FRESH GROCERIES ALWAYS ON HAND

ROBERT BURNETT

Corner Concerns.

Born, to Mr. and Mrs. Joe Lennox on Thursday morning without warning, twin girls, their first. Joe was so much taken by surprise by the presentation that it was some moments before he could make the short reply, twins. All are doing well. Congratulations.

Our picnic is to be held on Tuesday the 25th instead of the 28th as first announced. Knox Church has theirs set for that day and as a neighborly feeling exists between the two sections a change was made so that there would be no confusions. Ours is to be held in the old place, Lennox's grove.

The three who recently went to Regina found work rather scarce and times dull. Sam Chapman travelled on to see more of the country and find more paying employment. Jim Eden is laid up we are sorry to hear, with a sore leg caused by a bite from a dog the day before he left here.

Mr. Wm. Allan returned home on Friday night from Montreal. We haven't interviewed him yet but imagine he will be as staunch a Presbyterian as ever.

You will please excuse a very short budget this week, the fact is we are very much engaged at present. The Hutton Hill correspondent said last week that she would appreciate our pointing out all the mistakes she makes so that she might improve on those points. We find it a lively job that keeps us very busy.

Mr. and Mrs. Jas. Tucker drove over to Belgrave on Saturday to see a sister-in-law whose life is despaired of.

Every farmer seems to have luck with their spring colts and there are a great number on this line.

Mr. McLean with two or three men still stays on the mill property trying to keep the fire from spreading so as to damage other property. The fire which started in the residence was seen by the neighbors almost as soon as it had ignited and willing hands were there before it had reached the sawmill. Barrels of water were on the roof of the mill as well as plenty in the under part, but with the terrific wind blowing in that direction it was impossible to save it. The stable and implement shed were saved. There was \$1650 insurance on what was burned, the small insurance was due to the high rate for mill property so far from fire fighting appliances. The \$1000 policy spoken of last week as having recently expired, was on the stock consequently as there was but little stock left it was dropped and the loss of stock will be but light. The mill was one of the best in the country. The sympathy of the neighbors are for Mr. McLean in his loss also for Mr. and Mrs. Henry who were living in the house while a part of their goods were saved there was over a \$100 worth destroyed. Now that so much destruction is done it would be as well if neighbors and all concerned would consent to burn all the brush off the place lest fire start in it again in a worse time.

Top Cliff.

Some way or another we did not get sending anything to the Chronicle for the last few weeks, but will try and do better in future.

The weather is getting fine and warm now. A shower of rain would be in good order if it came, as the ground is getting very dry.

Crops are backward for the 17th of June. We often saw them as far on in the middle of May. Lots of fields have just a greenish appearance and that's all. Hay, or where hay should be, is bare enough in most of places for pasture yet. Some are putting in a large quantity of turnips and some none.

Inspector Campbell visited our school here last week and found good order and school progressing. We didn't get his report yet, but we expect it to be a good one. The teacher Miss McCosh, spares no time in endeavoring to advance the pupils in the different branches taught in our school.

Arch McCuaig is fixing around his fine dwelling, making it more convenient to come in from the road.

Miss Minnie McIntyre, of Toronto, is spending a while at her home here at her mother's, Mrs. McIntyre's at present.

Miss Dora McIntyre is under the weather at present, but we hope to hear of her getting better in the near future.

The Sacrament of the Lord's Supper was dispensed in the Presbyterian church at Priceville last Sunday when a very large crowd of people assembled for the occasion. 130 partook of Communion, being the most for a number of years. Presbyterianism has a strong hold in Priceville.

Mrs. McDermid took a trip down to Hamilton lately to see Mr. McDermid, and she is pleased to state that his condition is improving and that probably he will be able to get home before long.

A few from here took in the excursion to Guelph on the 8th and report a pleasant trip.

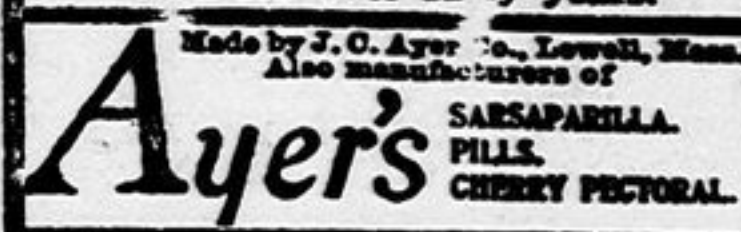

Jubilee will be held in the Presbyterian church in Priceville commencing next Sunday, the 23rd inst. Rev. Buchanan, of Dundalk, will preach, and on July 7th Rev. Alex. McGillivray, of Toronto, will preach both morning and evening.

Entertainment on Monday evening, 8th July, when several, noted speak-

The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor stops falling hair. Verse 2. Ayer's Hair Vigor makes the hair grow. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor makes the scalp healthy, and keeps it so. It is a regular hair food; this is the real secret of its wonderful success.

The best kind of a testimonial—
"Sold for over sixty years."

Tallow	5 to 5
Lard	12 to 13

ers, will be present, besides a first class choir and other things.

Mr. Ferguson, of Swinton Park, preached in the Methodist church, Priceville, last Sunday.

A number of young men from this line are working on the railroad at Priceville and west on Glenelg side.

By-law prohibiting all animals running at large in Priceville was put in force at noon on Tuesday, the 12th inst. The Police Trustees are bound to abide by the authority entrusted to them by keeping good order and clean streets.

We hear a number of teams have to quit railroading on account of sore shoulders and sore necks. This summer has been very favorable for work so far.

We haven't much news around Top Cliff this time, but will send some as soon as possible. We enjoy reading old time news. We saw the editor of ye olden times not long ago.

Mr. Hannam, of Swinton Park, is a good and faithful church member of the R. C. at Pomona, as he goes past our residence every Sunday. This occasion brings him before we have breakfast. It would be well if all were as faithful as Mr. Hannam in going to their different places of worship.

Traverston.

Mrs. John Warnock (nee Bee Whitaker) of Caledon, is visiting Mr. and Mrs. Edwards.

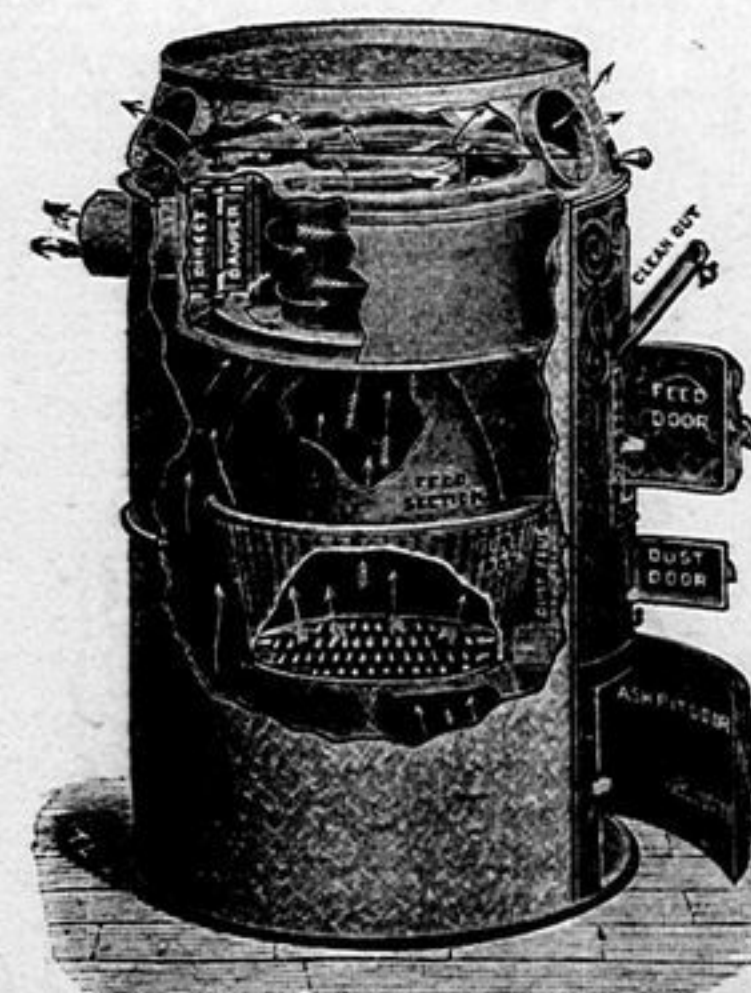

Miss Laura Reed, of Markdale, Miss Pritchard, of Vandeleur, were guests of Miss Myrtle Hunt over Sunday.

Mrs. H. Noble with her little baby Margaret, and her mother, Mrs. McMillan, all of Markdale, are guests of Mrs. James Ross at the Mill.

We expect Ya Editor to say a little piece about that barn raising. We're so hanged busy we haven't time to think of what's going on in the neighborhood.

Oxford Hot Air Furnaces

Powerful and Economical

Are made by The Gurney Foundry Co., of Toronto, who have had 60 years experience in making Hot Air, Hot Water and Steam Boilers and Radiators, for heating all kinds of buildings.

You will notice by the illustration their hot air furnace is built to be a powerful heat producer, as well as a Durable Furnace. You will also note, that there are not bolts, rivets, or rods in the construction of the Radiator to rust, and be eaten into the hot air chamber by the gases from the fire thus insuring a never failing gas and dust-tight radiator.

Call and let us furnish you with more information.

Heating Estimates furnished on request.

must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.

A. H. Sayce, LL.D., D.D., of Oxford University, England, has recently said of it: It is indeed a marvelous work; it is difficult to conceive of a dictionary more exhaustive and complete. Everything is in it—not only what we might expect to find in such a work, but also what few of us would ever have thought of looking for. A supplement to the new edition has brought it fully up to date. I have been looking through the latter with a feeling of astonishment at its completeness, and the amount of labor that has been put into it.

THE GRAND PRIZE (the highest award) was given to the International at the World's Fair, St. Louis.

FREE—"A Test in Pronunciation" instructive and entertaining for the whole family. Also illustrated pamphlet.
