The Council of Gilbert Plains municipality engaged Mr. J. A. Fortune to go to Winnipeg to secure men on their arrival there for the harvest. He is to be paid \$2.00 per day for his services.

Strawberries were an abundant raspberries are scarce

Mr. Thos. Hutton, of Tamarisk, who had appendicitis last winter, is slowly recovering. He is now able to drive to town occasionally. though still unable to work. Mr. Geo. Lawrence, of Tamarisk,

spent a couple of weeks land hunting in Saskatchewan and Alberta. understand he has entered for a first class homestead in Alberta. We are having a liberal supply of

rain. Many who are anxious to begin harvesting have had to postpone operations. The roads are anything but pleasant to drive or walk over. Gilbert Plains' mud possesses a remarkable amount of sticktoitiveness.

Mr. L. A. Ferguson, principal of one of the schools in Winnipeg, has been visiting for several days in Grandview. He has this to say about the district. "I have been over a great portion of the country and on every side and at every turn the crop prospects are brighter than in any other portion of Manitoba that I have visited. The one thing that strikes me very forcibly is why, with your surroundings, plenty of water, wood in abundance, land that cannot be beaten, and a good town, you do not let the outside world know what you have for any man seeking land would go no place else provided he knew this district."

An Englishman, who lives down near the Reding Mountain, had a friend call on him one day recently. As is the custom he asked his friend to have a look at his crop, all of which was in splendid condition but For many years Chamberlain's one field which showed nothing but

must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.

A. H. Sayce, LL.D., D.D., of Oxford University, England, has recently said of it: It is indeed a marvelous work; it is difficult to conceive of a dictionary more exhaustive and complete. Everything is in it—not only what we might expect to find in such a work, but also what few of us would ever have thought of looking for. A supplement to the new edition has brought it fully up to date. I have been looking through the latter with a feeling of astonishment at its completeness, and the amount of labor that has been put
