SEVERE PAINS IN THE GROIN.

Trying Experience of a Well Known Citizen in St. John. N. B.

The case of Mr. Chas. F. Olive, for years foreman in the "Gazette" of St. John, N. B., is a striking evidence, of the power of Ferrozone.

No remedy has such a record for restoring sufferers from acute stomach and kidney trouble; it invariably does cure.

"For several years" writes Mr. Olive, "I have had kidney trouble and until quite recently I suffered torture. A few months ago my condition assumed a very serious form. I consulted several city doctors, used different pills but without the slightest benefit. I suffered from an intense pain in the groin, and the increasing seriousness of my trouble prompted me to try Ferrozone. It gave me relief and a half-a-dozen boxes cured. Ferrozone I can recommend as a specific for disordered kidneys."

Won't you try Ferrozone too, 50c. per box at all dealers in medicine.

ABOUT OUR SCHOOLS.

The Provincial Government proposes to establish in every County a Teachers' Institute, which will meet for a few days in September of each Year. All teachers will be asked to attend these institutes, which will be conducted on professional lines by professional men from the staffs of the new Normal Schools. Third-class teachers' certificates are to be abandoned and teachers holding these qualifications are to be given opportunity to secure advanced certificates by an examination divided into four annual parts. Such was the pronouncement of Dr. John Seath, speaking officially on behalf of the Minister of Education, at the gathering of York county teachers in the Normal School Auditorium. "The aim of the department is to increase the salary and improve the condition of the teacher, particularly the Public School teacher," said Dr. Seath. "It is felt that for the past ten or fifteen years this subject has not had sufficient attention. We desire to improve the qualification and the salary. The compulsory feature of the minimum salary has been abandoned for inducement, and I may tell you that the Minister has further in contemplation special recognition to schools who are paying their teachers well. Summer schools are to be held from time to time," continued the superintendent, "and following the establishment of the new Normal Schools, it is proposed to establish Teachers' Institutes in every county in which professional work will be conducted by men of experience. Provision will be made for the teachers to attend these Institutes for some days in September." Interviewed by the News concerning the announcement, both Hon. Dr. Pyne and Dr. Seath said nothing further could be stated at the present time. The plans are now having government consideration.—Toronto News.

Darkies' Corners.

(Received too late for last week.)

The S. S. picnic held in McGirr's bush some time ago was a huge success. The day was fine and all kinds of games went to make the time enjoyable, baseball, races, football and then all kinds of refreshments. It very near finished up with a prize fight, but everybody had a good time.

Miss Maggie McFadden visited her brother Moore at Pickering week before last.

Mr. M. J. Staples, accompanied by a fair one of the opposite sex, spent the Glorious 12th in Owen Sound.

Mr. and Mrs. Alex. Firth visited at the former's parental home week before last.

We deeply regret to learn of the death of Mrs. John Wilson, and extend our sincere sympathy to the bereaved ones in this their hour of sorrow.

CATARRH CAN BE CURED.

Kill the Germs by Breathing Hy-o mei. Gives Quick Relief.

Many people who have suffered with catarrh for years naturally feel that the disease cannot be cured, and become discouraged.

Their failure to get relief is due to the fact that they have not used the right remedy. Catarrh is an affection of the head, throat and lungs, and cannot be cured by stomach dosing.

The only scientific and natural treatment for this disease is Hy-o mei, which is breathed through a neat pocket inhaler, so that its healing medicated air reaches the most remote air-cells, kills all catarrh germs, and restores the mucous membrane of the nose, throat and lungs to a healthy condition.

We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, \$1.00, and every package is sold with the distinct understanding that it costs you nothing unless it cures. Booth's Hyomei Company, Buffalo, N. Y.

A SCRAP AT A BREWERY

Herman Buehlow and his chum, Keppler while working at the brewery on Friday, got into an altercation about something or other, and before they knew it they were scrapping to beat four of a kind. Mike Guinane seeing the fracas, went over to separate them. By this time Keppler had been put out of business, and as Buehlow's blood was up, he savagely tackled the peacemaker. Guinane however, is Irish, and an Irishman is always more of a success in holding up his end of a scrap, than in making peace. It was not long before Guinane was striking out like a Brusso. Then Buehlow quit and the thing was over. Mr. McNamara settled the thing on Monday by fining Buehlow \$1 and costs and making an order that Buehlow would have to get Keppler a new suit of cloths.—Telescope.

Great Specialists in Stomach Catarrh.

Though often they fail to give even temporary relief, Mr. W. Seymour of Huntsville, Ont., cured himself with Ferrozone. "My trouble" he says was chronic catarrh of the stomach. There was constant bad taste in my mouth, I was costive and usually nauseated before and after meals, I also had a gnawing sensation in the stomach. Ferrozone gave me great relief, and I also used Catarrhzone which is good for catarrh. Although it took a number of boxes of Ferrozone, I got back my health and to-day am quite well." For stomach catarrh indigestion and kindred disorders nothing excels Ferrozone. In a thousands cases it has proved a wonderful success. Try it yourself, 50 per box at all dealers.

ALL FOR 32 CENTS

The Executive of the Canadian National Exhibition, Toronto, in issuing six tickets for \$1.00, providing they are bought before August 24th, is doing something that no other exhibition is known to do. These tickets admit both to the grounds and to the Grand Stand, afternoon and evening of the first week, or to the grounds at any time, and to the Grandstand in the afternoon only of the second week. Thus for 32c it is possible at Toronto to enjoy an exhibition and a performance such as no other city or country on the face of the earth provides for twice as much money.

They Give Wonderful Health.

None are so healthy, so buoyant and full of life as those who regulate with Dr. Hamilton's Pills. Even in one night they work wonders. Fur and coating they take from the tongue, headaches they relegate to the past, biliousness and stomach disorders they prevent and absolutely cure.

Think what it means to have the system cleansed and purified by Dr. Hamilton's Pills! A true laxative, a perfect tonic, harmless and wholly vegetable in composition, they will do you good. To feel and look your best use Dr. Hamilton's Pills, 25c at any dealers.

SUDDEN DEATH AT LAMLASH.

The uncertainty of life was again manifested in the passing of Wm. C. Bailey, of Lamlash, shortly before six o'clock on Wednesday morning of this week. He was 52 years, 5 months and 27 days old. Quite a strong and healthy man always, he was in his wonted good health the afternoon before when he visited Hanover. On returning home he began working at a hen coop near the house. Just at dusk a feeling of dizziness crept over him and he walked to the house where he sat down on the door-step and asked his wife for a drink of water. He could not explain exactly what was the matter with him, but he said that he thought he had been poisoned in some manner. A couple of neighbors came in and helped him to bed, and he never spoke again. A physician who was called in pronounced his ailment paralysis. A brother died from a similar stroke some years previous. The late Mr. Bailey was a warm and loyal soul, and had many friends who will sincerely mourn his sudden death. Born at Cambellsville near Milton, he came up to these parts over 51 years ago, so that he can be classed with the early settlers. He was quiet and retiring and did not serve in a public capacity with the exception of acting as school trustee at Lamlash for a number of years. He was a Methodist in religion and a Conservative in politics. He leaves a widow and six children viz., Fanny, (Mrs Redford) of Lamlash, Maggie, at the Soo, Mary, Charlotte, John and Sadie at home. The funeral will take place to-morrow afternoon at the Hanover cemetery.—Hanover Post.

HAD AN AWFUL TIME.

But Chamberlains Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught up in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM. H. GWIN, Concord, Ga. For sale at Parker's Drug Store.

THE BUSY MAN'S MAGAZINE.

In the march of Canadian civilization and population northward, a movement which is now assuming mighty proportions, the railroads are a most important factor. Some interesting incidents in connection with the railroad fight for supremacy in this movement are told in "The Railroads' Race to the North," by Aubrey Fullerton, a clever young Torontonian, in the August number of The Busy Man's Magazine. The real life story of the upward climb of an American millionaire who has recently been before the public eye is given in "The Other Mr. Perkins," in the same issue. Other articles on subjects not generally dealt with will be of particular interest. "How to use a Doctor," for instance, advocates prevention instead of cure of physical ailments; "Transplanting a City's Poor," tells of the Salvation Army's emigration work in London, and "Poverty Boon to Boys" claims material advantages for the poor boy in life's struggle. "The Forester and His Work" describes the development of a new profession and an unusual article, "The real Cattle Boat," clears away some fictitious ideas in regard to this side of marine life. Two articles particularly interesting to Canadians are "Quebec, a Land Without Trusts," and "Canada's Excuse for Existence." This, with numerous short stories by some of the most noted English and American writers, and other miscellaneous matter, make up a number which should attract general interest.

ALL GOOD THINGS must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.
A. H. Sayce, LL.D., D.D., of Oxford University, England, has recently said of it: "It is indeed a marvellous work; it is exhaustive and complete. Everything is in it—not only what we might expect to find in such a work, but also what few of us would ever have thought of looking for."
A supplement to the new edition has brought it fully up to date. I have been looking through the latter with a feeling of astonishment at its completeness, and the amount of labor that has been put into it.
THE GRAND PRIZE (the highest award) was given to the International at the World's Fair, St. Louis.
