WE are pleased to see Chris Scheurmann on the street once more. Six weeks ago he went to Stratford and was operated on for appendicitis. It was a critical case but fortunately he is now on the road to recovery. He arrived home Monday night, but it will yet be some time before he can engage in any kind of work.

EVANGELIST Hunter left Wednesday morning to attend the funeral of a very dear young friend who died suddenly after an operation for appendicitis. The deep feeling of sorrow shown by Mr. Hunter as he received the telephone message from our office demonstrates the kindheartedness of the man more than words can express.

WE reported Mr. Dave Smith at the Stratford hospital where he underwent an operation a couple of weeks ago. It was seen that another operation would have to follow shortly, but the second was deferred till he got partly over the first. The second was performed last week and we are glad to learn that he is getting along well. His condition was more serious than at first anticipated, and it will be some time before he will be fully recovered.

A CURIOSITY in the shape of a sunflower may be seen in the back yard of Mr. John Clark. If not a curiosity, it is certainly a very prolific plant of its kind, bearing as it does thirty-six well developed heads all of which promise to come to maturity. In the early days a patch of sunflowers was a very common thing on every farm, the sunflower and the poppy being the chief floral productions. They are not so common now-a-days, but their cultivation might yet yield a fair measure of profit.

CARDS OF THANKS are often found in the local newspapers after death occurs in a family. For some time we have decidedly objected to the publication of obituary poetry at less than ten cents a line. Since a fixed charge was made we have had none to publish, and to kill the practice was our sole object in fixing the rate. Most of the obituary poetry is not fit to publish, and we think that friends of the deceased will quite agree with us when their sorrow wears off. Cards of thanks are a little different, but they are quite as unnecessary. In times of sickness persons with a spark of humanity in them will render what assistance they can and will never think of the formal Card of Thanks.

WE had a little fellow in town Saturday who escaped unharmed from the awful railway disaster which occurred on the Horseshoe at the foot of the Caledon Mountain. The boy was a son of the late Alex. Dargavel, of Manitoba, and was apparently not more than twelve or thirteen years of age. He was in the car that turned completely over, and from the bottom of the upside down car he was helped out through the window minus a portion of one of his trouser legs which had to be torn off to free the debris that wedged him in. Though a plucky little chap he says he wouldn't take a million dollars and go through the same kind of an experience again. Over speeding was no doubt the cause of the mishap and the whole thing will be thoroughly investigated. We gave a list last week as reported in the Toronto papers, but there are many others who did not figure in print. It's a marvel that all were not killed.

WANTED.—All kinds of farm produce.—Mrs. Beggs & Sons.

FOR SALE.—Forty thoroughbred Homer Pigeons, in pairs or otherwise. Apply to J. A. Glass at Flarity's merchant tailoring rooms.—1 pd.

WE are unable to give any more than a mere notice of the death of Mr. David Hunter. We are promised particulars for next issue.

OF seventy-three who lost their lives in the Quebec bridge disaster the bodies of only twenty-four have been recovered.

Do not fail to attend our Millinery Openings on Wednesday and Thursday Sept. 18th and 19th.—The Parisian Millinery Co.

LOOK here! When at C. P. Kinnee's harness shop see full line of robes, rugs and horse blankets. Best attention paid to the rugs as we have a full line from start to finish. Halters and collars of the very best. Try the tony harness shop.

How easy to make a mistake. We were in error last week in reporting a big trout catch by Principal Allan. It wasn't the educated piscatorial artist that met with such good luck at all, at all, but Hamilton Allen, the blacksmith. He caught eighteen trout in half a day and the eighteen weighed ten pounds.

THE brick house at the foot of Garafraxa St. Hill is being moved this week by Mr. Rogers of Moorefield. This is the first job of the kind ever undertaken in Durham, and most of us are witnessing for the first time the moving of a brick building. Everything is going nicely and it seems quite probable that it will be transplanted on its new foundation without any appreciable injury.

THE Re-opening of Knox Church, Normanby, after re-papering and painting, on Sunday and Monday September 15th and 16th. Rev. Mr. Little will preach at both services on Sunday. Monday evening tea will be served in David Marshall's orchard across the road from 5.30 to 7.30 after which a program of addresses and music will be given in the church. Pastor Kendall, Rev. Mr. Little and others to speak. Music by Durham Presbyterian choir. Solos, etc., by Misses Adair, Pettigrew, Lottie and Ethel Fee. Admission to supper and church 25 cents.

THE first county convention of the Ontario Women's Institute will be held in the Town Hall, Flesherton, on Tuesday, Sept. 7th, commencing at 2.30 p. m. Besides county talent, Dr. Helen McMurchy, of Toronto, will be present and in the afternoon will speak on "Typhoid Fever," and in the evening will discuss "What Doctors are Doing." Mr. G. A. Putnam, Toronto, Superintendent of Institutes, will be present and address both sessions. It is hoped that a large representation will be present from every branch. Names of delegates should be sent to Mrs. Robt. Moore, Sec'y of billeting, Com., Flesherton.

AFTER spending five or six weeks in Muskoka, Inspector Campbell and son Ian returned home last Thursday by the night train. During his absence Mr. Campbell was engaged in building himself a summer cottage at Norway Point where he purchased a lot. He did the greater portion of the work himself, and no doubt everything was "well and truly done." The most populous portion of the Summer City at Norway Point is occupied by so many clergymen that it bears the name of the "Saint's Rest." Whether Saint or Sinner, we imagine from the way Mr. Campbell talks that he didn't have much rest during his absence. He boasts of being a pioneer of the spot on which he erected his summer cottage, and looks upon the work done as a fair start in his "settlement duties." Other properties are being picked up rapidly, and it will not be long till this fashionable suburb of Norway Point will assume considerable proportions. Mrs. Campbell and daughter will remain for some time yet, but Willie is making a cross country trip on his bicycle. Now that the heavy part of his duties are over, Mr. Campbell will be able next year to join the others in taking a rest for the warm days of August.

TEX apprentices wanted. Apply to Miss Dick at the Parisian Millinery Rooms.

FOR Quality and Quantity ask your dealer for the new big plugs of "Bobs" "Stag" and "Currency" Chewing Tobaccos.

MR. JOHN LEGGETTE who has been off work for some weeks on account of a broken arm is now touring the country selling books. We wish him success.

OUR Flesherton correspondent gives a good account of the condition of Fleshertonians who were injured in the Caledon Railway wreck. Mr. Richardson is still confined to the hospital, but we hope he will soon be able to return to his home and family. Dave Madill didn't seem to be selfish and like a good man he wished to give preference to the women. Amongst the injured was Mr. John S. Black of Pomona.

Two weeks ago we referred to a theft committed in the store of Mr. J. H. Rose. The thief was arrested the next day at Holstein and brought here by Chief Constable Clark. A trial before Police Magistrate Telford followed, the thief pleading guilty but assigning drunkenness as the cause of his action. He was committed to Owen Sound for six months at hard labor. The thief was very penitent, and from his accent we would put him down as a Frenchman. He had been trying to dispose of some of the stolen articles at Holstein when seen by John Murdock, who notified the authorities here. This item was inadvertently omitted last week.

IT is estimated that four hundred men attended the Crossley and Hunter meeting "For men only," on Sunday afternoon last. The subject was "Personal Purity" and the address though out of the ordinary, was very appropriate and will do much good if his advice be followed out. The remarks would not do for a mixed audience, but to men alone, and to young boys in particular there were many things told that are generally neglected by parents and guardians. The mock modesty of too many parents often leads to miseries that might be averted if parents would only do their whole duty in regard to their children. The meetings are held in the Rink, and we should judge that fully a thousand were present on Sunday evening.

WE regret to learn that Mr. Siegner is in financial difficulties and has made an assignment for the benefit of his creditors. Since Mr. Siegner came here a few years ago he has been held in much esteem by all who had dealings with him. He was regarded as honorable and straight in every way, and no man, so far as we know, can point to a single dishonorable or dishonest act. If others had paid him, Mr. Siegner would not have been forced into an assignment, but money is tight and those owing him were slow to respond. Had these done their duty Mr. Siegner could easily have tided over the difficulty. We say again we regret the circumstances and more than that we despise a small souled man who rejoices over the downfall of another. We believe an honest effort was made to straighten the difficulty and that Mr. Siegner to-day is a far more honest man than many who will sneer at him.

WHILE Dr. Hutton who was accompanied by Alderman Whelan, was driving along the gravel road a short distance south of James Burt's, on Tuesday last, a peculiar accident occurred which will cause Mr. Whelan to stay in the house for a few days. At a point where there is a high fill they met another rig and the horse in the other rig shied off on the side of the bank. The Dr. and Mr. Whelan looked to see if an accident was likely to occur when their horse was evidently drawn to the side of the road and went down the steep bank. Mr. Whelan was thrown out and fell on a stone which caused him some injury. Mr. and Mrs. Wm. Bryan, who were the occupants of the other buggy were also thrown out and the buggy turned upside down. They escaped, however, with a few bruises which will not keep them long from their work. Mr. Whelan is under Dr. Hutton's care who says he was to blame largely for the mishap. Under the circumstances it isn't likely Tom will be long in getting well. The Dr. will have no object in keeping him there.

May yet Save Costs

To Delinquents

The date for receiving subscriptions from delinquent subscribers closed on the 15th. We thank those who responded to our request. There are still many in arrears, and we are now making out the lists for our collectors who will be authorized to charge \$1.50 a year. We do not wish to incur costs on anyone, and in order to give everybody a fair chance we will hold the lists until Saturday, 14th day of September. In the meantime we will accept a dollar a year. We are trying to be fair with all, but we want delinquents to pay up. W. IRWIN,
