Corner Concerns.

Miss Shelton, of Pike Lake, visited the Gordon family last week.

Miss Kate Allan returned from Toronto last Thursday in the best of health and spirits to enjoy a few weeks holidays with her numerous friends.

Miss Bella McLaughlan returned from Chesley last Thursday looking as though the last part of her visit had been much more pleasant than the commencement.

Mr. Hattel and Miss Maggie Queen of Woodland, were guests of the latter's sister on Sunday.

The Varney Baseball Team have been practising hard and doing every thing to put themselves in shape for the return game with our team who went over last Thursday night with fear and trembling, but the score at the finish stood 10-9 in favor of our team, and as they are both made up of S. S. workers it was a surprise to our folks to hear Varney wanted to put up a bet for another test. Betting is quite in keeping with the way of playing as it usually goes with games of chance, and baseball with Varney is all a game of chance, as they play just as well after dark as they do in daylight, in fact better for they made six runs on their innings after dark and only three in all the rest. They didn't in reality offer to put up the money so their betting was of the simplest kind. Some eminent writers maintain that effort is really what counts either for our good or sorrow, success counts nothing. A belief of that sort must be a great consolation now to the Varney team. Mr. Mountain refereed the game and gave good satisfaction. Varney team gave a good example of how immediate reward may follow acts of courtesy and kindness, for though they won the first innings in the choose up they conceded it to the visitors as an act of courtesy, and in place of walking straight to the ball grounds at the appointed time when our team arrived they spent three quarters of an hour in giving them a hearty welcome and that threw the game into the night. As our team has won each game there will be no chance of having them back to play the rubber, but we may have a game with Holstein and have them over to carry drinking water for the two contesting teams.

Your Traverston man says that the people from his part had a buster of a time at the tea table at the I. O. F. picnic and they certainly had a chance for a blow-out as the crowd from this part was not eating as hearty as usual that night. The fellow who was cutting the cakes was making a practice of wiping the knife across the back of his pant leg in place of on his coat sleeve, and our people did not eat with much relish on account of it. The Traverston people didn't seem to mind it any.

We congratulate Master Tom Allan on his high standing in the Junior Leaving examination, and trust that the medal may be his when it is determined to whom it belongs. Mrs. Wm. Marshall was in Fergus last week with her sister, Miss Jessie McVein who underwent an operation in the hospital for a tumor on Friday. Miss McVein has the heart felt wishes of her numerous acquaintances for a speedy recovery. Miss Edith Allan had a quilting bee since we last wrote. She had all the ladies of the countryside present. Both Jim Eden and John Grasby are of the opinion that this is just about as good a place as the average run. We welcome them both back again.

Mr. Jas. Kerr had a lively time one day last week fighting fire and had many of his neighbors helping him. It ran over stubble fields with considerable speed. Mrs. John Chapman, of Markdale, spent a part of last week with her mother and other friends, and was in attendance at the laying of the corner stone. The laying of the corner stone of the new church was a great success. We will leave it to the Editor of the Chronicle who was present to say if it was not, and for our part merely thank all who contributed towards its success or otherwise on behalf of our people. Collection at church \$75 gate \$78.

W. K. Reid was present in the School House on Sunday to hear Rev. T. Farr who officiated in place of Rev. Bice. It must have been gratifying to W. K. to see an old pupil of his making such a success of life. He must also have felt a satisfaction in seeing the marked success of this neighborhood after spending four years teaching the boys and girls who are now the young men and women. Mr. Wm. Chapman, of Mr. Forest, was up to see the laying of the corner stone and visit relatives. He still has a warm spot in his heart for the neighborhood where he was born and raised. Our teacher, Miss Aljoe, resumed her school duties on Monday after her well earned holiday which we trust she spent pleasantly. A concert is to be held in the School House this Monday night to eat up the fragments of the Friday dinner. An impromptu program will be given. Our public gatherings give opportunity for people to prove their honesty as some one loses their wallet on each occasion. Mrs. Crittenden found one on Friday night and handed it over to the owner. Mr. Geo. Pollock returned home from Port Arthur last week and reports work rather scarce there.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

Dornoch.

Mr. Jas. Vasey was in Owen Sound last week.

Forest fires are raging at present. The Misses Corlett, of Chicago, who were visiting here, returned home last week.

Last week we had the pleasure to meet the Corner Gander. The dry summer seems to have ruffled the feathers on that noble bird, but still seems to be in as good fighting shape as in the early days of the Chronicle Menagerie.

A fandango in the western suburbs one night recently was attended with an unusual amount of fun. While some of the boys were going a fine round bout, Hays who had control of the midnight flyer collided with trolley wagon and sent Becker to the fence.

The Misses Vasey, of Toronto, are at present visiting at the old home here.

The Dornoch I. O. F. members will have a grand church parade early in September.

A load of Owen Sound friends spent Sunday at the home of Mr. and Mrs. Campbell.

Dr. J. L. Smith is in Midland at present representing Court Bannockburn No. 1265 I. O. F. at the meeting of the Supreme Court being held there this week. The Dr. is a strong advocate of the Order and will report the meeting now in session at the next monthly meeting.

In August 1905 the bright prospects of the Farmers' M'fg & Supply Co. of Durham, were brought very forcibly before the farmers of this place by two representatives of that Co. These gentlemen first canvassed the moneyed men of this village and in some cases it is alleged that they gave \$20.00 shares in order to have their names placed on the stock lists of the Company. In this way the farmers proved an easy mark for the adventurer who reaped a bountiful harvest. In the writers case the Company was most wrongfully represented, two years having passed since we subscribed and paid for stock in this concern and up to the present time have received no report from the Company. Now, Mr. Editor, as shareholders of this concern have we not a perfect right to demand an explanation of where the good old farmers' money went or in other words Government inspection of the Company.
