Geo. H. K. Midford WILL ACCEPT PUPILS IN voice culture and singing. Studio at Mr. Latimer's Uppertown Feb 17.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. To-day he is as healthy a child as parents could wish for."—Mrs. E. J. JOHNSON, Linton, Miss. For sale at Parker's Drug Store.

FOR OUR READERS.

To Prove That Hyomei Will Cure Catarrh. Every Reader of the Chronicle Can Have Special Guarantee.

If there is any doubt in your mind as to the power of Hy-o mei, the medicated air treatment, to cure all catarrhal troubles, this remarkable offer should expel that doubt.

We give our personal guarantee with every dollar outfit of Hy-o mei sold, to refund the money unless it gives satisfaction. We take all the risk of cure, and no reader of the Chronicle can afford to suffer longer with catarrh when an offer like this is made.

With every Hy-o mei outfit is a neat pocket inhaler, and Hy-o mei breathed through this inhaler reaches the most remote air cells of the nose, throat and lungs, destroying all catarrhal germs, and soothing and healing the irritated mucous membrane.

Hy-o mei really gives you a health giving climate in your own home, so that when you breathe its medicated air, your nose, throat and lungs will be filled with air like that on the mountains high above the sea level, where grown balsamic trees and plants, which purify the air with their volatile antiseptic fragrance so healing to the respiratory organs.

We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price \$1.00 and every package is sold with the distinct understanding that it costs nothing unless it cures. Booth's Hyomei Company, Buffalo, N. Y.

A SHOCKING ACCIDENT.

(Meaford Express) A shocking accident took place at Mr. James Sparling's paning factory about 8:30 Saturday morning whereby Ernest D. Rowe, youngest son of Mr. Thomas Rowe, residing on Union street, Kent, was virtually deprived of the use of his right hand for some time to come.

The young man, who is only 21 years of age, was working on the planer when he met with the terrible mishap. While putting a 5 inch square piece of timber through the machine a chunk suddenly flew off and clogged in the "feed."

Mr. Rowe was attempting to pick it off while the machine was still in motion when the piece of wood he was dressing balanced itself, bringing his right hand in direct contact with the knife, cutting off the whole of the thumb and first two fingers, severing the third finger near the second joint and slightly injuring the little finger.

Mr. Eustace Grant, who also works in the factory, was the first to notice the accident and lost no time in hurrying to the young man's assistance. Mr. Rowe was, however, able of his own accord to walk up town and have his injuries dressed by Drs. Drummond and Jordan. The hand presented a ghastly sight in its mutilated and bleeding condition. The second and third fingers, though practically severed, were still adhering to the hand by small portions of flesh.

As it was impossible to save the fingers it became necessary of course to complete their divorcement from the hand, and this the doctors did with as little pain to the patient as was possible under the circumstances.

Much sympathy is felt for the unfortunate young man, who is well known and very popular in town. In relating the particulars of the accident to an Express reporter at his home on Monday evening Mr. Rowe said he had worked for Mr. Sparling about two years and had run every machine in the factory, yet this was the first time he had met with an accident. He was thankful, he said, that it was not worse.

Although very painful at times, the hand appears to be healing nicely, A REMARKABLE CO-INCIDENCE The following account of an accident similar to the above is clipped from the Toronto Daily Star:

"While working on a planing machine set with knives, Ernest Munroe aged 23, of 28 Balmuto street, had the first, second and third fingers, and the thumb of his right hand cut off. Munro is employed by the Roman Stone Company of Marlborough Ave., and the accident occurred shortly before noon."

It is rarely indeed that the particulars of two accidents, each occurring in a different place, are found to be almost identically the same. It will be observed in the first place that the machine inflicting the injuries in both instances was a planer. The name of one of the young men is Ernest D. Rowe, while the other bears the name of Ernest Munroe. One is 21 years of age and the other 23. It was the right hand that was injured in each instance and both lost a thumb and three fingers—a truly remarkable co-incidence.—Ed. Express.]

A tank car containing about one hundred barrels of gasoline consigned to the Harriston Oil Company from the States, was emptied on its way to Harriston. The man that performed this robbery must have been a genius. If he is caught it will likely go very hard with him. Gasoline has been rather scarce in Harriston lately, and this will clean it out entirely for a few days. Many citizens will have to light up their fires again and a few engines will be shut down.—Clifford Express.

A SUDDEN DEATH John Watson of Redickville fell from His Wagon at Conover and Died Instantly John Watson of Redickville left home on Thursday morning of last week to drive his son, H. W. Watson B. A. of the Winnipeg Collegiate Institute to Shelburne in time to catch the morning train south. He spent most of the forenoon in Shelburne and before leaving put on a load of chopped grain which he had purchased from S. F. M. O'Flynn & Son. He left here in apparent good health about 11 o'clock for home. On reaching Horning's Mills he transacted some business there and again proceeded on his way. When between Richard Fester's residence and the school house it is supposed he took a paralytic stroke and fell out of the democat to the ground. Thos H. Cornett of the Conover cheese factory was the first one to reach him, a few minutes after he fell, but he gave no signs of life—in fact he must have died instantly. Dr. T. J. Gowen was sent for but deceased was past all aid. Dr. R. W. Rooney, coroner, was notified but did not consider an inquest necessary. Deceased had resided on lot 23, con 2, O. S. Melancthon, about 37 years and was well known all over the country. He was a man of good habits and sterling worth and no one could be more highly esteemed in the locality where he was known. He will be greatly missed by a large circle of friends. His wife died over 20 years ago. He is survived by three sons and one daughter. The sons are H. W. Watson B. A., of Winnipeg, who returned for the funeral, and Ed. and Robt. Watson on the homestead. His daughter is Mrs. Ed. Ferris of Carman, Man. The funeral was held on Saturday afternoon from the residence of his son, Edward Watson, to Horning's Mills cemetery. The funeral was largely attended. The bereaved family have the sympathy of all in their great trouble.—Shelburne Free Press.

IT DOES CURE WOMANLY ILLS. "I feel it my duty," writes Mrs. S. Mead of Fraserville, Ont., "to let you know that sometime previous to the change of life I suffered more than I could tell. Neighbors told me Ferrozone was the only remedy and their advice was good. Ferrozone put a stop to my pain and sickness, had a direct action on my troubles that relieved from the start. I safely passed the turn, and now enjoy perfect health and rest. No womanly medicine can be better than Ferrozone." Instant relief is found in Ferrozone for female weakness of every kind, 50c per box at all dealers.

CLAY'S READY WIT. When Henry Clay was stumping Kentucky for re-election, at one of his mass meetings an old hunter of wide political influence said, "Well, Harry, I've always been for you, but because of that vote (which he named) I'm goin' ag'in you." "Let me see your rifle," said Clay. It was handed to him. "Is she a good rifle?" "Yes." "Did she ever miss fire?" "Well, yes, once." "Why didn't you throw her away?" The old hunter thought a moment and than said, "Harry, I'll try you again." And Harry was elected.

SAILOR SEEKS DAUGHTER. Has not seen her in Twenty Five Years. After twenty-five years of sailor life, wandering all over the world, and now settled in Seattle, Wash., Walter Burdette is seeking the whereabouts of his favorite daughter Charlotte. He writes a pathetic letter to the Globe, asking assistance since the daughter is supposed to be living near Toronto. A quarter of a century ago, he states, his wife died, and the children were placed in foster homes while he resumed his occupation as a sailor. He wrote to the foster parents for a while, but without results. A few weeks ago he learned that his daughter was near this city. In the letter the opinion is expressed that she is married to a man named Potter. Years ago, continued the sailorman, the daughter, then a little girl, was taken by a Miss Bye to a children's home near Niagara. Afterwards she lived with a Mrs. Lindsay, Durham, Ont. The father's address is 2,335, First Avenue, Seattle, Washington, while a brother, Walter Burdette, jun., can be found at H.M.T.S., No. 6, Chatham, England.—Toronto Globe.
