NEWS AROUND TOWN

SEE McKinnon's sale ad. in this issue. Twill pay you to attend.

TEN APPRENTICES wanted to learn millinery, beginning September 5th. Apply at Miss Dick's.

WANTED.—A second hand Piano. Will either rent or buy. Apply to Box 58, Durham.—July 4—3w.

CROP Reports from the neighboring townships are quite promising now. Some say they will be better than last year.

A GARDEN Party will be held at the home of Alex. Fletcher, Rocky Saugeen, on the evening of Thursday, July 25th. Good program. See Bills.

SEVERAL Invitations have been given us to visit the Great Burdock Groves on George Street, but as we have a nice patch of our own the sight would be no novelty.

BENDER TWINE.—A highly respected farmer called to-day enquiring for the Deering Twine. Several dealers wanted to sell him their twine, but the Deering has been so satisfactory to him that he would have no other. It is reliable. For sale at the Big Store.

WE make free use of the Shoe and Leather Journal from which we clip many good items. To us at least they are good, because we see in them a great many sensible paragraphs from the Pen of "Solomon" whose "Stray Shots" appear in every issue. We give a number this week and commend them to the consideration of our readers. Some of whom may have sense enough to be benefited.

DURHAM Lacrosse boys won a hard earned victory against the Hanover team on Tuesday afternoon on the Hanover grounds. At the end of the first quarter the score stood 2-2; at half time it was 4-3 in favor of Hanover. At three quarter time the teams were tied at 7 all and when full time was called the game was again a tie at 8-8. They played over time to decide when Durham scored and the game ended 9-8 in our favor. Both teams worked hard and every inch of the ground was fiercely contested from first to last as may be inferred from the way the score stood at the end of each quarter.

WE are in receipt of a letter from Dr. J. C. McGillivray, of Denver, Colorado, containing a remittance which places him all right in our estimation. He says "your continuing to send the paper after the order for extra postage was issued shows that your confidence in 'us foreigners' did not falter, etc." You weren't very far in arrears Dr. and we have the faculty some times of sizing up our man. We cut off some, nevertheless, but from our short interview with you we thought you were O. K. Some cheat us out of the subscription, but no man who does so will ever go to heaven. We think your chances are good now. The Dr. states further, "The Chronicle with its weekly budget of South Grey News is always welcome and anxiously looked for every Monday morning."

FOR quality and quantity ask your dealer for the new big plugs of "Bobs", "Stag" and "Currency" Chewing Tobaccos.

THE glorious Twelfth passed off very quietly in Durham. The Lodges from this vicinity went to Arthur to attend the celebration, where, we understand, that thirty or forty lodges had assembled for the occasion. The boys behaved themselves well and there was no ill-becoming conduct manifested either going or coming. Orangemen of to-day are, as a rule, a gentlemanly and well-behaved organization, and differ very much from similar bodies of thirty or forty years ago. It is unfortunate, however, that friction occurred in Toronto between the Street Railway Co. and members of the procession. Accounts are so strangely varied that it is difficult to know just where the blame belongs, and whether it should be placed on those in sympathy with Orangeism or on the element opposed to the Street Railway Co. which is apparently an unpopular concern in the city of Toronto. One thing appears clear, however, that the trouble did not arise out of any sectarian differences, which years ago seemed to be the main cause of Twelfth of July disputes.

A COMMUNICATION from Mr. Farquharson is held over till next week.

OWING to a change in business, all accounts due me must be paid in by the first of August.—Miss Dick.

It's a great thing for a man to have courage enough to thrash his wife. Holy smoke, wouldn't he feel big after the operation!

A GARDEN Party will be held at the Rectory grounds on Thursday evening, July 25th. Good program. Admission 10 cents.

THE building recently occupied by Thos. Wilson as a butcher shop is being painted and papered by the artistic hand of John McDougall. We understand it is to be used by J. R. Legate as a portrait studio.

THE Grey & Bruce Mutual Fire Insurance Co. held a regular business meeting in the Knapp House on Monday last. The full board was in attendance as follows: D. McDougall, President; Robert Richardson, of Walkerton, Vice-President; Archie McCuaig, of Top Cliff, Thos. O'Neill, of South Brant, A. Siegmiller, of Walkerton, Directors; D. Campbell, Hanover, Manager and Secretary. There was considerable business done, and a number of new applications and renewals were accepted.

THE Holstein boys were quite cocky a short time ago about their ability to play base ball, and they were on the high jump to find something they couldn't trim too easily. We suggested a game with Durham to one of the leading sports of the sister village, and no time was lost in arranging for a game. The boys down there play good base ball, but a team from here went down a few evenings ago and defeated them to the tune of 12 to 1. They were not defeated because they were poor players, but because our boys are better players. We have six teams here in town and they are all stars. We're getting cocky now, too, and a few more victories will make us so we won't be able to hold ourselves. "It was a great victory entirely," as John Graham would say when he wishes to forget that he's Scotch, and wishes the people to think he has risen to the dizzy eminence of an Irishman. This is the place they play base ball in its purity. Lots of them can catch the ball on the first bounce if they happen to be near enough to it.

GIANT Triplets "Currency" "Bobs" and "Stag" Chewing Tobaccos, in big plugs. Quality always the same.

FOR the past three months Mr. and Mrs. Bolger and daughter, of Australia, have been guests of Mrs. Christopher Williams and other friends in the vicinity of Edgehill. Mrs. Bolger is a daughter of Mrs. Williams and enjoyed very much a renewal of acquaintance with her former associates. It was Mr. Bolger's first visit here and his genial affability during his short stay has made him many warm friends in that vicinity as well as in this town. As our antipodean visitor leaves for home to-morrow (Thursday) a very enjoyable picnic party was held at Haywards last Saturday in honor of the guests. It was a free and easy affair and in addition to its "go-as-you-please" character, there was a nice program of speechmaking, songs and dancing which was very much enjoyed by about a hundred and fifty residents of the vicinity who availed themselves of the pleasant holiday. On leaving Mr. Bolger tells us he carries with him the very kindest feeling towards all he came in contact with. He says he never met a more agreeable and kind-hearted people, and we take the liberty of publishing his opinion of the people he prizes so highly. Though half the world intervenes between his home and here, he leaves with the hope that some day in the not far distant future he may again return to enjoy a like participation of the Edgehill people's hospitalities. Though the Chronicle has been going to his far distant home for the past fourteen years the articles it contained had only a visionary interest, but from now on everything will have a reality about it. We enjoyed the visits of Mr. and Mrs. Bolger very much and wish them all safety in their homeward journey which will complete his second complete trip round the world.
