## SHOT DOWN GIRL IN MIDLAND HOTEL.

Midland, Ont., Sept.—John Jeffries, an employe of the American Hotel, appeared before Police Magistrate Jeffrey to-day on a charge of shooting Rose Latanville, an unmarried woman, cook in the same establishment.

Jeffries fired two shots at the girl. One bullet merely grazed her left side in the region of the heart. The bullet has not yet been located, but the physicians are hopeful of her recovery if no further complications set in.

Jeffries was committed for trial, and taken to Barrie jail.

## RHEUMATISM ALMOST KILLED HER.

For years Mrs. S. Stahlschmidt, of Humberstone Ont., was a martyr to rheumatism. "I was so stiff and lame I could scarcely walk" she writes. "An attack striking my limbs made walking impossible. Friends and doctors gave prescriptions but I only got relief from Ferrozone. I took twelve boxes and gained from the first. To-day I am well, feel stronger, weigh heavier and look the picture of health." Whether muscular or inflammatory, chronic or otherwise, Ferrozone does cure rheumatism and sciatica, 50c per box at all dealers.

## SHOT DEAD BY BROTHER.

Minnedosa, Man., Sept 4.—A shooting fatality occurred here Monday evening in which an 11 year-old lad, named John Stewart, lost his life. His twin brother Bert was shooting blackbirds with a 22 rifle and did not notice his brother running in front of him. He received a shot, from which he expired almost immediately.

## A SINGULAR SUICIDE.

Kingston, Ont. Sept 6.—Rendered despondent by financial troubles, Harry Nicholson, an Englishman about thirty years old, committed suicide by shooting to day, almost on the eve of his wedding to a Montreal girl, to whom he was to have been married on Tuesday.

The shooting took place at the old block house at the head of Sydenham Street. A thirty two calibre revolver was the weapon used. The bullet entered behind the ear and pierced the brain. The shots were heard at noon, but no one paid any attention to them and it was not till five o'clock this evening that the body was found.

Deceased, who had no relatives in this country, was a marble cutter and had a shop here. He came from Montreal, where he dealt in musical instruments, and gave lessons on the mandolin. He had announced his intention to go to Montreal on Saturday to prepare for the wedding.

A letter from Montreal signed "Minnie" was found in his pocket.

## GOOD REASONS FOR ITS SUCCESS.

The majority of catarrh remedies are useless. But one that does cure is "Catarrhazone." It clears the head of all mucous discharge. Patrid matter in the nostrils, phlegm in the throat, and disease germs are completely swept away. The cause of the discharge is destroyed, its results are destroyed, and the system so thoroughly cleansed of catarrhal poison that cure is permanent. All types of catarrh, throat and bronchial trouble, colds and coughs are more certainly cured by Catarrhazone than anything else. Two sizes, 25c and \$1.00 at all dealers.

## Are You a Woman Needing Strength?

Not long ago you were able to enjoy life.

You had vigor, strength, ambition—did everything with zest and pleasure.

Upon your cheeks was the hue of health, in your eyes the sparkle of vim and animation.

To-day—all is a drudge.

Not actually sick, but if your work were less imperative, how gladly you would rest.

You are breaking down. Nervous system is out of gear. Digestive powers are weak. Blood lacks nourishment.

Just one thing to do—Build up—Win back your health with Ferrozone.

No remedy restores so fast, builds up so permanently, instills such vigor or surpluss strength like Ferrozone.

A case showing how Ferrozone acts is illustrated by the following from Mrs. M. Wright, of Enfield, U. S.

"Six months ago I experienced a serious illness. It commenced with spinning headaches, dull pains through my chest and shoulders, I found it hard to get satisfying sleep—would roll and toss and in the morning felt tired all over. Then I grew nervous, lost flesh, got pale and had heavy dark circles under my eyes. My strength got so low I couldn't do housework. I was worried and unable to eat and feared I would not get well. Ferrozone braced me up in a few weeks. It seemed to supply wonderful strength. I gained in flesh, looked better and was able to sleep. In all I took twelve boxes of Ferrozone and my cure was complete."

If Ferrozone doesn't help and cure you—then nothing ever will; your druggist sells it in 50c boxes—Better try Ferrozone.

## Corner Concerns.

Miss Jessie McVein, who underwent an operation in the Fergus hospital a fortnight ago is spending a week or two with her sister, Mrs. W. Marshall. She looks quite recovered.

It is rather late now to give the numbers of the excellent programme at our concert a fortnight ago, except one interesting piece of music sang by Mr. Jackson of Mt. Forest, a song which was composed by one of our ladies, Mrs. J. H. Sharpe. The song, we hear, is fast gaining popularity.

The brick work of the new church is completed and it fully sustains the good reputation of the Bitchie Bros, as builders and its appearance gives entire satisfaction to the congregation. Mr. Dave Allen, of Hopeville, has started the carpenter work which also promises to be well done.

Mr. Geo. Pollock, we hear, is going to move to Varney and take charge of the Crawford House and also the post office.

Miss Minnie Johnston took a holiday at the Toronto Exhibition.

Mr. Jas. McMeekin was at the Toronto Exhibition last week. Owing to the busy harvest there was but few went from this part.

Mr. Clark, of Varney with his steam thrasher is at work on our line and grain is turning out quite as well as was expected.

Mr. Tom Bartman and family from Durham, has taken possession of the Hillis farm and will possibly do some farming.

The root crop and the pasture has been much improved by the timely rains. Pasture had got so scarce that people would soon have had to feed from their barns had the showers not come.

A rather mysterious fire occurred on Thursday night when the nearly new barn on the Pollock farm, new survey, was burned. Mr. L. McDougall has had the farm leased for a few years and as his time expires this fall he had rented a farm on the line south and moved his family, he was keeping back and taking off the crop.

On the night in question he had been to town and returning home late he tied his horse in the stable and retired, everything apparently all right except that he found the house door tied with a chain which he thought to be the senseless trick of some young boys. He was in bed but a short time when the barn was in a blaze. He hastened to let the horses out, but found the fire had made too much headway so he loses both horses and crop. We have not heard whether there was insurance or not and no idea of how the fire originated.

Billy Linnel has gone to learn blacksmithing with McCabe, of Varney. He has always been accustomed to take what wages people choose to give him and we are all looking forward with pleasure to the time when he will have his trade learned and farmers will set the prices for blacksmithing.

## Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to do.—D. H. BEACH Midland City, Ala. Chamberlain's Salve is for sale at Parker's Drug Store.
