Doctors Change Their Methods.

Years ago they fought catarrh by internal dosing. They saw this ruined the stomach and changed to the ozonated air cure, better known as "Catarrhazone." This treatment is sure to cure. It goes to the source of the disease; it destroys the causes that maintain catarrh and even in the worst cases permanent cure is guaranteed. Failure with Catarrhazone is impossible. Antiseptic, healing and far-reaching, it's bound to cure every time. Endorsed by more than twenty thousand physicians in America alone and sold in 25c and \$1.00 sizes by all dealers.

HONORING THE PIONEERS.

(Flesherton Advance.)

Monday was an historical day in the annals of School Section No. 11, Artemesia (Vandeleur), when about 1000 people assembled to witness the ceremony of unveiling a monument to the pioneers of that section. This idea originating in the minds of the people of Vandeleur, has attracted much attention throughout the country, and is unique in the annals of this province. The monument is a handsome piece of grey Scotch granite with Longford stone base and has already been described in these columns. It is an honor to the section and to the man who erected it, Mr. W. L. Smith, of Thornbury.

The chair was occupied by Mr. Jno. Boland, who introduced the program in a few well chosen words, during the course of which he gave the interesting information that about 300 children had been reared in that section during the last fifty years, and that they had not cost the municipality one cent for the prosecution of crime. This was an extremely creditable showing.

On the platform were the following gentlemen: Two of the pioneers—J. Holley and Richard Smith—a pathetic remnant of early struggles; J. J. Tilley, Inspector of Model Schools; A. H. U. Colquhoun, Deputy Minister of Education; I. B. Lucas, M. P. P.; W. L. Smith, editor of the Farmer's Sun; C. W. Chadwick, the first white boy born in the section; and Judge Widdifield, of Owen Sound. The first white girl born in the section was also present in the person of Mrs. John Boland, but she did not take a seat on the platform.

The program was opened by the school children singing "The Maple Leaf," Canada's national air.

J. J. Tilley, inspector of model schools, was then introduced. He was not used to open air speaking and it proved too much for him. He is troubled with a weak heart and was compelled to desist before his speech was nearly over. He referred to the radical changes recently introduced by the Education department. Changes had been taking place during the past sixty years and it was necessary to make new regulations to meet changed conditions. He thought the foundation of education should be the same for all children up to thirteen or fourteen, after which they should be able to specialize for their life work in one of four classes—the learned professions, commercial pursuits, manufactures or agriculture. He also referred to the position in which England found herself in competition with Germany and France, owing to the latter countries adopting technical education, enabling them to become her strongest competitors. He said the proposition was now to do away with the lowest certificate and admit to teaching only after one year of normal training.

The Deputy Minister of Education believed a country which did not honor its ancestors would soon cease to exist. The pioneers had done a great work in this country. They came with only courage and muscle. Their conditions and resources were of the most meagre. They had made many sacrifices and we had to make financial sacrifices in order to fit our boys and girls for their life work. We should keep sight of the practical end of education. It was said that 75 out of every hundred boys and girls go no farther than the public school. The rural schools should provide scientific agricultural education; farmers' boys should have something to specially fit them for their calling. The farmer to be successful must be an educated man. Mr. Colquhoun was well received.

Among the other speakers were: N. W. Campbell, Inspector South Grey; Rev. Dr. Caldwell, Rev. L. F. Kipp, Flesherton; Rev. J. S. I. Wilson, Markdale; P. McCullough, Markdale, and C. W. Chadwick, Toronto.

NOTES.

A large number of relics of early days and portraits of some of the pioneers were on exhibition. These included the old spinning jenny, tin lanterns and brass candlesticks. Mr. John Boland showed a rocking chair made by his father with an axe over fifty years ago.

The Foresters provided entertainment and provision for the multitude in generous fashion, and we are pleased to learn that their efforts were handsomely rewarded.

There were several football matches during the afternoon, in which Kimberley came off victorious with a single exception, when the Wodehouse club won out with a score of 10.

The monument was unveiled by the two old pioneers present, Messrs. John Holley and Richard Smith, who are both still hearty and spry.

Probably the face most missed on this occasion was that of the late Thomas Kells, who joined his neighbors in the better settlement only a couple of years ago. One can imagine with what pleasure he would have mingled with the crowd on this occasion, and what joy it would have given him to assist in the ceremony. His genial face and hearty greeting were much missed by very many who knew him in life. His memory is kept green and his name perpetuated among those others who are honored with a place on this stone.

The names on the monument are: J. Boland, Jane Boland; W. Buchanan, Matilda; J. Chadwick, Elizabeth; C. Carson, Mary; Cooney, Nancy; D. Campbell, Jean; T. Gilbert, Rosanna; A. Graham, Elizabeth; T. Gregston, Eliza; T. Gilbert; J. Holley, Hannah; W. Hall, Mary; J. Jones, Agnes; T. Kells, Sarah; W. Knight, Sarah; J. Lomas, Mary; A. Melvin, Ann; R. Smith, Eliza; W. Smith, Mary Ann; R. Shannon, Eliza; A. Sewell, Ann; J. Teets, Eliza; R. Waring, Sarah; J. Williams, Mary; J. W. Weber, Margaret. At the base of the stone in large letters is the one word, "Pioneers." The face of the stone contains the following: "1857—1907—To the founders of S. S. No. 11, Artemesia, whose courage, honest intention and stability of purpose converted the primeval forest into into homes for themselves and those that came after. Erected by their descendants."

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man. For sale at Parker's Drug Store.

ORONHYATEKHA'S SON FOUND DEAD IN BED.

Deseronto, July 7. (Special.)—This community was startled to day when it was announced that Dr. Acland W. H. Oronhyatekha, only son of the late supreme chief of the I.O.F., had been found dead in bed at the family residence, the Pines.

Altho he had heart trouble for years, it is only recently that he had been suffering from its effects. Last Monday he had a weak spell, but yesterday was seemingly in good health, driving to Napanee to spend the day.

This morning he did not respond to the usual call and Dr. Ross, who was visiting at the Pines, was summoned. He found that Dr. Oronhyatekha had passed away during the night.

Mrs. Oronhyatekha, who has been visiting her former home in Norway, is on the sea, and is expected to arrive in New York on Wednesday. Until then no definite arrangements for the funeral will be made.

The deceased was 38 years of age, and was born in Frankford, Ont. He graduated in medicine from Trinity College, Toronto, 14 years ago. For many years he was connected with the I.O.F., and assisted in its organization in Australia.

Last fall he was chosen as head chief of the Indians on the Mohawk reserve. His Indian name, Devoron yatha, signified "Bright Sky."

Dr. Oronhyatekha was popular in the reserve, and his death was received with great sorrow. There remains now of the Oronhyatekha family only Mrs. P. J. Johnson, sister of the deceased, and Miss Gertrude Oronhyatekha, an adopted daughter of the late supreme chief.

Dr. Acland Oronhyatekha was named after his father's old friend and teacher, Henry Acland of Oxford.

DO YOU FEEL THE PINCH?

Not of poverty, but of corns, aching corns, that can be cured by Putnam's Corn Extractor? Don't suffer, use "Putnam's"—sold everywhere in 25c bottles.

NO SMALL BERRY BOXES.

(Kemptville Advance)

There are to be no small berry boxes this year. The fruit inspectors have been after the box manufacturers and have served notice upon all and sundry that anything less than the legal size will mean prosecution. The law declares that a berry-box shall contain not less than four-fifths of a quart. The law was on the statute books for a long time without any attention being paid to it. Then that duty was turned over to the Inland Revenue Department. But the officials of these two departments were too busy to worry about the size of berry boxes, and the result was they kept getting smaller. When they got down to about two-fifths of a quart, the administration of the law was turned over to the inspectors of the fruit branch. The berries arrive during their slack season, so they started after the small fruit men last summer with warnings, which were renewed this spring. The result is they have reported to Ottawa that they have so far found no under-sized berry-boxes on the market, and the manufacturers state that none have been ordered. The boxes from the United States are all reported to be up to the Canadian standard of size.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale at Parker's Drug Store.

SIGNS OF RAIN.

Animals and Plants indicate the approach of storms.

It is well known that animals and fowls give notice of the approach of rainy weather by their peculiar actions. Dogs and cats are less energetic and show an unusual disposition to sleep. Sheep crowd together in a sheltered place. Horses neigh, cattle low, peacocks scream, guinea fowls squall, and ducks and geese are more noisy than usual. All this is due to the decreased supply of oxygen in the air and to the depressing effect of damp air on their nerves. It gives them some difficulty in breathing and makes them listless and uneasy.

Another sign of rain is seen when a cat rubs her ears and sometimes every part of her coat that she can reach. This is due in part to the dampness of the air, which penetrates the hair and makes the skin itch, but it is chiefly due perhaps to the air being heavily charged with electricity. The hair of the cat becomes heavily charged too, and she rubs it to make it lie smooth and to brush away the peculiar sensation that electricity causes.

Perhaps you have noticed that the leaves of the dandelion and the clover fold up and go to sleep, so to speak, when rain is near. As these plants never open their leaves without the stimulating influence of sunshine, the cloudy sky puts them to sleep. Another reason for the change is the expansion of the air vessels of the plants, due to the damp air, which causes the leaves to contract and close, just as paper curls when one side of it is moistened.

Boys and girls should make a study of these things. Not only would they find the study full of interest, but it would cultivate their powers of observation and give them a better knowledge of nature.—Chicago News.

"BLUE DEVILS"

Get Rid of Indigestion and Things Will Look Bright and Joyous.

Even in the present era of prosperity and good times everything appears black to those people who are suffering wretchedly from some form of indigestion. Where digestion is quick, complete and easy there is a joyous outlook, but indigestion causes depression.

The want of a safe, effective cure for sick headache, indigestion and stomach troubles, was always felt until the prescription known as Mi-o-na stomach tablets was put up in popular form and proved its variable success in many forms of indigestion.

After a few days use of Mi-o-na stomach tablets the headache, dizzy feeling, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Mi-o-na is to be taken before each meal and it will stimulate the secretory and digestive juices and strengthen the whole of the digestive system so that the unpleasant full feeling will be absent and indigestion prevented.

We absolutely agree that your money will be refunded should you buy a 50c box of Mi-o-na stomach tablets and not be satisfied with the results. Mi-o-na is sold by druggists everywhere, or will be sent by mail on receipt of price, 50 cents. Booth's Miona Company, Buffalo, N. Y.

ZAM-BUK SAVED THIS BABY.

Mrs. M. Barrett, 602 Moran St., Montreal, says: "A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He was so fretful all day long that it made it very hard for me. He refused his food, got quite thin and worn, and was reduced to a very serious condition. I was one day advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. He gradually became more easy and able to sleep. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the tormenting skin trouble, he has improved in general health. He has got fat and plump, weighs no less than 32 lbs., although only 7 months old, and is in first-class condition. Zam-Buk is sold at all stores and medicine vendors, 50c a box, or post free from Zam-Buk Co., Toronto, for price, 6 boxes for \$2.50.
