THE schools in town re-opened on Tuesday morning with a full staff and a good attendance.

FOR Quality and Quantity ask your dealer for the new big plugs of "Bobs" "Stag" and "Currency" Chewing Tobaccos.

GENERAL BOOTH, the Veteran Salvationist, is again coming to America. Though 78 years of age he is still possessed of great physical endurance and vitality.

WE hear that Principal Allan had a good catch of trout last week. In half a day he caught between twenty and thirty ranging between six and eleven inches, giving an aggregate weight of ten pounds.

A PETITION was circulated by Mr. Farquharson by which the merchants agreed to close their stores on Wednesday evenings from 7:15 to 10 p. m. in order that they and their clerks might have the opportunity of attending the Crossley and Hunter meetings during their stay here. We can not name a single merchant who refused to sign.

IN referring last week to the operation Mrs. Laidlaw underwent a few days previously it seems we were in error in saying that the wound never healed after an original operation. We have since been informed that it did heal perfectly and that the trouble which necessitated the last operation was liable to occur at any time, and to any person.

THE traction engine which went through the Cemetery bridge last May and stood on the river bank all summer has been put in repair by Mr. Smith so that it drew itself into town last week. It needed quite a number of new pieces which were procured from White & Sons the manufacturers in London.

MRS. THOS. REID had an accident by which one of her arms was fractured between the wrist and the elbow. She was out driving with her son and on meeting Mr. Smith's traction engine the horse took fright, made a sudden turn and precipitated both to the ground. The horse then ran away and did considerable damage to the buggy.

THIS is the 2nd of Sept. and not an acre of wheat cut in the Moosomin district. Fortunately the frost of the 21st August has not injured two per cent. of the country tributary to this point, pumpkins and other tender vegetables not being touched. But we are not yet "out of the woods" and are liable to be caught any night as everything is green and very heavy, and no harvest on till the end of this week. The weather for the past month has been very unfavorable for ripening grain, but if the temperature does not go too low the sample will be one and two hard as the heads are full to the top, and very plump. Oats are something immense. There should be no poor horses next spring. Harvest hands will be rather disappointed at going West to find no work in their line in sight.—J. C. Jopp.—Moosomin.

GIANT TRIPLETS "Currency" "Bobs" and "Stag" Chewing Tobaccos in big plugs. Quality always the same.

PRINCIPAL Allan is having a new Sunshine Furnace installed in his new residence this week.

Is it a Range you want? If so, take a look at J. Murdoch's before deciding to buy.

R. L. BORDEN, leader of the Opposition, will be in Owen Sound Monday next. See ad. on page 3.

THE very heavy rain on Sunday last gave new life to the parched fields which had become very bare. The grass and root crops have been much benefited by it.

MRS. HARBOTTE, injured in the railway wreck, is the mother of John Harbottle, of this town. A message from the hospital reports favorable chances for recovery.

WE have received a goodly number of subscriptions on arrears during the past few weeks and the labels have now been changed. If by any means we have made an omission let us know as we wish to have everything right. There are still a number who have not paid up, but we hope to have them do so before costs are incurred. We wish to be fair and honest with everybody, but the axe will fall soon. Do not think for a moment we are playing a game of bluff, as we will certainly place our subscription accounts in other hands for collection as we have said we would. Only those who pay up are any good to us, and those who don't intend to pay we don't want on our lists. Hurry up and settle before costs are added.

ELIZABETH AGNES EWEN.

Severe sorrow entered the home of Mr. and Mrs. Robert Ewen, of this town on Saturday morning when their daughter a young woman in her twentieth year died very unexpectedly. About two weeks ago she became ill showing signs of fever and it was thought she might be taking typhoid. Medical attendance was at once summoned but no alarming symptoms were discovered until Wednesday when she suffered severe pain, and it was then decided that appendicitis was the cause of her ailment. An operation was decided on and as the case was a very severe one there was no time to be lost. Accordingly Drs. Jamieson, Maclaurin and Gun undertook the task, which, though apparently all right at the first terminated fatally on Saturday morning early. It's a sad blow to the sorrowing father and mother, who retired from their farm labors, but recently, and settled in this town to spend the evening of their lives. Interment took place on Monday afternoon. We extend our heartfelt sympathy to Mr. and Mrs. Ewen and the sorrowing relatives, knowing what it means to see the vacant chair.
