M. GLASER

AMERICAN'S HANDICAPPER. Winners at the Hamilton Track.

Bert E. Collyer, the American turf expert, again started the natives Saturday when he picked six straight winners at Hamilton, Ont. These horses were all given to win, not to run second or third, and consequently were not obtained through numerous scratches, a truly wonderful feat in handicapping to say the least and well in keeping with the wonderful form displayed by Mr. Collyer since coming to Chicago, and the consistency with which he has named the winners of several events at all tracks, under any and all conditions, as well as picking the winner of almost every classic from the winner of the great Brooklyn Handicap, in which he named Superman as the one best bet of the day, down to the winner of Greater New York Steeplechase and Broadway Stakes run Saturday.

CALLED BROADWAY ONE TWO THREE

In the Broadway Stakes Collyer named Montgomery to win the event—he even went further, he selected the spanking son of Pessara as the one best bet of the day, and called the race one two three, a feat that sat the racing enthusiasts of the city agog. At Montreal Collyer named three winners also, while the one best bet at each track scored in the usual manner—four out of five. While for the third consecutive day his one best bet at any track delivered in a common canter.

In calling attention to the wonderful feats of Mr. Collyer in handicapping and naming the winners throughout the country and the remarkable consistency which marks his work, it is not the intention of the American to gloat over its rivals whose experts pale into the infinitesimal when compared with the American's expert, but merely to keep before the vast army of American readers the fact that in this department as well as in all others the vast superiority to all others of the Chicago American.

COLLYER PEER OF HANDICAPERS

Mr. Collyer himself requires no emoluments for his work, because he has long been recognized as the leader in his profession and the peer of all handicappers and the most thoroughly competent allround critic on "the sport of kings" now before the American public. His recent achievement, that of winning the gentleman's Cup race at Churchill down, Louisville, after one of the most gruelling and masterful stretch drives ever seen at that course, demonstrated beyond the least shadow of a doubt that he had both the theory and practice, and of which no other handicapper East or West could lay claim.

PAST PERFORMANCE CHART MASTER-PIECE

The past performance chart of what the horses have done in previous starts, as compiled by Mr. Collyer for the American and which appears in all the earlier editions of this paper is the most pretentious and at the same time accurate ever attempted on this or any other continent; in fact, it is a masterpiece and speaks more eloquently than words can describe as to the competency of its author. In this chart the last two performances of what a horse has done is given, the rider who has had the leg up, the weight the horse carried, the condition of the track, the distance of the race, who it beat, and who it was beaten by, the time of the race and the odds laid against the horse in the betting market; also expert comment. This is the boiled down into a practical form, so that its value is readily apparent to the uninitiated as well as the regular.

ADDS ADDITIONAL FEATURES

From time to time Mr. Collyer has inaugurated new features. The latest and a highly popular one is his "Horses Worth Watching." This column which appears twice a week under this caption, has proven to be worth its weight in radium, inasmuch as its success has been most phenomenal. In this column horses are given which to the expert have or not been backed by the "correct" money or which have shown improvement or signs of going back in work. As an example of the value of this column to those who wager on the races, it might be said that horses named in this column have made good at prices ranging from 25 to 1 (Ben Ban) down to two-year olds and green jumpers and of which the public have no knowledge.

From time to time Mr. Collyer will inaugurate other features to his department, and in the interim the one best bet is—watch Collyer's tips.—Chicago Evening American.

DEATH OF EDWARD HOPKINS.

One of the grand old men of the Township of Bentinck has gone to his long home in the person of Edward Hopkins, who passed away on Tuesday of this week at the age of 73 years, 2 months and 29 days. A genial, lovable, old gentleman, a man of big heart and generous aims, he merited and received the esteem, good-will, and affection of all who knew him, and many a tear will fall to the memory of "Ned" Hopkins. He and his good wife who survives him, were very hospitable and their homestead sheltered many a weary traveller in the "good old days." Deceased was one of the earliest settlers of Bentinck Township. He was born in Dublin, Ireland, emigrating with his parents Mr. and Mrs. Richard Hopkins, when 13 years of age.

They settled at Hutton's Hill. Fifty three years ago he married Miss Mary Cuff, daughter of John Cuff also a native of Dublin. They settled on lots 27 and 28, con 2. S. D. R., Bentinck, which has been the homestead ever since. Death occurred here after five weeks' illness of bronchitis and diarrhoea.—Mr. Edward T. Hopkins, with whom he resided, has looked after the reclining years of his parents with singular kindness. Besides the widow nine sons and two daughters are left to mourn his going viz.:—Martha (Mrs. Bartman) of Tobemory, Annie (Mrs. Dockstadter) of Vancouver, Richard, Benjamin, Herbert and Josiah, Manitoulin Island; John James and Richard Tobemory; Geo. S. in Bentinck, and Edward T. on the homestead. The funeral will leave his late residence in Bentinck on Friday, June 14th. Service will be held at the house at one o'clock, after which the funeral will proceed to the Hutton Hill Cemetery for interment.—Post

ROSY CHEEKS FOR PALE GIRLS.

Don't be debarred from strength and spirit, don't give in to illness and despair. Ferrozone supplies tone and vigor through which all functions of womanly life are maintained and fortified. From New Richmond, Que. comes the following statement from Mrs. Isidore Bossenault: "I take deep pleasure in testifying to the powerful influence of Ferrozone. For years my daughter has been pale and sickly—showed signs of advanced anaemia. Her lips got so white and her cheeks so devoid of color I feared consumption. I can certify Ferrozone made an excellent cure, and to-day my daughter's health is the best" 50c. per box at all dealers.

FARMERS' INSTITUTE MEETING.

The annual meeting of the South Grey Farmers' Institute was held in the Town Hall, here, on Wednesday afternoon June 12th. After the usual routine business was transacted the following officers were elected for the ensuing year: President, Robt. Morice; Vice President, Dan Edge; Sec'y Treas., George Binnie; Directors, Sam Putherbough, Dan McDougall, H. H. Miller M. P., Val Kirchner, Wm. Grant, David Leith, H. J. Snell, W. J. Adams, rhes. McFadden, Wm. Ritchie, Geo. Lothian, Jas. McIlvride, Chas. Heise; Auditors, Chas. Ramage, Arch. Davidson.

Regular meetings next winter to be held at Elmwood, Ayton Holstein, Dromore and perhaps Neussadt.

The business ended W. P. Gamble, BS A Guelph, addressed the meeting on "The Comparative Value of Feeding Stuffs," showing the composition and value of the different grains in feeding for growth, flesh, fat or milk, comparing them with mill feeds on the market. He said mill feeds were largely adulterated. Much that was sold for bran and middlings was mixed with oat hulls or something of that nature of little value. For some time an agitation has been going on amongst feeders asking the Legislature to pass an Act defining bran to be bran of wheat, and nothing else and making anyone putting anything else liable to a penalty. He then spoke of stock feeds, saying that as feeds they were of no great value, but might sometimes be used with profit as a tonic. But the price was much beyond their real value. Anyone could buy the material at a drug store, and mix them as well as the manufacturer and very much cheaper. By far the best special food, especially for milk is wheat bran.

There was quite a number present who listened with attention and at the close of the address plied the speaker with questions, showing that they took an intelligent interest in the subject discussed.

Do Not Neglect the Children

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale at Parker's Drug Store.

FOOD INSPECTORS.

Canada is to have a force of food inspectors to protect the people against the dangers of canned foods unfit for use. This precautionary measure has not been taken any too soon. Canned food in proper condition is a great convenience and benefit to the consumer. Improperly preserved canned food may be a grave danger. Not long ago sufficient canned salmon in a decayed condition was sent to Montreal for sale to poison a whole community. Fortunately it was detected before any harm was done. A thorough inspection of canned foods would be in the interests of both the consumers and the canners. The more wholesome canned food there is the better for the consumer. The more public confidence there is in canned food the better for the canner.—Woodstock Sentinel-Review.

Colic and Diarrhoea.

Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale at Parker's Drug Store.

UNKNOWN MAN MEETS DEATH. Sad Accident Happens at the Farm of Mr. Jas Emary on Tuesday.

An accident occurred at the farm of Mr. James Emary, 7th line of St. Vincent on Tuesday afternoon, by which an unknown man lost his life.

While a large number of men were engaged in raising the frame work of a barn on Mr. Emary's farm on Tuesday a stranger on his way to the Sound stopped. He said he was going to that town in an endeavor to secure employment. One of the men present suggested that he should stay at the raising, as probably some of the farmers present might give him work. He did so and while watching the men at work a rafter fell, striking the unfortunate man on the head. He was at once carried to the house and medical aid sent for. Everything possible was done to save the man's life but he gradually grew weaker until yesterday morning, when life took its departure from the body.

The man never fully regained consciousness, but mentioned the name Grant and intimated that he was from New York. This is all that is known of his name or the place of residence of his relatives, as he had no papers about him that would lead to his identification.

The remains were brought to Helstrop's undertaking parlors yesterday afternoon. Every effort is being made to locate the relatives of the unfortunate fellow.

GENEROUS GIVING.

Those whose hearts have been moved by the recent terrible distress in China will be glad to learn that the China Famine Fund monies cabled by the "Mountreal Witness" amounted in all to \$10,000, most of which was cabled during the last two weeks of the fund. These gifts were received from all over the Dominion, and a good many more "Witness" readers were preparing to remit when they learned that the fund was closed.

The "Witness" has always lent itself to this work of receiving and forwarding subscriptions for worthy causes, and vast sums have been collected by it for such purposes, one fund, the Armenian Relief Fund, alone amounting to over \$15,000. The amount of work and expense involved in receiving, acknowledging and forwarding these large sums of money is very much greater than the general public can at all realize, but the "Witness" has done it gladly and ungrudgingly, making no charge whatever for services or for newspaper space used.

FIRST OF JULY DEMONSTRATION

The Amusement Committee of Ben Nevis Camp have pleasure in announcing that they have secured the renowned 48th Highlanders Band, of Toronto, for their Fourth Annual Dominion Day Demonstration, as one of the chief features of the day and evening. Numbering about twenty-five they are much more than a band, for the aggregation includes vocalists, dancers, fantasias, and humorous selections as well. All loyal citizens will enjoy for instance one of the afternoon items, a Grand Patriotic Fantasia, entitled "The Death of Nelson," while the humorous piece "The Alabama Minstrels," with vocal, tambourine, bones, dancing and chorus effects will gratify the lighter vein. Other features will be arranged for and of course the usual athletic sports. Watch for further announcements and plan to spend the Big Day in Durham. Long Live Canada.—By order, The Committee.

LITTLE POCKET PHYSICIAN.

Hyomei is Guaranteed To Cure Catarrh.

Thousands who have been cured by Hyomei call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can easily be carried in the pocket or purse.

There is really no excuse whatever for anyone having catarrh now, that Hyomei is so successfully obtainable.

Do not delay any longer the use of Hyomei if you suffer with catarrh. This is a purely local disease, and Hyomei goes right to the spot where the catarrh germs are present, destroys them, soothes and heals all inflammation and makes a permanent cure.

The complete Hyomei outfit consists of the "Little Pocket Physician" and a bottle of Hyomei and costs only \$1.00, making it the most economical as well as the only guaranteed treatment for the cure of catarrh. Remember that Hyomei cures catarrh without stomach dosing, applying the medication and healing where the disease germs are present.

We do not want anyone's money unless Hyomei gives relief and cure and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, \$1.00, and every package is sold with the distinct understanding that it costs nothing unless it cures. Booth's Hyomei Company Buffalo, N. Y.
