FOR OUR READERS.

To Prove That Hyomei Will Cure Catarrh, Every Reader of the Chronicle Can Have Special Guarantee.

If there is any doubt in your mind as to the power of Hyomei, the medicated air treatment, to cure all catarrhal troubles, this remarkable offer should expel that doubt.

We give our personal guarantee with every dollar outfit of Hyomei sold, to refund the money unless it gives satisfaction.

With every Hyomei outfit is a neat pocket inhaler, and Hyomei breathed through this inhaler, reaches the most remote air-cells of the nose, throat and lungs.

Hyomei really gives you a health-giving climate in your own home, so that when you breathe its medicated air, your nose, throat and lungs will be filled with air like that on the mountains, high above the sea level.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, \$1.00, and every package is sold with this distinct understanding that it costs nothing unless it cures.

EASY MONEY

To the Extent of \$1,400 was Obtained by a Clever Forger.

(Guelph Mercury.)

"Easy Money" must have been the explanation of some miscreant, name unknown who did up the six local chartered banks for \$1,400 by forging the name of Mr. John Gillis, of Marden to a number of notes.

The individual in question, on the 28th of February last, called on Mr. George B. Morris, manager of the Royal Bank, and represented himself to be Mr. John Gillis, a well-to-do farmer living at Marden, stating that he wished to get some money to buy horses at an auction sale.

The forger next visited Mr. C. L. Nelles, manager of the Metropolitan Bank, and put up the same story and got another advance. Taking his cue from Mr. Morris' hint, he was particular to enquire when he could return the sum he required in case he did not use it.

He looked like a farmer, but more like the hired man; tall of figure and apparently about 45 years of age. The signature turns out to be an exact facsimile of that of Mr. John Gillis, of Marden, and was made in the presence of each of the managers.

An interval of twenty days or so was allowed to elapse before his operations were continued. Then he renewed them and this time visited the Traders, Montreal, and Commerce Banks. In the latter the genuine Mr. Gillis keeps his current account, and in the former two he has savings accounts.

Before finishing up his work, the unknown rested for another fortnight or more. Then he tackled the Dominion Bank, on April 6th and once more got the money. Mr. Schofield had advanced it in the ordinary course of business, and when the forgery was first discovered in the case of the Royal and Metropolitan, had forgotten that he had done so.

So far there are two cases of forgery awaiting the identification of the perpetrator. The crime was discovered for the first time when the notes in the Royal and Metropolitan Banks matured, and when it was found that Mr. Gillis, of Marden, knew nothing about them. Those in the other four banks are not due yet, so that Mr. Gillis has not been called upon to settle them.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy.

WAS NOT MISTAKEN.

A Scotchman in search of work was recently given employment as a laborer at a shipyard. His first job was to carry several heavy planks.

WHY BURN YOUR TOES?

Stop using Acid Corn Salves, use Putnam's Painless Exeractor; it costs a little more, but it's far the best.

BODY OF MICHAEL HART FOUND BELOW C. P. R. STATION.

A Well Known Puslinch Resident's Body Taken from the River Speed.

(Guelph Mercury.)

The body of Michael Hart, a well known farmer who resides in Puslinch township, was removed from the waters of the Speed, just below the C. P. R. station, this morning.

The hat of the drowned man was the first object to be seen, and the one to first notice it were two C. P. R. section men, Frank Dennis and Thomas Nelson, and they asked their foreman, John Lynch, to report the circumstances to the police.

The body was in the water, perhaps, ten feet feet from the shore, and doubled up in jackknife form, the hat alone of the clothing showing above the surface. It was removed on the end of a plank, and when it was exposed to view the shrivelled condition of the skin gave rise to the opinion that the body must have lain in the water for some time.

But such was not the case; the deceased was seen by a party on the Edinburgh Road, by two parties on Northumberland St., and by a bartender at the Queen's Hotel, who refused him liquor subsequent to this time.

Chief Randall at once communicated with County Crown Attorney Peterson, who asked Coroner D. Robinson to make an investigation. The latter has done so, and the result is that an inquest was held this afternoon, which was adjourned until Wednesday evening at 7:30.

The deceased is survived by a widow and one son, both residing on the homestead in Puslinch.

The deceased had absolutely no domestic or financial troubles, and it is a problem just how he wandered down to that lonely and dangerous spot last evening. The theory of suicide may be absolutely discounted, but there is a possibility that he might have been enticed down there for the purpose of robbery and then pushed into the water by those who designed the crime.

The jury empanelled on the case met this afternoon at Lovell's undertaking parlors, to which the body was removed. They were: Messrs. John Gray, John Mortimer, Neil Marshall, James Alexander, H. Barber, John Ogg, Wm. McEachren, W. F. Barber, George Howard, Jonathan Gibson, John Davidson, Herbert Barber.

HACKNEY IN DANGER.

Thos. Mercer, importer of pure-bred stallions, Markdale, had a very narrow escape from losing his hackney, "Hall Mark," valued at \$4,000, the other day. This horse travels on the train from Owen Sound to Markdale. A spark from the engine set fire to the car, and before it was noticed had burned a large hole in the roof of the car.

Why Spring Brings Weakness

Winter Weakens the System and Allows Disease Germs to Enter.

Great epidemics, such as fevers, infectious skin disease and pestilence break out in the spring. Winter shuts out fresh air from many homes, and only a few get even a little sunshine. The blood naturally grows thin, colorless and diseased.

The blood must be purified, must be given power to expel the seeds of spring fever.

Ferrozone is the only remedy. It calls back vim and energy, fills the body with vitality, makes every fibre sing with new found life and health.

That gnawing tiredness leaves you—Ferrozone drives it away. Sleepless nights are turned into periods of rest, and you pick up fast. Day by day your appetite improves.

"Think it over—Ferrozone is a wonderful tonic, in fact it is more because it establishes health that lasts. Thousands use it in the spring and thereby cleanse and restore the entire system to a perfect condition.

WOOL! WOOL! WOOL!

100,000 lbs WANTED

At the Hanover Woollen Mills, for which the right price will be paid in cash or trade.

Custom Carding and Spinning promptly attended to. JACOB MESSINGER, Manager.
