### Corner Concerns.

People are busy at present taking off their hay crop, and find it very good on low lying land but on hilly land it is light. Oats are not so promising as when we last wrote, some sort of blight having effected their growth some, but fall wheat, barley and peas are all right

Rev. Mr. Rogers, of Varney, made his first bow to the people of this part on Friday night. He played his part in the base ball game like a professional and took his share of defeat like a man, and his speech on the platform didn't weary any one and what he said left very little room for criticism.

Miss Sarah Dennett returned from Toronto on Friday, just in time for the garden party, and will spend a short time with friends and relatives. She had been in Dakota prior to the sad death of her mother

Miss Fee, of Normanby, spent last week visiting the Eden family and other friends on the line.

Miss Mary J. Mathews, of your town, visited her old neighbors out here last week. She is always a welcome visitor, as she was a citizen of sterling worth before going to town.

Mr. and Mrs. Wm. Chapman, of Mt. Forest, visited their parents, the Sirrs and Chapman families, the beginning of the week.

Mr. Jim Johnston returned home on Thursday from Dauphin, Man., owing to his brother's illness. He spent a few weeks in Pennsylvania the beginning of his trip, but speaks more highly of Dauphin where fine prospects of a good crop exist by good soil and frequent warm showers.

The laying of the corner stone of the new church will likely take place on the 9th of August and will be an interesting event as it is to be done by the Masonic Brethren, and their service for such an occasion, we are told, is a very beautiful one, and the matter of preparing excellent pastime for the afternoon that will be enjoyable and instructive is receiving the careful consideration of the church workers. The neighborhood, as is its custom, will use every hospitality to make things pleasant for all strangers from a distance, and we certainly expect them to come from far and near when so much will be done to make it a success long to be remembered.

Friday night was an ideal one for a garden party, warm with no dew falling, consequently the one held in Mr. James Tucker's orchard was all the success that could be desired. The crowd was large, the program good, the cream, lemonade, cakes, oranges, bananas and candies were all disposed of, and then people finished up with a chew of gum. The base ball game between the Varney team and the one of our own line resulted in a sweeping victory for the latter, although the Varney bunch understood the game well and have taken a great deal of practice in running, catching and batting, but our team seem to have much more natural ability along those lines. The Rev. Bice umpired the game to the satisfaction of all and he also acted as chairman for the program, which was a good one. Mr. G. Midford further established himself in the opinion of the audience as a professional in vocal music and had to respond to encores. Mr. John Disell, an old favorite in this part as an elocutionist, pleased the people as of yore, and after every number had to respond to an encore. Miss Aggie Sirrs and Miss Mabel Mead sang sweetly and Rev. Rogers talked shortly. Mr. Will Sirrs chairman of the committee, moved a vote of thanks to every person who helped in any way to make the affair a success. The gate receipts were \$16.70, and when all is totalled up probably more than \$30 will be added to the organ fund.

Miss Alice Lawrence came home from Toronto a week ago to spend a short holiday. Her appearance would indicate that Toronto is a healthy place.

Mr. Roy Pollock feels glad that his purse, which was found by Mr. Tucker after the garden party, got into honest hands.

### CATARRH CAN BE CURED.

Kill the Germs by Breathing Hy-o mei Gives Quick Relief.

Many people who have suffered with catarrh for years naturally feel that the disease cannot be cured, and become discouraged.

Their failure to get relief is due to the fact that they have not used the right remedy. Catarrh is an affection of the head, throat and lungs, and cannot be cured by stomach dosing.

The only scientific and natural treatment for this disease is Hy-o mei, which is breathed through a neat pocket inhaler, so that its healing medicated air reaches the most remote air-cells, kills all catarrh germs, and restores the mucous membrane of the nose, throat and lungs to a healthy condition.

We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, \$1.00, and every package is sold with the distinct understanding that it costs you nothing unless it cures. Booth's Hyomei Company, Buffalo, N. Y.

### FROM AN OLD DURHAMITE.

Tacoma, Wash., July 11, 1907, EDITOR CHRONICLE.

DEAR SIR,—I have taken great interest in articles reproduced from The Durham Standard. It makes me hark back to my boyhood days when I played the "Devil" with the Standard. How well I remember, in 1859, standing up to the case all day long, and how at 5 p. m. each day Mr. Luke would come around and say,—"Well Gabe, you had better quit work now and go cutting wood." How I used to swipe a string of composition from an old roller and feed it to Wylie's cow next door, and through a high board fence watch Mrs. Wylie chase that cow around the yard and call for Wylie to come out and see what the aud ooo had in her mouth—that she could not swallow or spit out. No wonder the reproduction of the old news made Rob Cochran reminiscent, or that "Willie George" Jackson and myself, on reading the same, got comparing notes (as we whiled away a leisure hour at the popular Pharmacy of your old townsman, John L. McKenzie, now one of our most successful business men.) about the oldest inhabitants. Our recollection was that Jamieson came to Durham a year or more before "Sandy" or "Baldy" Hunter put in an appearance. We talked of John Moodie and his "rawes" and the little old frame school house on the hill, next door to my old home, and of how the scholars formed a plan to run Mr. Mullen out of the school. How bravely we marched up to the school with big Dick Hopkins and Tom McGirr in the lead to clean out the master with the stiff neck, and how we all ran like "white heads" when he came out to meet us. Yes, we talked of the old teachers, Moodie, Connors, Mullen, Plunkett and Collins, and of the old timers, Jamieson, Scott, Stewart, Peter Watson, Paterson, Luke, Mc Nab, Moy, Swinburne, Hastie, Prevost and many others. And although in later years some of them may have given way to human weaknesses, we only remembered them as the sturdy pioneers, the men who had the will to master and the power to endure all the hardships of pioneer life. These, and their kind, were the fellows that paved the way for the conditions that made your community prosperous.

It is upwards of 30 years since I visited Durham and 40 odd years since I saw W. G. Jackson until I met him a year ago. He is practically the same old "Willie George" that we knew in the old times, even to going out and playing a game of cricket with the boys, and carrying his bat with the same precision as of old, causing the young blood of today to "sit up and take notice" and pronounce it wonderful. I see by the Chronicle only a few of my old schoolmates are on deck now. How I would like to step in and shake hands with Tom Harris, Herbert Mocker, Charlie Grant and Neil, Gilbert and John McKechnie, and have a good old-fashioned visit, if only to congratulate them on their success in life, which has been largely due to close application to their studies as boys and the noble advice of the grand old school masters to whom we are all so much indebted.

Yours truly,

G. F. MATTHEWS.

Mr. Matthews will regret to learn that Mr Mocker and Mr. Neil McKechnie died some time ago.

### Dark Brown Taste

Your Head Aches  
Tongue is Coated  
Mouth Tastes Bad  
Stomach is Sick.

The Gastric Juices Are Not Doing Their Duty and You're in the Grip of Nervous Dyspepsia.

A hot bitter fluid, and sour undigested food rise in your mouth.

Your vision is crossed with specks that float before the eyes.

Very shortly you'll have, rank breath, and sleepless nights.

What you need is Ferrozone.

It regulates the gastric juices, puts new life into the stomach, braces digestive powers, gives the aid that's so badly required.

Ferozzone is the best treatment because it goes to the root of the trouble, remedies the condition that causes dyspepsia and thereby cures permanently.

If you want proof, read the experience of Mr. E. P. Davidson, a well known resident of Portland, who writes: "Ferozzone is beyond doubt a most wonderful cure for indigestion and weak stomach. Food so badly disagreed with me that I was almost afraid to eat. Pasty and starchy foods fermented, caused sour risings and gave me headaches, brown taste offensive breath. I grew weak, my weight ran down fifteen pounds and my looks fully indicated all that was wrong. Ferrozzone put me on my feet again. It braced me up, renewed my digestion and made me a well man."

Doctors and patients alike speak of the merit of Ferrozzone; it is different from other remedies, different because it cures so you stay cured. Try it; sold everywhere in 50c. boxes.

### DR. SPROULE IN BRANDON ON 12TH.

Orange Grand Master Speaks of Rome as a Political Factor in Canada.

Brandon, Man. July 13.—A meeting was held here in the interest of the Orange Order, addressed by Dr. T. S. Sproule, M. P., Most Worshipful Grand Master of the Loyal Orange Association of North America.

Dr. Sproule went over the same ground as he has done in his addresses delivered at Winnipeg and Portage la Prairie. In proceeding, the doctor said: "Who are the warring element that is ever seeking to interfere with the constitution and the safeguards that we enjoy to-day—who is that power?"

"We sometimes have one and sometimes another, but one we can count on always, and that is the Church of Rome. I don't want anyone to misunderstand—to think that I am unfriendly to the Church of Rome or any Roman Catholic. So long as the Church of Rome teaches her religion I have no quarrel with Rome, but it is because the Church of Rome does not always do this that we find it necessary to be active always and to prevent inroads being made on our sacred rights."

In connection with this question of schools in the Provinces, Dr. Sproule said:—"You ask what had the Church of Rome to do with it? The Church of Rome had this much to do: When these bills were presented, who were consulted? Not Parliament, not the Government of the day, not the ratepayers of the country who elected them, but Sbarretti, who is in that castle up the Rideau Canal the representative of his Holiness of Rome, one who had no right to vote in our country, who is practically not a citizen of our country, but he was consulted about what the people of Alberta and Saskatchewan should have and what they should not have. When that bill was presented to Parliament they forced it through, whether it met with our approval or disapproval."
