Right Breathing Cures Catarrh.

Simple Way to Kill Catarrhal Germs.

The only natural and common sense method known for the cure of catarrhal troubles is Hy-o-mei. It is breathed through an ingenious pocket inhaler, so that its medicated air reaches the most remote air-cells of the nose, throat and lungs, killing all catarrhal germs, soothing the irritated mucous membranes, and restoring a healthy condition.

If you suffer from catarrhal troubles, such as offensive breath, raising of mucous, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing, or a feeling of tightness across the upper part of the chest, you should begin to use Hy-o-mei at once. It will destroy all disease germs in the nose, throat and lungs, and provide the blood with additional ozone.

We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hy-o-mei or we will send it by mail on receipt of price, \$1.00, and every package is sold with the distinct understanding that it costs nothing unless it cures. Booth's Hyomei Company, Buffalo, N. Y.

FIREMAN KILLED.

Three freight trains following each other in rapid succession from Hamilton pulled into the Allandale station Sunday night about 11 o'clock. The failure of the brakes to work on the third, permitted it to strike the centre train with some force. The engine on the latter buckled, killing the fireman, a young man named Robert Blackburn, of Coe Hill. The crew of the last train was unfamiliar with the road, this being their first trip. Blackburn was pinned in the wreck, both legs were broken, and he was otherwise badly injured. He lived about an hour after the accident. The front engine of the third train was badly damaged, the cylinder and castings being broken and the tender twisted on the frame. When Driver Morris of Hamilton saw the crash coming he jumped, calling to his fireman to do the same. The latter was between the tender and engine, and it is supposed waited for the crash, not anticipating any serious results, as the train was moving slowly. Coroner Wells has ordered an inquest-Collingwood Bulletin.

LIKE A THIEF IN THE NIGHT.

That's how pain comes. We sit near an open window, get stiff neck or sore back, perhaps cool off too quickly after exertion-rheumatism develops.

Spend what you may, but money can't buy anything better than Polson's Nerviline. It's penetrating power enables it to reach deep tissues - that's why it cures aches that all else can't touch. For outward application we guarantee five times more strength than in any other liniment. Inwardly it's harmless and as sure as the hereafter to ease at once. Don't accept a substitute for Polson's Nerviline which is the one great panacea of to-day.

Exchange Clippings.

On Tuesday morning the residents were shocked to hear of the death of William Ellison who committed suicide by taking strychnine. He was found behind the residence of the late A. W. Walker. A doctor was hastily summoned, who did all in his power to save his life, but to no avail. For some time past he has been suffering from melancholia, and it is supposed in a fit of temporary insanity he committed the rash act. Deceased was 31 years of age.-Clarksburg Reflector.

Mr. A. H. N. Jenkins, formerly well known as a journalist in Grey, Bruce and Huron counties, was in Ontario this week after an absence of eighteen years. He has resided for some years in Grand Rapids, Mich., where he is editor and publisher of the times, an interesting weekly paper. Mr. Jenkins was the stormy petrel of local journalism in the Ontario counties where he wielded his pen, and many will remember that when he was editing a paper in Brussels damages were assessed against him in a libel suit, but as he flatly refused to pay and declared he would go to prison to vindicate the right of the press to exercise freedom of speech-to jail he was committed, and for weeks wrote burning editorials in his more or less uncomfortable cell. The case made quite a stir at the time. Mr. Jenkins, now grown stout and prosperous, looks back on the events of that period with genial amusement.-Hanover Post. [Mr. Jenkins is well-known here as a former Editor and Proprietor of this paper.-Editor Chronicle.]

LEADER MACKAY.

Col. Clarke, member of the Ontario legislature for Center Bruce, has had ample opportunities to study the new Liberal leader, Mr. MacKay, and has apparently done so to some purpose. The Kincaid Review contains this picture by the colonel:

"Hon. A. G. MacKay is the ablest member of the opposition in the legislature, but by no means the safest. He is so impetuous and aggressive that he is better as a lieutenant than as a general. He would make a first class Tupper to a Macdonald. The member of the opposition who rose superior to all his colleagues as a sane, safe, solid and attractive leader was T. H. Preston of Brantford, but he was out of the race for the leadership by reason of his retirement from the legislature. Mr. Graham has better qualifications for leadership than A. G. MacKay although he does not begin to have Mr. MacKay's ability, his power of intellectual discernment and logical dissection. If he falls short of his successor in this respect he rises above him in discretion, the poise and moderation that becomes a leader, and even in political sagacity."

A case in point. Last year, the government sold the bed of Cobalt Lake for \$1,085,000. The Florence Mining Co. laid claim to it and contested the government's right to sell. The government thereupon introduced a bill to ensure the title against all contestation. The Florence Mining Co. put up a strong lobby and won the support of most of the opposition. Mr. MacKay attacked the government's position fiercely as did several other members, but none of them were prepared to go to the extent of moving the six months' hoist. Mr. MacKay, however, took the bit in his teeth and, much to the chagrin of his leader and colleagues, forced a vote which, if it had carried, would have lost the province over a million dollars. The Liberal party in the crown were not given to disposing of crown property in this way. They usually handed it over to favorites for a song. In opposition, however, they could afford to be virtuous but Mr. MacKay refused them even the privilege of pretence. One could see the consternation which his move created in their ranks, but his impetuosity had carried him beyond retreat."

THIS TONIC BUILDS UP.

Many medicines stimulate, break down, leave you worse than ever. Ferrozone is different-it's a blood-former, a nerve strengthener, a body-builder. Pale anemic girls are given color and vigor. The tired and sleepless are strengthened and restored. "Better than all tonics I found Ferrozone," writes Mrs. E. F. Castleton, of Woodstock. "I was completely run down, cheeks were blanched, lips white and had every sign of anaemia. Ferrozone added to my weight, gave me strength, ambition and good health." Nothing better, try Ferrozone yourself, 50c per box at all dealers.

LIMERICK COMPETITION.

Cash for Mail and Empire Readers.

The success of the Limerick Competition, which has been running for the past few weeks in the Toronto Mail and Empire, has been so phenomenal that they have decided to raise the amount of prize money in the contest which commenced Friday, Sept. 27, to \$100.00. The person who sends in the best suggestion for the last line of the incomplete Limerick will receive \$30.00. The other prizes are as follows: the second \$20.00; the third and fourth \$10.00 each; the fifth and sixth \$5.00 each, and ten consolation prizes at \$2.00 each. It is probable that these contests will be continued from week to week, and the conditions governing them will be found in both The Daily and Weekly Mail and Empire.

OH, FOR A CLEAR COMPLEXION!

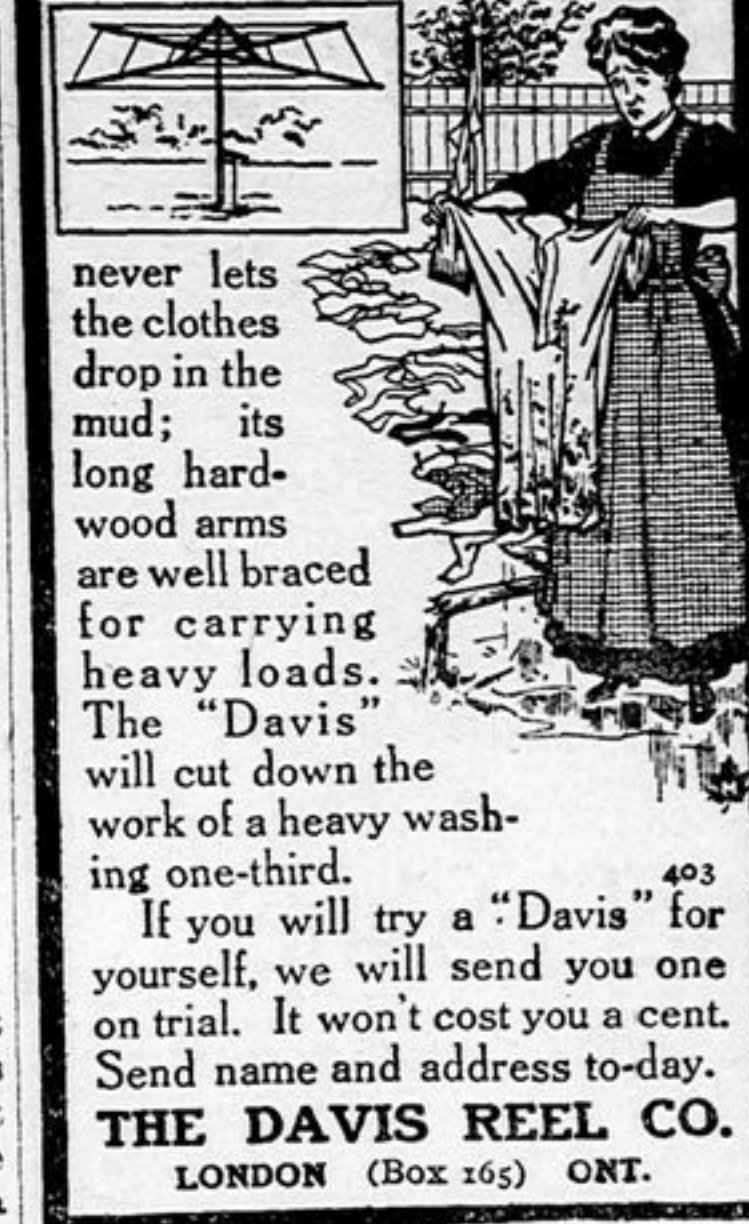

A clear complexion is the outward evidence of inward cleanliness. In bad health the face becomes a sign board, telling of disease within. If yellow, bile is not properly secreted; if pallid, the kidneys are faulty; if skin is murky and dark circles beneath the eyes, look for constipation. Whatever the cause, no remedy compares with Dr. Hamilton's Pills, which are mild, safe, purifying and vitalizing in their action. They give a marvelous rosy tint to the cheeks, brighten the eyes and establish health that defies age and disease. Sold everywhere in 25c boxes.

Midland Local Option.

(Collingwood Bulletin.) The Midland local option by-law which was recently sustained in the Divisional Court has now reached the Court of Appeal. In the Divisional Court the decision of Chief Justice Sir William Mulock quashing the by-law on a technicality was reversed, this Court holding that there was no grounds on which such action might be based. Defeated there the liquor interests are now before the Court of Appeal seeking a motion to quash the by-law. The principal grounds upon which this is sought is that the council passed the by-law so soon after the voting upon it that electors had not their full statutory time for seeking a re-count of the votes cast. Judgment has been reserved.

THE DAVIS CLOTHES REEL

COLLINGWOOD HAS HIM TOO.

An anonymous letter writer is in our midst, the object of his diatribes being the president and members of the Board of Trade, more particularly one or two of the gentlemen who were members of a special committee appointed to investigate matters pertaining to the fire brigade. "Kate payer," as this combination of baseless, mean and cowardly slanders, indulges in a lot of claptrap and personalities and in one letter passes out a mild threat that one may yet suffer bodily harm should he continue in the course he has been pursuing. The letters are doubtless the workings of an ill-natured mind possessed by one who has been hit, and hit hard by the truths spoken at the meeting of the Board of Trade at which the report of the special committee was considered and adopted. The writer evidently has not the courage of his convictions otherwise he would speak out in meeting and not hide behind anonymous scribbles to vent his spleen. The letters are not taken seriously by those who have received them, but it is just possible that the author may be made regret his action if being felt that the practice of writing anonymous letters, especially when containing intimidations, must be suppressed.-Collingwood Bulletin.

Examine them carefully and you'll probably find corns. Whether hard, soft or bleeding, apply Putnam's Corn, Extractor. It's painless, it's sure, and above all quick to act. Insist on only "Putnam's."

POSTAL CHANGES.

The following important changes in the Imperial penny and foreign postal rates went into effect on the first of October: The postage on letters to Great Britain, Egypt and all parts of the British Empire, except Australia and Rhodesia, which has hitherto been 2 cents per 1/2 oz will be 2 cents per oz., Australia and Rhodesia not having signified their adhesion to this change, the rate on letters to these colonies will be, as hitherto, 2 cents per 1/2 oz. The postage on letters to Postal Union countries, with the exceptions above mentioned and United States and Mexico will be 5 cents for each letter one oz. or less. On letters weighing more than an oz the postage will be 5 cents for the first oz. and 3 cents for each subsequent oz. or fraction thereof.

"BLUE DEVILS"

Get Rid of Indigestion and Things Will Look Bright and Joyous.

Even in the present era, of prosperity and good times everything appears black to those people who are suffering wretchedly from some form of indigestion. Where digestion is quick, complete and easy there is a joyous and hopeful outlook, but indigestion causes depression.

The want of a safe, effective cure for sick headache, indigestion and stomach troubles, was always felt until the prescription known as Mi-o-na stomach tablets was put up in popular form and proved its invariable success in the many forms of indigestion.

After a few days use of Mi-o-na stomach tablets the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating, -all these symptoms of a weak digestion and a good skin will show that the vital machinery is once more running smoothly.

Mi-o-na is to be taken before each meal and it will stimulate the secretive and digestive juices and strengthen the whole of the digestive system so that the unpleasant full feeling will be absent and indigestion prevented.

We absolutely agree that your money will be refunded should you buy a 50 cent box of Mi-o-na stomach tablets and not be satisfied with the results. Mi-o-na is sold by druggists everywhere, or will be sent by mail on receipt of price, 50 cents. Booth's Miona Company, Buffalo, N. Y.

How to Cure a Cold

The question of how to cure a cold without unnecessary loss of time in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale at Parker's Drug Store.
