taste in the mouth, coated tongue, specks before the eyes, sleeplessness, nervous troubles and the many other symptoms that are the direct result of indigestion.

The want of a perfectly safe yet effective cure for indigestion and stomach troubles in their many forms was felt up to the time of the successful investigations that resulted in the production of Mi-o-na stomach tablets. They quickly cure the worst cases of indigestion, and the pain and distress which are often felt after meals disappear in a very few days—such is the wonderful curative power of Mi-o-na.

The old-fashioned medicines for stomach troubles merely digest the food, while Mi-o-na strengthens the digestive organs so that they soon become able to care for the food that is eaten.

We absolutely agree that your money will be refunded should you buy a 50 cent box of Mi-o-na stomach tablets and not be satisfied with the results. Mi-o-na is sold by druggists everywhere, or will be sent by mail on receipt of price 50 cents. Booth's Mi-o-na Company, Buffalo, N. Y.

SORE NIPPLES.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale at Parker's Drug Store.

CONN INQUEST CONCLUDED

Jury Return Verdict Exonerating Anyone From Blame.

The inquest in connection with the explosion at the Conn mill was resumed in that village on Tuesday of last week. Mr. A. G. Bishop, miller, who was badly injured, had recovered sufficiently to attend and give his evidence, which, however, contained very few additional facts in connection with the unfortunate affair beyond what is already known, with one exception which was that Norman Gilstorf had beckoned to him and he was following him into the boiler house when the explosion occurred.

BOY KILLED IN WALLACE.

Son of Solomon Ludwig, Eleven Years of Age, Run Over by Land Roller.

On Wednesday morning of this week a young son of Solomon Ludwig, 2nd concession of Wallace, was crushed to death by a land roller. The lad who was eleven years of age, was driving a team to a land roller on his father's farm. The team got beyond his control and ran away, and the boy was jolted off the seat, when the roller struck a rail in going through a gap. He fell in front of the roller which passed over his head. His father, who was working in the next field, and who had been watching the boy, rushed at once to his son's assistance, but could not reach the place in time. He picked the boy up and carried him home, but he died just after he got to the house. A doctor was at once summoned, but of course could do nothing. The boy was the eldest child in the family. The team were a span of colts, two and four years old. The boy had been driving them a good deal this spring and seemed quite able to manage them. Mr. and Mrs. Ludwig naturally feel very keenly the loss of their son.—Lis-towel Standard.

FAKER DOWIE.

The London Express has this to say of the late faker Dowie:—

The greatest impostor since Cagliostro is dead. There is often a tragic fitness in the death of men of outstanding character, good or bad, and so it was in the case of John Alexander Dowie. The man who had held despotic sway over the minds of thousands, who had preached a new religion and used it grossly for money-making ends, died insane, unvisited by his own family, and deserted by the mass of his dupes. Dowie was the perfect type of the false prophet. He never uttered a phrase worth remembering. There was nothing original in his religion which was good, and nothing copied in it which was not debased. Yet he was able to impose himself and his teachings on some fifty thousand people. Grown men and women obeyed him like children, and converts not only forsook friends and nationality to follow him, but sank their savings at his bidding in the lots of Zion City.

Orangeville Terror Arrested.

Word has been received in Winnipeg from Estevan of the arrest of Bob Cook, an outlaw from Dufferin County, Ontario, who is wanted in the East for breaking jail at Grand Valley, and for threatening to shoot High Constable Marshall of Orangeville last March. A reward of a hundred dollars was offered for him, dead or alive, and when he settled on a farm out west the mounted police promptly took a hand in the game. Sergeant Lett rounded him up and arrested him single-handed, although Cook is credited with having beaten three constables in a fight on the streets of Orangeville when they attempted to lock him up. He had a brace of revolvers, a rifle, and a shotgun, all loaded, in his possession when Sergeant Lett called. Cook is now in jail in Regina, and will be sent east.—[It wouldn't be much of a trick to surround three Orangeville Constables.—Ed.]

SCHOOL GRANTS.

Education Departments' Announcement Regarding the Increased Allowance

The Education Department authorized the issue to inspectors and rural school boards of an announcement providing for the distribution of the increased grants passed at the last legislative session. The Public and Separate Schools will this year secure in organized counties a total of \$390,000, an increase of \$200,000 over last year, while the district grants will be \$85,000, or double the amount previously provided.

The Department has decided that the division of these increased grants will be based upon the salaries paid to teachers, the value of school equipment, the character of accommodation and the grade of teachers secured.

In the organized counties \$20 extra will be paid in each case where a first or second-class certificate teacher is engaged, and in the unorganized districts \$20 for each teacher having a professional district certificate, \$25 for each third-class certificate, \$30 for each second-class certificate and \$35 for each first-class certificate.

Special extra provisions for payments when good salaries are paid to teachers will be provided, and special grants to poor schools and grants for the building of schools in new districts where settlement is new. Five thousand dollars is also provided for rural school libraries, all to share alike in the distribution.
