THE City League base ball teams have already played two of their schedule games. On Thursday evening last the Bankers and C. P. R. opened the season with a victory for the rail-roads of 11 runs to 4, with C. W. Doherty as umpire. The postponed match between the Merchants and Manufacturers announced for Tuesday was played off on the Agricultural Park on Friday afternoon. J. C. Telford of the Sovereign Bank acted as umpire and the score was announced as 31 to 6 in favor of the Manufacturers. Our sporting editor was out of town and details of the game have not been communicated.

GIANT Triplets "Currency" "Bobs" and "Stag" Chewing Tobaccos, in big plugs. Quality always the same.

THE C. P. R. Company has at last filed plans regarding their proposed route through the town by which they intend giving a level crossing at the foot of Garafaxa Street hill. The Council is not willing to accept terms and give the desired right of way, and now ask the Railway Commission to decide the matter. The town desires a cut to be made higher up the hill with an overhead driveway and this is the nature of the demand they make. Work has so far progressed that it seems improbable that the underground course will be granted, but the chances are that a measure of protection will be afforded not previously agreed to. The level crossing at the foot of such a hill has in it a considerable element of danger and while it is true that trains will not be passing back and forth at very close intervals the present is the best time to secure a crossing that will be tolerably safe for all time to come.

MR. A. B. McLellan, agent for Peter Hamilton Implements, has moved his goods into the old stand recently occupied by Messrs Barclay & Bell. He is only a short distance from the Square, but will do all business "on the square."

THE District Meeting of the Independent Order of Oddfellows met here on Monday last when regular district business was transacted with Mr. A. H. Jackson, District Deputy, presiding. The following delegates were in attendance: H. Catley and R. H. Ainsley, Mt. Forest; C. W. Harvey and C. Valance, Atwood; Robert McIntosh, Clifford; John Bradley, Hariston; J. E. Terhune, J. R. Ingles and G. M. Yakes, Listowel; J. H. Taman and P. M. McEwen, Palmerston; and Adam Robertson and W. V. Vollet, Durham. Mr. C. W. Harvey, of Atwood, was recommended as D. D. G. M. to succeed Mr. A. H. Jackson.

It seems hard to get up a full company of volunteers just now. On Tuesday morning the defenders of our country, about twenty in number, left here for the annual twelve days' drill at Niagara. Captain Snider was in charge with Lieutenants Dr. MacLaurin and Wolfe, and Sergeants Ramage and Torry. For the first time in years they were accompanied by the band which formerly belonged here but was taken to Owen Sound for a time. It is back again now and will likely remain in Durham for some time to come. The Owen Sun Sound safely predicts that we will have it for a year at least. There are seventeen members now in attendance at the Camp.

WE regret to learn of the burning of McLellan's saw mill out at the lake. We are not sure of the cause of the fire which took place on Tuesday evening about six or seven o'clock, but rumors are afloat that it was caused by a spark from an adjoining residence. Another report is going the rounds that it resulted from a man throwing down a match carelessly after lighting his pipe. Whatever the cause may have been it is quite a loss to Mr. McLellan who intended moving away the machinery in the very near future. We are told that there was an insurance of \$1700 and that a policy of \$1000 which lapsed only a few days ago had not been renewed. The burning of Sparling's mill a few weeks ago was regarded of incendiary origin but we have not yet heard of any such hint regarding this one. Mr. McLellan is regarded as one of the most honorable of men and much sympathy is felt for him in his loss. [Since the above was in type we learn that the nearby house occupied by Mr. Henry caught fire and that the high winds blew sparks to the mill. Mr. Henry lost everything he had in the house and has the sympathy of the community.—Ed.]

Mr. Walter Simmons, of Artemesia, took the train here Tuesday morning to attend a wedding of a friend at Woodstock.

Rev. R. Pearson, of Ethel, Co. Huron visited at the parsonage here and took the service on Sunday morning. He leaves shortly for Calgary, where he will be associate pastor of Central Methodist Church. He was out in the West two years and speaks well of the country.

Mr. and Mrs. John Vollet and young son, of Fort William, are guests of the former's parents, Mr. and Mrs. W. B. Vollet. John looks well and is evidently in a lucrative position as circulation manager of the Times-Journal in the infant city where he has spent nearly five years.

Mr. Jackson, of Brampton, is in town on business. He is an organ manufacturer, and repairs old organs when he has any time at his disposal. He overhauled a couple taken in exchange this week and being a thoroughly practical man at the business, it might be well for those having organs out of kilter to give him a call.

THE schedule lacrosse game between Hanover and Durham to be played here on Monday afternoon, last, was defaulted by the visitors. The facts are these:—The Hanover boys came over all right according to arrangements. They had the full complement of men, but one man, Cummins, was not provided with the necessary C. L. A. certificate and the home team would take no chances in allowing him to play without the necessary qualifications. They agreed to play with eleven men on each side but the visiting team would not assent to this and the goodly number of spectators had to go home disappointed and short of their entrance fees. As a number of unprincipled ones crawl under the fence or make their way to the grounds improperly it would be difficult for the management to return the money to the proper parties and they decided to hold what they had and to give a free exhibition game at an early date to compensate the losers. Though the boys are not satisfied with this mode of treating the citizens it seems to them to be the best way out of a difficulty. We regret that the season has started out so unfortunately for the lacrosse boys, having first formed a league with Arthur who threw up the sponge after the defeat our boys gave them at Drayton on Victoria Day, and now the defaulting of Hanover in their first game of the season. It is possible the matter may be patched up, but at present it seems that Hanover is strictly out of it and that the remaining contests will be between Durham and Chesley.

MARRIAGE BELLS.

ADLAM—PENoyer.

At the home of the bride's parents, Mr. and Mrs. Sterling A. Penoyer, Cleveland Avenue, east side, Wednesday evening June 5, 1907, at eight o'clock, Rev. Jas. F. Fryer united in marriage Miss Lulu Penoyer and Arthur H. Adlam. Miss Laura Adlam, sister of the groom, was bridesmaid and Herbert Penoyer, brother of the bride, best man. Only immediate relatives and intimate friends were present. A delicious wedding supper was served and the couple received warm congratulations and best wishes for a smooth sailing on the sea of matrimony. The bride is a popular young lady among a wide circle of acquaintances and the groom is known as a steady, industrious young man, who has been employed by the Cheboygan Paper Co., for a number of years. For the present they will board with Mrs. Lewis on South Huron street.—Tribune, Cheboygan, Mich.
