### Corner Concerns.

Mr. Jas. Kerr's family have had an attack of diphtheria and we all sympathize with them in their trouble. Few but the board of health can take much part in a case of this kind and fortunately it has been confined to one home and they are well on the way to recovery.

We have had a short interview with Wm. Allan since his return from the Montreal Presbyterian convention. He reports having a good time hearing eminent speakers and seeing many wonders among which was a lawyer as delegate to the great Church Convention and a very well behaved, decent looking chap too.

Quite a number from this neighborhood attended the Knox Normanby picnic and was very much pleased with the day's sport.

The road from Durham to Priceville is like that from time into eternity in regard to the number of lost souls that travel it. If all the time lost in travelling from Lambton St. to this part and back was put to good use it would build much of the new R. R. between the two places. However, the happy young couple who strayed down this way on Saturday we presume would sooner drive a few extra miles than build a railroad.

Our picnic, we believe, was a great success and all were glad that it was taken back to the old grounds. As we were unable to be present we cannot give a detailed account of the programme but are safe in saying the school under the care of Miss Aljoe did nobly. Wm. Allan as chairman was all right and Revs. Bice and Kendall increased their popularity. The estates got their full share of attention.

The Women's Institute picnic in the Holstein park on the 10th is going to be a big affair if all things are favorable.

A number from this township enjoyed the courtesies of President McWilliams of the Cement Plant last Tuesday. Those who had been through the concern before were pleased to see the improvements and great labor saving devices of the present management while those who were never through before were amazed with the completeness of the whole concern.

Mrs. Katie Baird is the oldest of our pioneer settlers being well over the four score mark, but she is still smart and walked to Durham on Monday to meet the early train and help give a welcome to the Highlandmen.

No sooner was the Chronicle out with the glowing article of how Mr. Back had cured Mr. Picken's mare than one of our neighbor women declared she had saved that mare's life as often as he had by prescribing for her when Mr. Grasby owned her in this part, and she had not been rewarded for it by a lovely write up in the newspapers. It was a complete oversight on our part, or rather we did not know anything of it, but it is not too late yet to extend such courtesy and allow her to share the honors with him of saving the precious life of the beast so far. She is in the best of health now and will likely be kept so for some time as these two persons have seemingly got to know her trouble.

Messrs. Jas. and Alex. Allan left on Friday for Sioux City, Iowa, to join their fellow workers, A. Baird and Wm. Pettigrew in selling stock of \$100 per share for a manufacturing concern. Jas. Allan and Pettigrew getting \$200 per month and expenses paid and the other two fifty dollars each less. They have now got world wide fame as salesmen, they are not like some fellows who undertake an enterprise and go along in a listless way not knowing where they are at or ever reaching success. Every enterprise our lads have helped to promote they have had the satisfaction of seeing it finish, and we wish them every success in this new venture.

Mr. Ben Woods gave the young people a good night's enjoyment by way of a dancing party a week ago. There was excellent music, a good floor and the utmost sociability.

Messrs. Wm. Marshall and Robt. Mead are engaged making repairs to their buildings, the former enlarging his stabling and the latter re-roofing his house.

Miss Maggie Aldred, who a week ago returned from Sask., was present at our picnic and her many old friends were specially glad to see her and hear such good reports of the prairie province.

There was no service in the School on Sunday. The Rev. Bice is trying to spend his holidays with Ripley people although we are informed that he was well warned by a resident of the place if he couldn't spoke the Gaelic, live on cod fish and drink whisky he had better not come. He went.

It seems to be human nature that when a person gets a lot of praise for any good quality he is apt to go to extremes on that point to get more and thereby turn it into evil. The huge puff that the Chronicle recently gave the Review for being a religious journal is causing it to go to great length along that line. Its zeal in going down to John Hunter's board ing place on a Sunday afternoon to teach him the Shorter Catechism may cause some evil minded person to cast reflections on his real piety by imagining it to be a voters' list as the pupil seems so diligent in his study.

Recent rains are working wonders with the crops. The growth has been so rapid that some have been measuring stalks each day and report the growth of an inch per day.

Statute labor is about completed and some very good work done too. It is surprising how much interest farmers take and how hard they work considering the fact that although they build and maintain the roads they are able to enjoy such a very limited use of them. Automobiles and steam bicycles have really got the right of way and the farmer who is on the road with a horse unless it is deaf and totally blind with its scent nose too keen, has got to keep both eyes open for one of these inanimate monsters and either get behind a clump of bushes or into a farm yard while the fellow with the machine has nothing to fear except that a cloud of dust or some other obstacle may prevent his being seen. Farmers certainly have to bear the great burden of trouble in this vale of tears.

Miss Annie Lawrence who a fortnight ago returned from Ottawa Normal School and who was previous a very successful teacher in our academy, was present at our picnic to renew old acquaintances. After spending the holidays two years ago in a training school she is now a proficient teacher.

### NERVY BURGLARS MAKE RICH HAUL.

Baker Street Residences Entered and Ransacked—Thieves Took Nothing but Money.—No Amateurs. These.

(O. S. Sun.)

Four Baker street residences were entered Saturday night by burglars, who made a pretty rich haul. The thieves, as their traces show, were no green hands, but went about their work systematically, and took only money, leaving everything else untouched. Mr. Wm. Ewens' house was entered through the cellar window, by cutting out the wire screen, after an attempt had been made on a kitchen window, from which the screen was removed. The whole lower part of the house was ransacked, every drawer rummaged, but nothing was taken, so far as is known. Mr. Ewens' room was entered and his clothes, in the pockets of which were about \$200 00 in bills, besides cheques, taken down stairs. The bills were taken and the cheques left; evidently money was what the thieves were after, as watches and jewelry were undisturbed, though lying in plain sight. The visitors made their exit through the back door.

Mr. Fred Richard's residence was entered, also by way of the cellar, and overhauled, but not a great deal was taken. Here also money alone was touched, the marauders even opening the children's banks, from which they took the silver and left the coppers. They also took time to raid the pantry, and made a comfortable and substantial lunch.

The programme must have been carefully planned, for the uninvited guests, on leaving, carried with them a small table, which they used to help their entry by a window into Mr. J. Pilcher's house. The result of their labors here was practically nil. They also made an attempt on Mr. G. H. Armstrong's residence, but got no further than the back kitchen, probably frightened away by the dog.

No arrests have been made, and it is doubtful whether any will be, for the burglars were careful to take away nothing that could be identified and to leave as little trace as possible. The police have the matter in hand. It looks to us like a job for a detective.

### THE ORIGIN OF GALL STONES.

They are simply dried bile, made up of crystalline constituents of that fluid. Very common is this disease among merchants, clergymen, shop girls and those of sedentary habits. Prevention consists in maintaining correct action of the liver and bowels, which is best accomplished by Dr. Hamilton's Pills. No person using this medicine need fear gall stones, nor will they ever be bilious. Sound digestion, good appetite, a clear color will evidence the health giving properties of Dr. Hamilton's Pills, which are the safest and best for general family use. Insist on having only Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box at all dealers.

### MANY DEATHS BY DROWNING.

Charlottetown, P. E. I., June 27.—Clifford Arnold, aged 40 years, a fisherman, was drowned in the surf while going out in a dory to meet his son and another boy.

Moose Jaw, Sask., June 27.—Eva Hall, formerly of Portage la Prairie, with a companion named Evans, was swept over the C. P. R. dam in a boat and drowned.

Reston, Man., June 27.—Walter Hansell, 5 years old, was drowned in an old well.—Advertiser.

### Take the Postmaster's Word for It.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. Resays, "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale at Parker's Drug Store.

### Holstein.

A general picnic went to Pike Lake on Dominion Day and report a very pleasant day's outing.

Our base ball team measured the strength on the diamond here with the Northern nine of Mt. Forest on Thursday last, and at the end of the seventh innings the game closed with a score of 17 to 11 in favor of visiting team. Everything passed off nicely, and Umpire Chapman gave excellent satisfaction.

The Presbyterian church has undergone a complete renovation. The inside has been repaired and decorated by Prof. Van DerFeen, of Toronto. The work is excellent and reflects much credit on the artist. He previously did the Methodist church, and the excellence of the work established his reputation here. The work is mostly free-hand.

Rev. George A. King, lately appointed to the Holstein Circuit, arrived this week and will occupy the pulpits of the circuit on Sunday next. He makes a very favorable first impression, and we hope his spiritual ministrations will be for the general welfare of the community.

Dominie Kells, who held the principalship of the school for the past two years, has tendered his resignation and intends going West.

The Public School examination was held on Thursday of last week and followed by a picnic in the Park.

Miss Alice Irvine arrived from the West last week to keep house for her cousin, Mr. Richard Irvine, who recently lost his wife.

Miss Nellie Phillip, book-keeper in J. H. Brown's store, left Tuesday morning to visit friends in Sperling, Man. She expects to be absent a couple of months.

Miss Edna Philip spent a holiday in Toronto.

Mrs. Wm. Orchard had a narrow escape on Thursday last through a runaway. She and her three-year-old daughter were in a buggy and the horse took fright at the north end of the town and started off at a furious pace, but was fortunately brought to a halt by Mr. Wm. Scarlett without accident.

Rev. G. S. Cassmore left this week for his new charge in Guelph. We wish him every success.

### Fell Overboard

Wm. Cousins, David Disch, J. J. Goodhart and his son Joe launched a boat on the tempestuous billows of the Black Horse Lake on Thursday last. They were loaded—with fishing tackle—and each dropped a tempting bait to the numerous pike that are known to inhabit these waters. The fish were slow in biting and they all dropped into a sort of snooze. They were destined, however, to a most rude awakening, for a large pike attached itself to J. J. Goodhart's line and in the excitement that prevailed he fell overboard. He left the boat in such an unceremonious manner as to almost compel the rest of the crew to keep him company in the water. After feeling around to make sure that they were still in the boat, they set out to look for Goodhart. Over on his father's farm in the state of Massachusetts, Goodhart, when eight years old, had learned to swim, and on Thursday last—fifty years afterwards—he was sending bubbles to the top on Black Horse lake. Getting tangled in the oars and wound up with fish-cord the erst while swimmer was at the mercy of the waves. It took the crew in the boat all their time to rescue him from a watery grave. Once free from the hobbles, Goodhart gave an exhibition of fancy swimming that demonstrated beyond a doubt that he was an aquatic performer of no mean ability.—Bruce Times.

### The New Remedy.

Take it Now that Vacation Days are Fast Approaching.

Thousands of men and women are anxiously looking forward to the vacation days that come in June, July and August—not so much for the pleasure or enjoyment as for the chance of getting rid of their ill health.

To thoroughly drive away troubles of the stomach most people think they have to make a business of it with dieting, exercise, and perhaps a vacation.

But Mi-o-na stomach tablets taken with regularity, in a very few days will drive away indigestion, dizzy spells, distress after eating, headache sleeplessness, and the many other symptoms of bad digestion and sluggishness of the digestive organs that keep people from enjoying themselves.

Day after day, at work behind desks or in the factory with poor sunlight and air, soon results in sluggishness of the entire physical and mental apparatus. The first slight symptoms of indigestion can be easily cured, but when they are allowed to increase without any help, then the stomach complaints become hard to shake off.

Strengthen the whole digestive system with Mi-o-na and you will soon find that both stomach and bowels do their work as they should.

We absolutely agree that your money will be refunded should you buy a 50c. box of Mi-o-na stomach tablets and not be satisfied with the results. Mi-o-na is sold by druggists everywhere, or will be sent by mail on receipt of price, 50 cents. Booth's Miona Company, Buffalo, N. Y.
