WE TELL NO LIES

About selling below cost and other such nonsense. What we say, we do, and we believe we are giving as good value for the money as in any house in town.

What we do

In Blankets, Tweeds, underwear, Prints, Cottons, Flannels, Flannelettes, and groceries of all kinds is to sell at a very low margin of profit for cash or trade.

Look! Look!

Saturday next commencing at noon we will continue to sell. Lineolium and Oil-cloth at great reductions dont miss this opportunity.

Help wanted.

CARETAKER WANTED FOR Durham Public School. Outline of duties may be seen at J. P. Telford's office. Apply in sealed envelope, marked "tenders" before October 31st to C. RAMAGE, Secretary.

TIME is passing rapidly. Only two months more till the days are at their shortest. It seems but a short time since last Christmas and here we are again within a few weeks of the festive season.

GIRL FOR ADOPTION.

I have a daughter nine years old for whom I wish a good home in a respectable Protestant family, where there are no other children. The girl is now at the home of Julius Caesar, Durham, where she may be seen. Persons wishing to adopt a child will oblige by calling on me at as early a date as possible at Mr. Caesar's.

ROBERT DAY.

Oct. 16, 2 pd.

Flesherton

The annual fowl supper of the Women's Institute here was given at Mrs. Fred Hickling's on Wednesday evening of last week and was a very enjoyable event. The ladies, as is their custom, had a magnificent spread, which they shared with their husbands, and the company, about fifty in all, had a pleasurable time at the festive board as well as during the after part of the evening, which was of a very social character. The Institute here is a live organization, constantly growing in numbers and in interest.

On Thursday last Mr. and Mrs. Will Bentham, of this place, celebrated the first anniversary of their wedding, and in the evening were given a pleasant surprise by about twenty-five of their young friends, who unceremoniously took possession of their home to tender congratulations and assist in the celebration. After baskets had been relieved of dainty refreshments the evening was very enjoyably spent by the company, who departed wishing the young couple many wedding day anniversaries.

Mr. Wm Trimble had a fine granite monument erected in the public cemetery last week to the memory of his father, the late Robert Trimble, Esq. Others who have recently had monuments erected are Mr. Malcolm Kennedy and Mr. Robert McKee to the memory of their wives, and Mr. James Neilson his daughter. Mr. W. T. Pedlar is having a monument erected at Salem to the memory of his daughter Elsie, recently deceased.

While on a pleasurable visit one afternoon last week with the host and hostess of the very neatly kept Park House, your correspondent spent some time interestingly examining the day book of the late Robert Trimble, whose store accounts with the residents of this township are there recorded. The book is a highly prized memento now preserved by the deceased gentleman's son. £ s. d. was then the currency used. A common article of merchandise fifty years ago was "toddy" entries for which in some accounts appear with remarkable frequency. Tallow candles were then, too, apparently much used, but the changing times to the better have driven "toddy" from the store counter and modern light has blotted out the tallow candle.

The Presbyterian General Assembly having set apart Sabbath last specially for Home Missions, Rev. G. C. Little, of this place, brought the subject before his congregations in an interesting manner, basing his able discourse on Matt 28: 19. Mr. Little having spent several years on Home Mission fields in New Ontario and Manitoba has the work much at heart and earnestly placed before the people the needs of that work and the needs of self-sacrificing men who are giving their best to the church. An increase in behalf of missions is expected here this year.

Rev. G. W. Hewitt, of Orangeville, again supplied the Methodist pulpit on Sunday last, and with his usual earnestness preached thoughtful and instructive sermons.

At the regular meeting of Prince Arthur Lodge A. F. & A. M. on Friday evening last a resolution was

adopted conveying the sincere sympathy of the lodge to Mr. A. S. Vandusen in his present severe illness. We are pleased to be able to report marked improvement in his condition this week. Dr. Carter is giving the case close and skillful attention.

Mrs. Wilson McMullen, west bank line, is, we are pleased to learn, recovering from severe illness.

Mrs. Archie Boyd has been confined to her home for two or three weeks suffering severely with bronchial trouble. We hope soon to learn of improvement.

Mr. Wm. Large, who has been at work on the Richardson drug store, was last week seized with a very severe attack of lumbago. Mrs. Large has been with him for a few days at the Munshaw House.

Principal Heath, Trustee Bellamy and Miss Jennie Wilson, here, and Mr. Campbell, teacher in No. 3, east of the village, attended the Convention at Durham last week. Miss Young and Miss Kane, of the staff here, remained at home and taught as usual.

Mrs. Hanbury, of Dandak, has numerous friends here who deeply sympathize with her in her renewed bereavement by the death of her daughter, Mrs. R. J. Burdette, at Regina, on Friday last. The remains are being brought home for interment on Thursday. The deceased, who was in her 81st year, and married three years ago, was a very estimable young woman.

We thank the Chronicle editor for a beautifully bound copy of Rev. H. T. Crossley's "Practical Talks," which we are reading with profit and pleasure.

The Methodist choir were at Loistage on Monday evening assisting in their church anniversary entertainment.

Your Cor. is indebted to Mr. Jos. Buchanan for a very generous treat from his orchard and garden sent to us on Monday.

Mrs. Chas. Fisher and Mr. Fred Fisher, of Hamilton, visited the former's nephew, Mr. Lou Fisher, part of last week.

Mr and Mrs. Geo. Mitchell were at Meaford over Sunday visiting the latter's brother.

Miss Minnie Munshaw has been spending a few days with friends at Owen Sound.

Mr. Wm. Smith visited old friends here last week and left for his home at Buffalo on Monday.

Mr. M. K. Richardson was at Hanover last week in the interests of Children's Aid work.

Mrs. Richardson left last week to visit her daughter, Mrs. (Dr) Webster, in Toronto.

Miss Gertie Bellamy has returned from visiting her sister at Markdale.

Mrs. Geo. Wright and little daughter, of Vandeleur, who passed through the recent Caledon wreck, were accompanied by Mr. Wright, visitors at Dr. Carter's on Wednesday of last week. Mrs. Wright was severely injured, and we were pleased to see her sufficiently recovered to drive the distance she came.

Mrs. T. Short, of Linwood, visited her brother, Mr. John Runstadler, the past week. Mr. Short and children and Mr. Runstadler's brother, Joseph, of Linwood, also visited from Saturday till Tuesday.

Quinsy, Sprains and Swellings Cured

In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Cham Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale at Parker's Drug Store.

One Hundred and Twenty-Five Feet of the New Railway Disappears in a Night.

IS IT THE BOTTOMLESS PIT ?

Supposed to be a Subterranean Lake.

(From our own correspondent.)

A certain part of the new C. P. R. road now under construction is at present the cause of some comment. The farm which the road runs through is owned by Mr. John Best and is all swampy, low lying land. About the middle of this swamp the track has disappeared entirely for about 125 feet long by 20 feet in width. At this very spot there was a fill of 5 feet, but it is not there now. Water is all that is visible.

The track has been lifted and laid to the south side of the hole and two ballasting engines are busily engaged hauling material to fill the spot up again to the grade level, if such a thing is possible. Two days dumping has not made much show although on Tuesday morning about 20 men were engaged shovelling the dirt from the cars into the hole, and they said that it was getting narrower. If it can't be filled there is no other alternative but to change the route at this point, which will mean quite a loss of time and money to the company.

Hardening Arteries.

Arteriosclerosis, the thickening and hardening of the artery walls, is one of the most common causes of death. It is indicated by increased or lessened blood tension in the arteries, and when the sphygmometer reveals such condition Professor d'Arsonval, the eminent Frenchman of science, applies six baths of a high frequency electric current. Such applications, it is claimed, completely restore the normal blood pressure. The baths, of five or ten minutes each, may be taken three times a week, and they cause no inconvenience or disagreeable sensation.

Tea Drinking in China.

Nothing tends so much to keep down mortality in China as the habit of drinking hot tea instead of possibly contaminated well water. Tea to a rich Chinaman means concentrated tea, costing 10 cents an ounce; to the poor it is hot water with a few tea leaves dipped in and to the very poor simply hot water. It is significant of the increased wealth in the country that the majority of the lower classes, who heretofore could only afford hot water, are now indulging in actual tea.
